GOODYEAR

## ATOMIC EDITION

THE BEST IS YET TO COME

VOLUME I

PIKE COUNTY, OHIO, WEDNESDAY, JANUARY 20, 1954

NUMBER 4

### LITTLE MARGARET HAS FIRST PICTURE TAKEN

Little Margaret Allison James was the first child born in the Knoxville area in 1954. With the first arrival are the parents, Mr. and Mrs. Dave James. The father joined Goodyear Atomic on January 1 as an employee of the computing section of the uranium control department.

### FIRST CHILD BORN AT KNOXVILLE IN NEW YEAR IS DAUGHTER OF GOODYEAR FAMILY

A Goodyear Atomic family walked off with a couple of "firsts" on that traditional day of the New Year.

For the Dave James family, New Year's Day brought a new baby girl, Margaret Allison, the first child born in the Knoxville, Tennessee area on New Year's Day, and also the first day on which the proud father became an employee of GAT.

Little Margaret, who weighed seven pounds, 12 ounces, was born at 12:45 a. m., January 1, in the St. Mary's Hospital, Knoxville, Tennessee.

Dave, who until December 31, 1953, was employed by the Carbide & Carbon Chemicals Company, assumed his new duties with GAT on January 1, as a supervisor of the computing section of the uranium control department.

He was graduated from the Massachusetts Institute of Technology as a chemical engineer. Mrs. James is a graduate of the University of Chattanooga with a major in chemistry.

Another family first was the fact that little Margaret is the first grandchild for either of the grandparents.

### THE WRITTEN WORD

"I am a strong believer in transacting official business by THE WRITTEN WORD. No doubt, surveyed in the aftertime, much that is set down from hour to hour under the impact of events may be lacking in proportion—or may not come true. I am willing to take my chance of that."—From "Their Finest Hour" by Winston Churchill.

### Dr. R. M. Andre Assumes Duties As New Goodyear Atomic Medical Director

Dr. Robert M. Andre of Waverly has assumed his new duties as medical director for the Goodyear Atomic Corporation.

Dr. Andre, a native of Pike County, received his under graduate training at Ohio University, Athens, and his medical degree from Ohio State University.

Upon completion of his medical training he entered the armed forces in World War I and served overseas with the 499th aero squadron.

Dr. Andre, following his discharge from the services, returned to Waverly where he resumed the general practice of medicine and surgery.

In 1942 he was appointed super-

DR. ANDRE

visor of the medical section of the Industrial Commission of Ohio. He held that position until December, 1953, when he resigned to accept the position of medical director of the Goodyear Atomic Corporation.

Dr. Andre is a member of the (Continued on page 3)

### Goodyear Atomic's Two Christmas Parties Attract More Than 2,000

Many children of Goodyear Atomic employees and their parents were on hand to greet Santa Claus at the Center Theater in Oak Ridge on Saturday morning, December 19th.

Dick Stambaugh, Chairman of the Christmas Party, praised the work of the committee and all the others who helped to make the party a huge success. It was estimated that more than 70 children were present.

The big program got underway at 9:30 a. m. The red costumed gentleman from the North Pole was the delight of the children.

The children also enjoyed the live entertainment which included Christmas Carols sung by Ann and Carol Carter and the accordion music by Lee Bevel. Following the entertainment, Art Wernecke led the audience in carol singing and Don Francis extended the company's Christmas greetings to the Oak Ridge Goodyearites.

Santa Claus, portrayed by W. O. Wuerch, had his elves helping him. They were I. A. Smith and G. T. Cooke, who presented the gifts and candy to all the children. In addition to the gifts and candy, there were cartoon movies, popcorn, and the traditional Christmas tree which the children and adults alike thoroughly enjoyed.

### Connery Awarded 15 Year Pin For Service

Dave Connery, supervisor in shops maintenance, was presented with his 15-year service pin January 6, by Division Manager W. A. Brown.

The presentation was made to Connery while he was here on business from Oak Ridge.

Connery graduated from high school in Akron and later attended the University of Akron, where he earned his bachelor of science degree in mechanical engineering.

Connery went to work in Goodyear's Akron plant, and was transferred to Goodyear Atomic Corporation from Goodyear Aircraft where he was a section head in plant engineering.

### EDWARDS IN HOSPITAL

Edward Edwards, who has charge of Goodyear Atomic Corporation's pre-employment testing, is suffering from an arthritic condition.

He is showing some improvement at the Veterans Hospital, Huntington, which he entered December 17.

The first annual Christmas Party held Saturday, December 19th, 1953, for Goodyear Atomic Corporation personnel and their children was a great success. Parents and their children began to arrive at the Waverly High School, scene of the party, a full half-hour before the official opening time of 2 o'clock.

The children went immediately to the auditorium where they were shown cartoon moving pictures. Following the movies they were taken to the high school gymnasium where they were given an opportunity to select a gift from the heavily laden gift-table display. As the children walked past the gift tables they also received candy and fruit.

### Santa Claus Busy Person

Santa Claus was a busy man during the whole time in which the party was held. A large group of children waited eagerly—in a line that was so long that it doubled back upon itself—for a chance to sit on Santa's knee and whisper their Christmas gift requests into his ear. Each child was presented with a balloon by Santa Claus that had a picture of himself stamped on it.

The Christmas party was a high point for the adults as well as the children. It was the first time that many of the Goodyear employees had had an opportunity to see many of their fellow workers at Goodyear Atomic in one large social group. Adults circulated about the gymnasium introducing themselves and their old friends to the newer members of the Goodyear Atomic family.

Between 1800 to 2000 adults and children attended this Christmas celebration.

### Mays Farthest From Home

The overall interest in the party was well evidenced by Mr. and Mrs. Bernie Mays who drove 280 miles so that they and their five children could participate in the first annual Christmas party of Goodyear Atomic.

The 20-foot lighted Christmas tree and a bell-like canopy of green and red crepe paper streamers set the stage for the Yule party.

Completing the decorations were large crepe paper bells hung every few feet around the gymnasium walls. Santa's throne was covered in green.

The party committee, all participants—and especially Santa Claus—

(Continued on page 4)

# Clan Photographer Has Busy Day At Goodyear Atomic Corporation Christmas Party

Hundreds turned out for The Goodyear Atomic Corporation's first Christmas Party held last month at Waverly. The above pictures show just a few of the many persons who attended. Picture number one shows the group milling around the large 20-foot Christmas tree, while the second photo shows Mr. and Mrs.

Fred E. Croxton, H. A. McClelland, Hugh C. Hilliard, and Gene Goodwin. In the toy line in picture number three are Mrs. Hugh Porter and Ray Collier. "What do you want for Christmas, sonny?" are the words Santa Claus asks his little guest. Picture five, shows Mr. and Mrs. Gerald Wiseman.

Atlas M. Jones Sr., Dick Jones, Mrs. J. F. Hogan, and daughter Frances, in picture six, watch Santa and children. Little Michael Rindler, in picture seven, apparently found something other than Santa Claus to look at as this picture was snapped. Father Aloys Rindler, holding Mike, is absorbed in Santa Claus

and the children. Lloyd E. Fuller, in picture eight, gets acquainted with the Tanner children, Lee Ann, left, Blanche, and Buford, as they headed toward the refreshment counter. In the background, left of Fuller, is A. S. Ostroski. In picture nine are Mrs. Phyllis Lallow and daughter, Little Cathy Holbrook, looking

pensive in picture 10, doesn't quite know what to think of the situation. The long-awaited moment by the children—the gift table—is shown in picture 11. Shown in the center of the picture are Tom Blair and his wife Mildred, who is holding their son Robin. Lois Wasil presents the toy as Paul Benner looks on.

## THE NEW YEAR

*The year 1953 has passed into history.*

*As we progress into the new year, forgetting for the moment all worries, let us resolve to pull together for all that America means to us; to do some things better than they ever have been done before; to do the right thing at the right time—and in the right way; to work for America, for the love of America; to work for each other for the love of our fellowmen; to be governed by reason rather than the rule; to be satisfied with nothing short of perfection.*

*That is one resolution that will count for much if everybody sticks to it. It's worth trying, anyway, isn't it?*

*And so, a Happy New Year to you! May 1954 be just that for you.*

The Akron Clan

## OUR GOOD NAME

*As you become acquainted with Goodyear Atomic Corporation you also will become acquainted with the four words: PROTECT OUR GOOD NAME.*

*What does PROTECT OUR GOOD NAME mean? Why did our predecessors select that phrase as being particularly meaningful?*

*OUR GOOD NAME is a legacy, true, but it has especial and significant meaning to us at Goodyear Atomic Corporation.*

*It means many things . . . dependability . . . resourcefulness . . . ability . . . adaptability . . . and many, many other things.*

*It has become meaningful over the years by painstaking effort to build the best value into our end result, to give the best that is in us to whatever we do, to treat our associates with friendly fairness and to pledge our pioneering spirit in ever-better service.*

*This precious asset—OUR GOOD NAME—can be lost if we should fail to protect it on all fronts. But, so long as each of us makes it the first order of business to PROTECT OUR GOOD NAME we can continue to improve.*

## In The Service

The military addresses of four former Goodyear Atomic employees recently have been changed.

R. C. Fleming, who has charge of military records for Goodyear Atomic, said three of the men have received new assignments and addresses while the fourth man is in the process of being transferred.

The addresses of the other three men are:

Private Robert L. Keefe,

US 52328884

9301 T. S. U. Ordnance

B. R. L. Detachment

Aberdeen Proving Ground, Maryland

Private Edward A. Schneider,

US 55442107

Co. B, 367 A. I. B., C. C. R.

3rd Armored Division

Fort Knox, Kentucky

Private Garnet Glen Ellis, Jr.,

US 55436093

4054th Enl. Stu. Det.

Barracks No. 923

A. A. & G. M. Branch, T. A. S.

Fort Bliss, Texas

Private William B. Berry, who was stationed at Fort Knox, Kentucky, is in between assignments.

## DR. ANDRE

(Continued from page 1)

American Medical Association, the Ohio State Medical Association, and the Pike County Medical Association. He is the new president of the Pike County Medical Association and will serve through 1954.

Dr. Andre also is a member of the Masonic Bodies, the University Club of Columbus, Delta Tau Delta, and Phi Rho Sigma.

## BOSTON ISA PRESENTS E. E. FORSLIND WITH NEW LIGHTER

Al Forslind of plant engineering has been presented a new cigarette lighter by the Boston Section of the Instrument Society of America. Al is a charter member of the Boston Section.

The lighter is engraved with Al's initials—"EEF"—on one side and the reverse side carries the inscription, "Presented by Boston Section, ISA 1953".

## Dysarts Name Daughter Hollie Ann In Honor Of Yule Season

The daughter born to Mr. and Mrs. James Dysart, 29 Tecumseh Drive, Chillicothe, last December 16, was named in honor of the Christmas season.

The seven-pound, 12-ounce girl was named Hollie Ann.

Jim is Administrative Assistant to A. J. Gracia, General Manager.

## Wasil-McConaughy

Lois Wasil, daughter of Mr. and Mrs. Peter Wasil, 3441 Gallia Street, New Boston, and Private Daniel V. McConaughy, son of Mrs. Carl Mosgrove of Lakewood, Ohio, will be married next month.

The wedding will take place at 9:30 a. m., February 6, at Holy Redeemer Church, Portsmouth.

Miss Wasil is employed in the security department of Goodyear Atomic Corporation. The bridegroom is an army dental technician.

## McClearn-Pearce

Roberta L. McClearn of Stoneboro, Pennsylvania, and Henry A. Pearce Jr., of the same city, exchanged wedding vows last month.

Henry is in the cascade department of Goodyear Atomic Corporation.

The church wedding was held at Stoneboro Presbyterian Church and the newly weds are now making their home in Jackson.

The new Mrs. Pearce is the daughter of Mr. and Mrs. Elliott McClearn.

## Penn-Turner

Charles Penn, a sergeant with Goodyear Atomic Corporation's police force, and Miss Eleanor Turner, 626 Glenwood Avenue, New Boston, were married New Year's Day.

The wedding was held at the Nazarene Church in New Boston.

The bride, daughter of Mr. and Mrs. Lons Turner, is employed as stenographer at Ehrman & Company in Portsmouth.

Sergeant Penn is the son of Mrs. Grace E. and the late H. H. Penn. The newlyweds will make their home at 3943½ Rhodes Avenue.

## SECURITY IS YOUR BUSINESS

## Goodyear Atomic Wives Actively Engaged In Civic Affairs; Club Formed In Chillicothe

Wives of Goodyear Atomic Corporation employees are making new friends and joining established organizations in the communities where they live.

A great many of them are newcomers to the area but they are "making themselves right at home" in such places such as Waverly, Portsmouth, Chillicothe, Jackson, and the other communities in the area.

At Lake White, Mrs. Robert Arndt, Mrs. Fred Croxton, Mrs. H. A. McClelland, Mrs. G. H. Reynolds, and Mrs. W. M. Armstrong have become active in such groups as the P. T. A., Volunteer Red Cross Workers, Church activities, and the Grey Ladies. The latter group donates its time to the Veterans' Hospital in Chillicothe.

It is a similar story in Jackson and Portsmouth, where Mrs. Thomas Leary, Mrs. H. H. Stoops, Jr., Mrs. Hugh Porter, and Mrs. Lloyd E. Fuller are active in many community organizations.

### Wives Club Formed

In Chillicothe, Goodyear wives have not only joined established community service organizations, but have started a Goodyear Wives Club which meets regularly at the Warner Hotel. The first meeting which was held November 13 was arranged by the following Goodyear wives: Mrs. C. R. Bulger, Mrs. James Ake, Mrs. Nathan Hurt, Mrs. William Simpson, Mrs. Lewis Parker, Mrs. Paul F. Bliss, Mrs. Ralph Nance, and Mrs. James Dysart.

The January meeting of the club, a dessert bridge, was held January 6.

### Nominating Committee

A nominating committee composed of Mrs. C. R. Milone, Mrs. Paul F. Bliss, and Mrs. Harold Kelley submitted a slate of names to the

meeting from which the following officers were elected:

Mrs. Nathan Hurt, president; Mrs. Harold Colley, vice president; Mrs. Eugene Goodwin, secretary; Mrs. Donald B. Jones, treasurer.

Mrs. David Doner was appointed membership chairman and Mrs. William R. Simpson was appointed publicity chairman.

Mrs. Steven George, Mrs. Bernard Haas, and Mrs. Richard Davis were hostesses for the January meeting.

### All GAT Wives Eligible

The next meeting will be held at 7:30 p. m. February 3, at the Warner Hotel. The Club is open to all Goodyear women in the area.

Mrs. Hurt said every effort has been made to obtain the names of all the Goodyear wives living in the Portsmouth area. Any Goodyear wife whose name has been omitted from the mailing list is urged to get in touch with the membership chairman, Mrs. David Doner, 79 Limestone Boulevard; or phone 3-5103, Chillicothe.

Hostesses for the February meeting will be Mrs. William Brown, Mrs. Anthony Hitchcock, and Mrs. Frederick Irwin.

### Reservations Committee Named

The reservations committee for the year will be Mrs. Steven George, 502 West Second Street, Mrs. A. Davis, Tecumseh Drive, and Mrs. Hugh Hilliard, Club Drive.

Reservations for all meetings must be made no later than Monday evening preceding the meetings.

Prizes for bridge at the last meeting went to Mrs. Lewis Parker and Mrs. William R. Simpson. Canasta prizes went to Mrs. Raymond Almon, Mrs. Richard Davis, Mrs. Darrell Ellett, and Mrs. Samuel Swift.

## BRIDGE CLUB FORMED

A bridge club for Goodyear Atomic personnel and their families is now being formed.

The meetings will be held at the Lake White Club, located on the north side of Lake White.

The meeting night will be decided at the January 19th, meeting.

Anyone interested in playing—or learning to play—bridge can obtain full details by contacting the Goodyear Atomic recreation department, Extension 963 or 964.

## Two Children's Garments, Left At Waverly Party, Being Held

Two children's garments were left at the Waverly gymnasium following Goodyear Atomic's Annual Christmas Party last month.

One garment was a blue snow suit with suspenders and a side zipper. The other was a brown hat with three white buttons in the front and a chain strap.

The clothing can be claimed by getting in touch with Dick Jones, supervisor of recreation, in the Goodyear Personnel Building.

## Classifieds

FOR SALE—The following Stork-line items for \$20: baby bed with new mattress; practically new high chair; stroller and play pen all in good condition. HELEN LEWIS, 1314 Grandview Avenue, Portsmouth, telephone 5-0971.

# Bridging The Ridge

By V. J. DeVito

Clan's Oak Ridge Correspondent

## McBRIDE RECEIVES 15 YEAR PIN

Joe McBride marked another milestone in his career on December 28, when he received his 15 year service pin. Joe started with Goodyear back in 1938. He was employed in the cost department at the Akron plant. In 1942, he transferred to the St. Mary's plant where he remained until entering the armed forces in 1942. Three and a half years later he returned to the cost department in Akron. In 1946 he went to perform similar duties at the New Bradford plant. He was transferred back to Akron in 1952 to work in the general auditing department. He remained there until his transfer to GAT on September 1, 1953. Joe now is employed as a supervisor in the S. F. accounting section, uranium control department of the development engineering division. He attended the University of Akron and Akron Law School. He is married and is now on assignment in Oak Ridge where he is residing with his wife and two children.

## Secretary Weds

Mary McDougal, secretary to Division Manager D. H. Francis, in the Goodyear training office, exchanged nuptial vows with Edwin Trimbel in a home wedding on January 1. Following a honeymoon tour of Kentucky, the bride returned to Oak Ridge to resume her duties in the training office. The groom returned to Fort Jackson, South Carolina to complete his tour of duty in the U. S. Army.

## Christmas Dance

The Oak Ridge Country Club was the setting for the Goodyear Wives Club Christmas Dance on December 19. Over 40 Goodyear Atomic couples danced gaily in the club's spacious ballroom. Expertly decorated in a Christmas theme, the ballroom was an excellent background for promoting congeniality. This was the first opportunity many of the Goodyear wives had had to become acquainted.

A buffet supper was served to the gay and sociable group.

Special praise, and a vote of thanks, was extended to the committee members who worked to make the dance a success. Committee members included: Mrs. Leonard Wise, Mrs. Donald Francis, Mrs. Roy Brown, Mrs. John Daulton, Mrs. Robert Roe, Mrs. William Shields, Mrs. James P. Glenn, and Mrs. Robert A. Hook.

## Reassignments

The following personnel have been reassigned and are returning to the Portsmouth Area this month:

Those who will reside in Waverly include:

R. E. Deist, of the production division, and family.

A. B. Davis, of the development engineering division, and wife.

T. R. Phillips, of the laboratory division, and family.

K. C. Davis, of the production division, and wife.

V. F. Giulitto, of the development engineering division, and family.

J. P. Glenn, of the development engineering division, and family.

R. A. Hook, of the laboratory division, and family.

V. J. DeVito, of the development engineering division, and family.

Sol Schneider, of the laboratory division, and wife.

J. Scribner, of the production division, and family.

M. Grundvig, of the development engineering division, and family.

J. Feuerbacker, of the development engineering division, and family.

R. E. Phelps, of the production division, and wife will move into a new home at Lake White.

Chillicothe:

Roy Brown, of the development engineering division, and family are moving into their new home on Fruithill Drive, Brewer Heights, Chillicothe.

The following personnel have been assigned to Oak Ridge for further training:

G. Toto, production division.

C. Warren, development engineering division.

J. R. Davis, production division.

D. H. Miller, production division.

B. V. Adams, maintenance division.

C. Traxall, maintenance division.

R. C. Warner, development engineering division.

## Wernecke Loses Thumb Tip

It isn't often that a car door is used to snip thumb-ends off, but that is what happened recently to Art Wernecke, superintendent of the uranium control department. Art was busy scraping the frost off his car windshield on one of those warm winter mornings that we so enjoy in Oak Ridge, when his thumb slipped over the door frame. At this opportune moment, or should I say inopportune moment, a fellow employee slammed the car door shut. Well, it cut the end of that thumb off "slicker than a whistle". Those are Art's own words too. At any rate, to make a long story short, Art hops over to the hospital and has a new thumb end put on, and so today Art is one of the few people in this world who is wearing part of his upper arm on the end of his thumb.

## CHRISTMAS PARTY

(Continued from page 1)

are to be complimented upon the organization of the affair.

Everything from the public address system to the gaily decorated hall and the well organized social program worked toward making the first Christmas Party a huge success.

# GAT INTRAMURAL BASKETBALL SEASON STARTED

## Wade Cormany Wins All-County Berth At Former High School

The son of a Goodyear Atomic employee who made one of the All-County football teams in Alabama expects to play football in Ohio next fall.

He is Wade Cormany, who made the 1953 All-County football team at Gadsden, Alabama. He is the son of Mr. and Mrs. Lee Cormany. Lee is a supervisory training conference leader in GAT's training school.

Wade was named to the defense unit by the coaches of the three largest schools in the county. Gadsden's population is about 60,000.

Wade was the lone sophomore selected on either the offensive or defensive units. He weighs 175 pounds and is five feet, eight inches tall.

This is Cormany's first varsity letter as he was moved up from the Gadsden reserve ranks to make first string during the season.

The boy's father, who was transferred to GAT from Goodyear's plant in Gadsden, sold his home there last month and expects to move his family, including the star football son, to the Portsmouth Area this month.

## Pete Jansen Grows Beard For Part In Theater Play

Pete Jansen of the production division is not, as might be suspected, joining the House of David basketball team.

That beard he is in the process of growing is for the role he has in the next production of Portsmouth's Little Theater play, "The Barretts of Wimpole Street", by Rudolph Besier.

Pete plays the role of Henry Beven, who is romantically interested in a cousin of the Barrett family.

Another Goodyear Atomic employee is working with the play.

He is Training Instructor Bob Stone who is assistant to the director, Demarest Polachek. Stone also is stage manager for the play, which will be given at 8:30 p. m. the nights of February 4 and 6 in Portsmouth High School auditorium.

## THIRD DAUGHTER FOR DIEHLS

A third daughter was the best Christmas gift Mr. and Mrs. Richard Diehl, 1739 Charles Street, Portsmouth, received during the holiday season.

The new member of the Diehl family was named Deborah Lee. She was born at Mercy Hospital, December 22. Mother and daughter were discharged from the hospital on Christmas Eve.

The father is employed in the standard practice department of Goodyear Atomic Corporation.

## Maintainers Take Bowling Lead; Steve George Holds High Individual Average

The tight race for bowling honors in Goodyear Atomic Corporation's Chillicothe bowling league continues.

At the end of the 13th week of kegler competition the Maintainers have eked out the first spot by a slim two point margin.

They have won 22 games and lost 17 for a high point score of 29.

Close behind are the Vacuums with 27 points obtained by 19 wins and 20 defeats. They are followed by the Industrial Relations with 24 points on an 18-won-21-lost basis and the Operators with 24 points on a 17-20 won and lost series.

Individual pacesetter for the bowlers is Steve George of the Maintainers whose average is 168.

Fred Pickens still holds the high score of a single game of 224 and a three game series high of 612.

## Five Games Remain On GAT Basketball Schedule In Second Round Action

Five games remain to be played by Goodyear Atomic's basketball team in the second round play of the Portsmouth Industrial League.

At the time this report was written the team had won two games and lost four in the first round competition.

Charles Gooch, coach of the team, said with a single exception the losses suffered have been close games.

He said he was pleased with the showing and feels that it has progressed considerably since the court season started.

The remaining five games on the schedule are Peter Kiewit Sons' Co. on January 25; Selby Shoes, January 26; Marine Corp. Reserve, February 1; Ideal Milk, February 4; and Kay Jewelers, February 11.

The games are played in the Wilson or Scudder gymnasiums in Portsmouth.

Employees are urged to lend support to the team by attending the games.

## SECURITY IS YOUR BUSINESS

Goodyear Atomic Corporation  
P. O. Box 628  
Portsmouth, Ohio

## Five Teams Entered In Portsmouth Play

Intramural basketball has been launched by the Goodyear Atomic Corporation's recreation department. Five teams make up the corporation league.

The teams play at 6:45 p. m. on Tuesday at the Trinity Methodist Church gymnasium in Portsmouth.

The league started January 19th, and will run for ten weeks. Five weeks of play will constitute a round.

Dick Jones, supervisor of recreation, said the teams will play two rounds with the championship being decided by a playoff of the first and second round winners.

### Five Teams In League

The five teams making up the league are: The "Radioactors", "The Wheels", "The Flatfoots", "The Atom Smashers", and "The Isadopes". Team membership is as follows:

#### Radioactors

Radioactors; Captain Stearling Le-master, Gene Harris, Marvin Sexton, Roger Jackson, Myron Williams, Forrest Crumm, Bill Miller, Walter Weeks, Hugh Ruel, Shirley Wilson, Bob Childers, and Norbert Vulgamore.

#### The Wheels

The Wheels; Captain Dick Nourrot, Bob Allen, Harry Mecham, Fred Chase, Ed Ellis, Herb Bullard, Bob Stone, Ray McNaughton, and Art Cardenas.

#### The Flatfoots

The Flatfoots; Captain Edward H. Tepper, Richard Dobbin, E. V. Clark, Orlando Vito, Georg Benzingger, John Sluss, John Mooney, Dick Keates, Bill Pearson, and Terry Crisp.

#### The Atom Smashers

The Atom Smashers; Captain Atlas Jones, Co-captain James Scott, M. R. Adkin, Charles Flaig, Bill Melvin, B. M. Patrick, and D. E. Gilmore.

#### The Isadopes

The Isadopes; Captain C. Kinker, Cecil Cottle, Clay Cottle, H. Everett, A. Faris, R. Gaura, D. Zelinski, R. Wagenblast, and T. Taulbee.
