GOOD YEAR

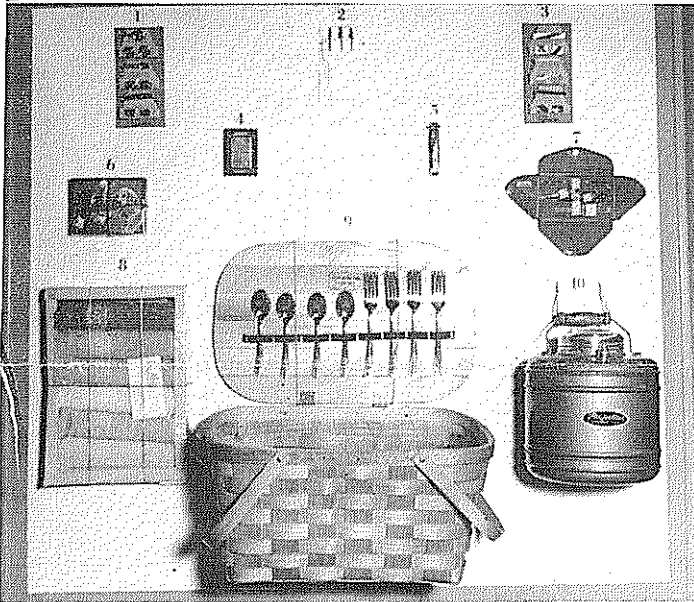

## ATOMIC EDITION

THE BEST IS YET TO COME

VOLUME II

PIKE COUNTY, OHIO, WEDNESDAY, FEBRUARY 16, 1955

NUMBER 5

THE SAFETY AWARDS COMMITTEE meets with Howard L. Caterson, superintendent inspection and safety subdivision, seated left, to discuss potential safety awards. Committee members present for the meeting were, left to right, Caterson, G. H. Poole, D. B. Marshall, H. A. McClelland, R. H. Gillespie, J. C. Barnes, and R. W. Reese. Standing, left to right, are: C. R. Bulger, V. S. Emler, C. D. Kistler, C. Parrish, C. A. Cottle, A. E. Violet, and G. R. Stone. Committee members not present when the picture was taken are: H. H. Kenny and R. W. Howard. Left, are the various items from which the safety awards were selected. They are: (1) cuff link and tie clasp set; (2) 3-color pen set; (3) cuff link and tie clasp set; (4) cigarette lighter; (5) pocket knife; (6) playing cards; (7) manicure set; (8) towel set; (9) picnic basket; (10) picnic thermos.

### Committee Selects Official Safety Awards

Display posters showing the potential safety awards have been distributed.

From the 10 items shown on the poster, the Safety Award Committee has selected 4 official awards.

- Picnic Basket
- Manicure Set
- Three Color Pens Set
- Picnic Jug

IBM cards will be distributed to all employees of Goodyear Atomic Corporation eligible to receive a safety award and each person then may indicate his individual choice.

The safety awards are being presented to GAT employees in recognition of the very fine safety record they established between January 10, 1954 and December 11, 1954, a total of 334 days when 3,229,178 manhours were worked without a lost time accident.

#### Selection Made

The safety awards committee, which consists of the Superintendent of the inspection and safety subdivision and two representatives from each GAT division made its selection after employees had had the opportunity to make known their wishes to their divisional representatives.

The most popular items were considered by the safety award committee for selection as the official awards.

### OU Branches Launch Second Half Classes

A school at home might be the term to describe the two branch colleges of Ohio University located at Portsmouth and Chillicothe.

Classes for the second semester at the two branches were started Monday. Many subjects are offered. English, biology, economics, human relations, social problems, engineering drawing, mathematics, and business courses are just a few of the many that are taught.

Another course in which many GAT employees are interested is the nuclear physics class scheduled in Portsmouth. Three hours credit is given for the course which meets on Tuesdays at 7 p. m. during the second semester.

The two branches have extended an invitation to GAT employees to look over, and perhaps enroll for, some of the courses being taught.

### LEADERSHIP IS NEEDED FOR AREA BOY SCOUTS

"Leadership is more important than money" to the Boy Scout movement in the Portsmouth Area. The Boy Scout executives have said that there are many boys who are anxious to participate if troops can be formed. However, without leadership on all levels the boy's interest can't be fulfilled.

A recent canvass of the four-county area has shown that some GAT employees are already active in the Boy Scouts in their home towns. But additional leadership is necessary.

Why not volunteer right now to help a group of boys help themselves through the scouting program? If you want to help but need training, the scout executives will assist you to prepare yourself for the satisfying experience of working with boys.

Trained or untrained you are needed now! Register your interest in the Boy Scouts by calling the Community Relations Department on extension 467.

### Checks Now Printed On IBM Cards

#### Contract Negotiation Held At Portsmouth Area Plant

Contract negotiations between Goodyear Atomic Corporation and the United Gas, Coke, and Chemical Workers of America, CIO, Local 689, are being held at plantsite.

The initial meeting between representatives of the two was held February 1. The meetings will continue to be scheduled at the plantsite until an agreement is reached.

#### Bargaining Committees

The Union Bargaining Committee representatives are: H. A. Adkinson and A. W. Bragg of the International Organization with the local union being represented by E. T. Crace, Department 732, president; J. B. Adamson, Department 732, vice-president; E. E. Flinders, Department 810, trustee; V. W. Montavon, Department 724 and C. C. Day, Department 424.

GAT's Bargaining Committee consists of H. C. Hilliard, manager, industrial relations; W. A. Brown, manager, maintenance and plant engineering; D. L. Francis, manager, development engineering; L. D. Hochberg, shift superintendent; C. L. Jenkins, superintendent, materials and services; D. W. Doner, superintendent, personnel services; L. E. Fuller, superintendent, employee relations, and J. W. Rigrish, industrial relations division.

#### Need Proper Care In Handling; Need Correct Signature

GAT employees are now being paid with pre-numbered checks printed on an IBM card. The new procedure has been adopted to speed up the preparation, processing, and recapitulation of the payroll by both the company and the bank.

In order to accomplish these purposes, there are certain instructions relating to your handling of the check which must be followed.

#### Do Not Mutilate

The check should not be mutilated in any way. The check should be folded only on the indicated "fold" lines. When properly folded the check will fit into any wallet. Improper folding or exposure of the check to excessive dampness or heat causes major problems in processing the checks through the accounting machines.

Here are just a few of the problems encountered in relation to checks. Some checks are cashed without endorsement by the employee, others have the endorsement printed rather than written and still others are signed by another individual, such as a wife signing her husband's name.

#### Suggestions

The finance division offers the following items to employees as suggestions in depositing or the cashing of the payroll checks:

First: If you are sending the check to the bank for deposit to your account, it should be endorsed:

"For deposit only"  
(employee's name)

Endorse the check, in a written signature, *exactly* as it is drawn on the face of the check.

Second: If you are cashing the check at a bank, grocery store, etc., don't endorse it until you are about to receive the cash. You should never endorse your check in blank. If the endorsed check is lost, the finder would be able to cash it.

Third: If you want to endorse the check to your wife, husband, or someone else, endorse it:

"Pay to the Order of"  
(person's name)  
(employee's name)

Even then the person to whom the check is made payable should not endorse it until such time as that person is in the bank, the grocery store, etc., and about to cash it.

(Continued on page 3)

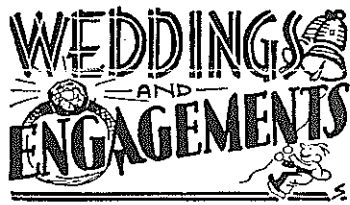

### GAT Blood Supply Is Assured; 280 Pints Donated At Last Visit

Employees of GAT donated 280 pints of blood when the staff of the Huntington Regional Blood Center visited the plantsite last month. The visit was conducted under the auspices of the Pike County Chapter, American Red Cross. The donation was the first to be made by GAT employees under the ARC Blood Bank Program for corporations or registered groups of individuals.

Goodyear Atomic Corporation, under the new program, will receive credits equal to 70 percent of the total donations with the remaining 30 percent being held by the American Red Cross for its nationwide program. The newly organized Blood Bank will assure all of GAT's family that an adequate supply of blood will be available for the employee and his immediate family should the need occur.

THESE WOMEN ARE THE NEW OFFICERS who will direct the GAT women's clubs of Waverly, Jackson, and Chillicothe for the coming year. Officers of the Chillicothe club, upper left, are: Mrs. Nathan Hurt, past president and member of the advisory staff; Mrs. Robert Rutherford, president; Mrs. Paul Seufzer, secretary; Mrs. Bernard Haas, vice-president, and Mrs. Edward Caruthers, treasurer. Jackson officers, center, are from left, Mrs. L. M. Crow, treasurer; Mrs. William Clements, second vice-president, and Mrs. Robert Gillespie, president. Standing are: Mrs. Robert Mayfield, left, assistant secretary-treasurer, and Mrs. Warren Rogers, first vice-president. Absent when the picture was taken were Mrs. Louise Hochberg, recording secretary, and Mrs. Glenn Maranville, corresponding secretary. Waverly officers, left to right, are: Mrs. Andrew Walder, vice-president; Mrs. William Armstrong, president, and Mrs. Louise Dixon, membership chairman. Standing are Mrs. Robert Manning, left, secretary, and Mrs. Henry Steinhauer, treasurer. Mrs. Robert Swick, publicity chairman, was absent when the picture was taken.

### Conley—Booth

Miss Madge Conley of Portsmouth, Ohio was married to Mr. Clyde Booth of New Boston, Ohio in a quiet ceremony at the home of the bridegroom's sister, Mrs. Clyde McCleese, in Marion, Ohio on January 22, 1955. Mrs. Booth is currently employed in the Works Laboratory, Department 617, and Mr. Booth is an employee of the Detroit Steel Corporation of New Boston.

### Morgan—Mays

Newlyweds, Mr. and Mrs. Robert Mays are making their home in Lucasville. They were married January 22 in the Lucasville E. U. B. Church. Mrs. Mays, daughter of Mrs. Oneida Meeker of Minford, Route 1, is in Department 351. Mays, son of Mr. and Mrs. William E. Mays of Lucasville, Route 2, is in Department 514.

### Brubaker—Roach

Mr. and Mrs. Brubaker, of South Point, Ohio, are announcing the engagement and forthcoming marriage of their daughter, Dorothy Ann, to Alphonse E. Roach, Jr., son of Mr. and Mrs. A. E. Roach, of Bakerton, Pennsylvania.

Dorothy is employed in the electrical and instrument maintenance subdivision. Roach is in the process equipment inspection department.

### Roberts—Yost

Miss Madgalene Roberts, daughter of Mrs. Dortha Roberts, of Paintsville, Kentucky, and Oscar P. Yost, son of Mr. and Mrs. Esten Yost, of Johnstown, Pennsylvania, were married last month in Paintsville.

Yost, who has a B. S. Degree in education from Madison College, Harrisonburg, Virginia, is employed in GAT's security department.

### George—Grundvig

Miss Geraldine George, daughter of Mrs. Myrtle Emrick, of Waverly, and James F. Grundvig, son of Mr. and Mrs. Lester Grundvig, of Wellington, Utah, were married recently in Ashland, Kentucky.

Grundvig is employed in Department 823.

### Torrence—Shelton

Mr. and Mrs. B. M. Torrence of Kenova, West Virginia announce the engagement of their daughter, Etta Jean, to Thomas Earl Shelton of Oak Ridge, Tennessee. The wedding will take place on June 11, 1955 at Oak Ridge. Miss Torrence is employed in the Works Laboratory, Department 617 and Mr. Shelton is a student at the University of Tennessee.

### Adkins—McHenry

Mr. and Mrs. Melvin Adkins, of Wheelersburg Route 2, are announcing the engagement of their oldest daughter, Betty June, to Emil L. McHenry, son of Mr. and Mrs. Edward C. McHenry, of Wheelersburg, Route 2.

Betty is employed in GAT's accounts payable department. McHenry is serving in the U. S. Navy at Portsmouth.

### Blair—Daloisi

Miss Jean Blair and Perry J. Daloisi were married Saturday, February 12, in Holy Redeemer Church, Portsmouth.

Mrs. Daloisi is the daughter of Ray Blair of Portsmouth. Daloisi is the son of Mr. and Mrs. Cosmo Daloisi, of Steubenville, Ohio.

Daloisi, who has a BS Degree in Chemistry from Steubenville College, is in Department 615.

They are making their home in Portsmouth.

### Fisher—Buckley

Mr. and Mrs. E. S. Fisher, of Waverly, announce the engagement of their daughter, Betty, to Chester Buckley. He is the son of Mr. and Mrs. Ben Buckley, of Reedsville, Ohio.

Betty is employed in engineering records. Buckley is engaged in farming.

### Hilliard—Chandler

Mr. and Mrs. Hugh Hilliard, of Chillicothe, have announced the engagement of their daughter, Joann Isabelle, to John Allard Chandler, son of Mr. and Mrs. Gilbert Allard Chandler, of Chillicothe.

Miss Hilliard, whose father is manager of GAT's industrial relations division, is a junior in the College of Commerce at Ohio University.

Chandler is a senior in the College of Arts and Sciences at Ohio University.

## Program Housing Now Decontrolled

The Housing Section has been informed that the Title IX housing projects located in Portsmouth, Jackson and Chillicothe were decontrolled on January 26, 1955.

The programmed housing located in Waverly was decontrolled as of December 6, 1954.

Certificates of eligibility are no longer required and will not be issued either for rental or purchase of houses in the programmed housing projects.

The Federal Housing Administration has taken steps to protect the present occupants of rental housing by stating in its letters to the project owners that "in no event may

Thought for the day: A smile is of no value to anyone until it is given away.

Goodyear Atomic Corporation's women's clubs in the area are open to all female employees or the wife of any GAT employee.

GAT women's clubs have been organized in Waverly, Jackson, and Chillicothe. The Chillicothe club was the first of the three organized and has elected officers for its second year. Officers for the Waverly and Jackson clubs also have been elected for 1955.

#### Membership Dues And Meetings

Membership dues and meetings are as follows: Chillicothe, \$2.00 per year. Meets the first Wednesday of each month at the Warner Hotel, Chillicothe.

Waverly, \$2.00 per year. Meets the third Friday of the month at the Lake White Club.

Jackson, \$1.00 per year. Meets the third Thursday of the month at Grimes Banquet Room, Jackson.

Officers of the three organizations have extended invitations to all new women employees and to the wives of new GAT employees to join the club in their area.

Additional information can be obtained by getting in touch with any of the officers of the three organizations or by contacting GAT's recreation department.

## ISAKSSON RECEIVES 5-YEAR SERVICE PIN

Gustaf E. Isaksson, Department 532, was awarded his five-year pin this month.

The award presentation was made by Bill Taylor, superintendent, development, in the presence of Isaksson's co-workers.

Isaksson joined Goodyear February 13, 1950. He worked in machine design until March 1, 1955 developing electrical circuits and automatic controls for rubber machinery. He was transferred to Goodyear Atomic Corporation March 1, 1953.

Isaksson, who holds a BS Degree in Electrical Engineering from the University of Wisconsin, served with the U. S. Army in World War II in Counter Intelligence. He was a communications officer.

He, his wife and four children live in Jackson.

## JUST LIKE HAVING MONEY IN THE BANK

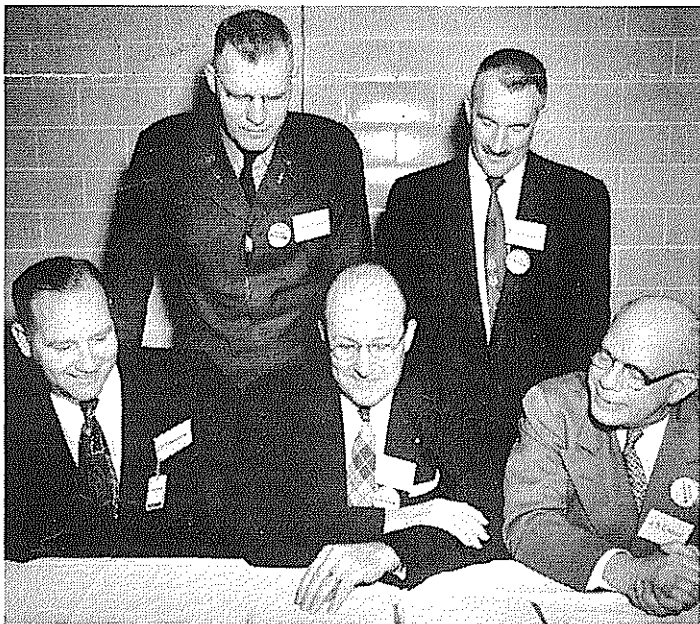

When we set aside any resource against the day when we will need it, we say "It's just like having money in the bank."

The recent blood collection at GAT was an outstanding example of employee cooperation in making available for all, the resources of the Red Cross Blood Bank. As a result of this generous gesture it is now possible for any GAT employee, or members of his immediate family, to secure any needed blood without charge and without any requirements to replace it.

Also, while insuring our own requirements, we provide, for the Nation's need, continuing amounts of blood for the preparation of many valuable constituents such as plasma, gamma globulin, immune serum globulin and others.

Continued support of the GAT sponsored Blood Insurance Program will enable us all to say—"It's just like having money in the bank."

*A. J. Gracia*

THE ADVISORY COMMITTEE ON SCIENTIFIC engineering and specialized personnel for the selective service system visited plantsite recently to learn about the Goodyear Atomic Corporation. Standing, left to right, are: Colonel C. A. Cozart, of the Cincinnati Ordnance District, and Lieutenant Colonel W. P. Richardson, a staff officer of the Selective Service System. Seated, from left, are: Dr. J. H. Roberson, area manager of the AEC's Dayton area; G. B. Carson, dean, school of engineering at Ohio State University and S. S. Crout, associate director, Battelle Memorial Institute, Columbus. Ohio is one of six states that was designated, on an experimental basis, by General Hershey, National Director of the Selective Service System, to have an advisory group of this nature. The committee makes recommendations to Ohio local and appeal draft boards at the requests of employers for occupational deferments of draft eligible employees who are essential to their industry.

## Influenza Immunization Program Still In Operation

The Medical Division has announced that its program of immunization is continuing. "Flu" shots will be made available to all Goodyear Atomic employees who request them. The Medical Division has arranged a program whereby flu shots may be obtained at the hospital, without delay, during any shift. If you have not had a flu shot it is suggested that you get one as soon as possible. It isn't necessary to have an appointment.

## AIRPLANES ARE SOURCE OF WONDER GOODYEAR JAVA EMPLOYEE WRITES

Airplanes are still extreme luxuries—and a source of wonder—in many parts of the world.

This is shown in the letter received by Ralph Nance from a former fellow employee at Goodyear's plant at Java.

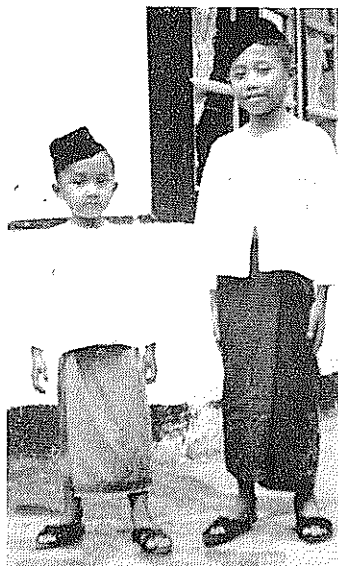

The letter follows: "Dear Mr. Nance, I am very glad to receive your letter, also that you and yours are in good health. My family is okay and we are still living in the same place like before. Lukey is grown up and is gone to school already. I was hoping that Lukey and Bachary, his younger brother, someday become better than I. Yes Mr. Nance, I am always busy with my job, sometimes I am very tired when I get home, but I am happy with my work.

Wants To Come To America

"I wish to go to America very much but I can only dream of it.

"September last, Mr. Blair and I went to Semarang on the Company's business, maybe you remember about the bike presses at Semarang. We go by plane which is the first time for me. It is wonderful when I looked down at the beautiful landscape. Mr. Steger informed me that the plane I took is just a small one. He said that if you go on a larger plane, it is more comfortable. But to you I am sure that a plane is not a wonder anymore. Just up to here and I hope someday we could work together again. Yours very sincerely, Endjan."

Nance, during the three years he was in Java from 1948 to 1951, was in charge of plant engineering. Endjan, who speaks five different languages, is in charge of mechanical maintenance.

ENDJAN'S CHILDREN, Bachery, left, and Lukey.

## "Industrial Voyage" On Sale At GAT; Price Is \$2.00 A Copy

"Industrial Voyage", is the autobiography of P. W. Litchfield, chairman of the board of the Goodyear Atomic Corporation.

The book, which tells of the growth of the Goodyear organization, is on sale in the office of the manager, industrial relations division of GAT, at \$2.

WILLIAM RAY, third from left, receives his 20-year service pin from A. J. Gracia. Looking on are H. F. Porter, left, superintendent of electrical and instrument maintenance, and W. A. Brown, manager, maintenance and plant engineering division.

## Ray Awarded 20 Year Service Pin

### A For Atom Most Popular Film In Training Department Library

A is For Atom is the most popular film in GAT's training department film library.

H. A. McClelland, supervisor of training, said this one film has been shown off the plantsite to more than 1600 people. For example, he points out, last year it was sent to Iowa State college where it was shown to 300 freshmen engineering students.

An additional 130 showings have been made to 2600 of our employees. This adds up to approximately 180 showings to over 4200 people for just one training film.

This film, along with several others, is used by the GAT training program.

### Fuller, Hochberg New Officers Of Portsmouth Managers Club

Lou Hochberg and Lloyd Fuller were elected officers of the Portsmouth Managers Club to serve for the coming year.

Hochberg, who is a shift superintendent, was named vice-president of the club. Fuller, superintendent of employee relations, was elected treasurer of the organization.

The Managers Club, a social organization, was formed last year to bring together employees of the atomic energy plant and business and professional men in the Portsmouth area. Membership is not limited to Portsmouth. The membership is open to all supervisory employees of Goodyear regardless of where they live.

### CHECKS

(Continued from page 1)

By withholding the endorsement until you are ready to cash the check, you are protected should the check be lost.

The above procedures are for your protection. If these procedures are properly carried out you will not only help to increase the efficiency of the entire accounting system, but also will safeguard your earnings.

William Ray, supervisor, electrical maintenance, was presented his 20-year pin this month.

The presentation was made by A. J. Gracia, general manager, at a noon luncheon held at the plantsite cafeteria, attended by many of Ray's fellow workers.

Ray joined the Goodyear family in 1934 as an apprentice electrician. He later was assigned to the engineering squadron and following his graduation worked in the Goodyear power plant in Akron.

In 1942 he was assigned to electrical engineering and was a senior electrical engineer when he was transferred to Goodyear Atomic in February, 1953.

Before he came to Goodyear Atomic he had spent some time at subplants in Jackson, Michigan, Niagara Falls, New York, and Topeka, Kansas on electrical engineering problems.

Ray is a member of the Masonic Bodies. He is married and the father of three children. The family lives in Chillicothe.

## Education Workshop Assisted By GAT Men

An Economic Education Workshop is being sponsored again this year by the Portsmouth School System.

Six members of the Goodyear Atomic family are participating in the program. They are: H. F. Porter, superintendent, electrical and instrument maintenance; T. W. Leary, superintendent, process maintenance; J. S. Dysart, administrative assistant to the general manager; L. E. Fuller, superintendent, employee relations; H. A. McClelland, supervisor, training; and P. F. Bliss, supervisor, community relations.

### GAT HOST TO TEACHERS

Goodyear Atomic Corporation will be host to 30 science teachers from Scioto County tomorrow, February 17.

The visit is part of the Business-Industry-Education Day for the teachers in that area.

## Wingfoots Win First Round Intra-Plant Basketball League

The GAT Intra-Plant Basketball League being played in the National Guard Armory in Portsmouth, Ohio has completed the first round of play. The Wingfoots were the undefeated winners of the first round. They averaged 50 points per game. The Police Department finished as runner-up, losing only to the Wingfoots. Their per-game average was 42.8.

In the individual scoring race, Bill Bonds of the Process Operators is out in front with a total of 128 points. Oscar Emswiler of the A-Bums is second with 90 points.

The second round of play will get underway Wednesday, February 16. Competition is beginning to increase and the second round of play promises some very interesting games. All employees living in the Portsmouth area that are basketball enthusiasts would find it very interesting to come out and see the games.

## Outdoorsmen's Group Sets Show For April 14, 15, 16

The Goodyear Atomic Outdoorsmen's Association, Portsmouth branch, assisted by the Boy Scout organizations of the Trinity Methodist Church, are planning a sportsmen's show this spring. The event is to be held at the Ohio National Guard Armory in Portsmouth on April 14, 15, and 16.

Exhibits include fishing tackle, firearms, hunting and fishing clothes, boats, motors and sporting publications. Shooting demonstrations, as well as bait casting, will be held.

### Admission Charged

An admission fee of 50 cents will be charged. The club will use the receipts for its conservation program. Isaac Waltons and nimrods will find a complete display of equipment on exhibit and can use this opportunity to stock up for the coming seasons.

Belvin Adams, of cascade maintenance, and Bill Hockenheimer, of the welding shop, are members of the committee promoting this show and will answer any questions you may have concerning this event.

## Scioto County Alumni Chapter, OSU, To Hear Hayes Feb. 28

Of interest to Ohio State Alumni is the annual banquet of the Scioto County Ohio State University Alumni Association.

The annual banquet will be held at 6:30 p. m., February 28, at All Saints Guild Hall.

All Ohio State Alumni and their wives or husbands are invited.

Woody Hayes, coach of the Ohio State football team, will be the banquet speaker.

Tickets are \$3.00 per plate and reservations can be made through GAT's recreation department.

One kind of motorist who never seems to run out of gas is the back-seat driver.

## Employees Invited To Join Rifle Club; Group Meets In Portsmouth

The second half competition in the Portsmouth Rifle League is underway at the Ohio National Guard Armory, 17th Street, Portsmouth.

Goodyear Atomic Corporation has two teams entered in the 11-team league. Any Goodyear Atomic employee, or member of his family, can join any of the 11 teams in the league. There is a 25-cent range fee which will be used to purchase prizes for the second half winners. The league, which is registered with the National Rifle Association, is for beginners as well as experienced shooters. It is a handicap league.

### Rifles Available

Rifles are available or individuals may furnish their own weapons. Experienced shooters will help beginners.

The two teams entered by Goodyear Atomic Corporation consists of employees from Portsmouth and Chillicothe. The Chillicothe team is captained by Henry Smith and the Portsmouth team by Bob O'Connell.

Anyone wanting to join either of these two teams, or any of the other teams, is urged to contact the recreation department.

## Want Garden Club? Will Be Organized If Interest Is Sufficient

Any employee interested in forming a Garden Club (vegetables) is urged to get in touch with Goodyear Atomic Corporation's recreation department.

If sufficient interest is shown, the Goodyear Atomic Corporation recreation department will assist in the organization of a garden project. Assistance will include obtaining space, assigning lots, etc.

### Definite Idea Needed

Before the recreation department can carry out such a plan it must have a definite idea of how many are interested in gardening and in what area, and on how large, or small, a scale.

The only way this interest can be determined is for individuals to send their names and addresses to the recreation department, X-100 Building, or call Extension 639.

Requests should be made as soon as possible so that the necessary arrangements can be made.

## LOST WATCH RECOVERED

Honorable mention goes to James Ferguson and Vernon Callahan, of Janitor Service, for returning a lost watch they found.

They found the watch last month in the storage room of area control room 2 and turned it in to J. C. Crawford, assistant cascade coordinator of ACR 2.

The watch belonged to L. L. Wise, Department 810.

## GAT Son Sets Swim Record

Bob Reynolds, son of G. H. Reynolds, manager of GAT's production division, holds the varsity swimming record at Miami University for the 200 yard orthodox breast stroke. His record is 2:43.

He also is on the four-man relay butterfly team that broke the pool record for that event in the recent swimming competition of the Mid-American Conference. He was lead-off man for the relay team that swam the distance in 1:55:1. The former record was 2:02:3.

During the swimming events, Bob also got acquainted with a former GAT employee, Dave Warren, who was on the diving team of Ohio University.

Dave, who formerly was in the visual aids section of the training department, won first place honors in the diving event.

Both men are sophomores in their respective schools.

## Better Response Necessary For Chillicothe Activity Night

If activities night in Chillicothe is to continue, a better response from employees must be shown, the recreation department announced.

The activities night is held every other Monday from 7:30 until 9:30 p. m. in the Central Grade School gymnasium.

All GAT employees and friends are invited to participate in this activity. Sid Shenker, Department 224, said the volleyball team has issued a challenge to all comers. The next meeting of the group is February 28.

## Bridge Players Are Invited

Employees interested in playing duplicate bridge have the opportunity to join one of two GAT clubs. These clubs meet in Portsmouth and Waverly. In Waverly, the club meets every Thursday at 7:30 p. m. in the Catholic Church and is being directed by Leo Ziemiak.

In Portsmouth, the club meets every Wednesday at 7:30 p. m. on the second floor of the Four Keys restaurant which is located on the Scioto Trail. This club is being directed by Bob Packard and Gustav Dietel.

Employees and friends are invited to join these clubs.

## Ice Show Tickets Available

The recreation department has tickets for the "Ice Revue" which will be held in the Cincinnati Gardens March 3 to 13. Tickets are \$2 per person. This is a 50-cent reduction per ticket made available to GAT employees only.

Tickets reserved by the recreation department are good for the Saturday matinee only on March 5.

The "Ice Revue" is headed by an All-star cast including Barbara Ann Scott. Anyone desiring tickets or further information about the show can contact the recreation department.

THE SHORT CIRCUITS won the first round of bowling in the Jackson league. They are, from left, Joe Troyer, Joe DeHart, Bill Clements, Bob McConnell, and Emil Bozz.

FIRST ROUND WINNER in the Chillicothe bowling league was the Laboratory team. Left to right foreground are Dr. Richard Stambaugh and Miles Bruno. Left to right, back row, are Jim Barnes, Dick Schneider, and Ced Flagg.

## Golf Leagues Are Planned

Golf leagues are now being organized by the Recreation Department. Though space is limited it is anticipated that those employees who want to play golf will be given the opportunity.

The 12-team league which played at the Elks Country Club in Portsmouth last year will be expanded to 16 teams this year. If sufficient interest is shown, additional leagues will be organized to play at the Raven Rock Country Club located west of Portsmouth.

All employees, women or men, interested in participating in a golf league this season should contact the Recreation Department at once.

## ZOSCHNICKS HAVE SON

The son born to Mr. and Mrs. Melvin Zoschnick January 28, has been named Jauren Brandel. The father is in Department 771.

People take advantage of the fellow with a heart of gold—so he has little of it in his pocket.

## Durant Named Cub Master For Waverly Pack; Youths, Adults Invited To Join In Program

Jack Durant, Department 761, has been named Cub Master of the Waverly Cub Scout Pack. There are four dens in the pack.

Cub Master Durant said that the organization is interested in securing volunteer leadership, particularly den mothers and den dads. They also are interested in getting young boys, between the ages of 8 and 11, into cub scout organization.

Any interested person can get in touch with Durant at his home at Lake White. His telephone number is Waverly 6381.

## "Hoppy" Identified

Danny Rogers, 2½-year-old son of Mr. and Mrs. W. L. Rogers, was the "Hopalong Cassidy" in one of the pictures that appeared in the *Wingfoot Clan* last month.

The boy's father, who is in Department 711, said the youngster was fascinated by the Christmas tree. The Rogers live in Jackson.
