NUMBER 11

D SHIFT WORKS FISCAL '54 WITH NO DISABLING INJURY

Adult Educational Classes Approved; Be Taught At Plant

AEC has approved a proposal to provide, in conjunction with Ohio University, a number of adult education classes on the plantsite. The class hours will be recognized for college credit and are open to all GAT, AEC and contract personnel.

Employees will attend the classes on their own time and at their own expense. A minimum enrollment of 15 students will be necessary for each class before a course will be scheduled.

Classes will start with the fall semester and will be held in the GAT training building. To keep transportation problems to a minimum, classes will start shortly after the close of the office shift.

As soon as all the details are completed you will be notified concerning possible courses, schedules, cost, etc. by newspaper, the *Clan* and bulletin boards. From the number of inquiries already received it is apparent that many employees are interested in this type of program.

Some are interested in such classes for degree purposes; however, many employees have expressed a desire to attend courses which will help to expand their job knowledge.

Electric Energy From Atom Sold First Time To Private Industry

The Atomic Energy Commission has announced that the first atomic-electric energy to be sold by the Government was introduced into a public utility system on July 18.

Steam from the prototype submarine reactor at West Milton, New York, was channeled into a turbine generator to produce electrical energy which was sold by the AEC to the Niagara-Mohawk Power Corporation. The 10,000 kilowatt turbine generator was installed and is operated by the General Electric Company at no cost to the Government.

The arrangement under which the power will be marketed by Niagara-Mohawk is temporary, pending determination whether any or all of three public power organizations within a 100-mile radius of West Milton, which have expressed in-

(Continued on page 4)

THE FIRST ANNUAL SHIFT SAFETY AWARD was won by D Shift for its fine safety record during the fiscal year 1954. Roy Engler, D Shift superintendent, standing left, receives the trophy from A. J. Gracia, GAT's general manager, in the presence of the executive

safety committee. From left are J. A. Merrill, T. W. Leary, J. S. Dysart, G. H. Reynolds, I. S. Gharky, Engler, Gracia, H. C. Hilliard, D. H. Francis, J. H. Ake, H. H. Kenny, and N. H. Hurt. Hurt and Leary were representing W. A. Brown.

Men Worked 325,000 Manhours Without A Lost Time Accident

Goodyear Atomic's first Annual Shift Safety Award has been awarded to D Shift for its safe operations during fiscal 1954.

D Shift, numbering over 200 men, worked approximately 325,000 manhours without a lost time accident between July 1, 1954 and June 30, 1955.

The shift, which is supervised by shift superintendent Roy Engler, is the only one of the four shifts that worked fiscal 1954 without a lost time accident.

The safety plaque, symbolic of a fine safety record, was presented to Engler last month by GAT General Manager, A. J. Gracia, in the presence of the corporation's executive safety committee.

"It is a source of deep satisfaction to me," Gracia said, "to be able to congratulate everyone on D Shift for having worked more than a year without a lost time accident."

Able Group

"Beyond the freedom from pain and worry which is implicit in such a record, there is also the evident fact that here is a group of able people—because a safe worker is invariably a capable worker."

"My best wishes for a continuation of this notable record," Gracia concluded.

Engler, in his acceptance of the trophy on behalf of D Shift, said, "It gives me a great deal of pleasure to accept this trophy."

"Cooperation of line supervision, the men performing the various operations, and the shift safety engineers," Engler said, "have made it possible for D Shift to work a full year without a lost time accident."

"These people deserve full credit for this fine record, and I hope we are able to have a repeat performance next year."

The excellent record of D Shift contributed greatly to the success of the Goodyear Atomic Corporation Safety Program last year during which time the corporation operated 1,567,805 manhours without a disabling injury.

GAT Employees

Have Worked 1,078,940 Manhours
As Of August 15, 1955
Without A Disabling Injury

DeVito, Bowman Are Given Five Year Pins

Two employees of Goodyear Atomic Corporation received their 5-year service pins this month.

Vincent J. DeVito, Department 511, was presented his pin on August 10, by A. H. Wernecke, superintendent of uranium control.

Donald C. Bowman, a buyer for GAT, was presented his pin August 15, by Henry Watts, GAT purchasing agent.

Goodyear Aircraft

DeVito came to Goodyear Atomic from Goodyear Aircraft, Akron, where he was in manufacturing, planning, and scheduling. DeVito, a graduate of Ohio State University, has a BS degree in business administration. While at Goodyear Aircraft,

(Continued on page 4)

Plans Formulated For GAT Scouters Group

Plans have been formulated for organizing a Goodyear Atomic Scouters Club.

At a recent scout meeting, attended by 20 GAT employees, a committee of seven was appointed to formulate rules and regulations upon which the club should be organized.

The committee, composed of representatives from each of the areas surrounding the plantsite, are: Chairman J. Sonia, Chillicothe; J. Durant, Lake White; F. Irwin, Chillicothe; J. Swann, Portsmouth; J. Dysart, Chillicothe, and G. Maranville, Jackson.

LOST MONEY RETURNED TO McCLELLAND, DYSART

H. McClelland, supervisor of GAT's training department, feels he must be living under a lucky star.

On two occasions he has lost some money and each time it was returned to him.

The first occurred in the Ambassador Hotel in Los Angeles, California while McClelland was attending the training directors' conference. His billfold slipped out of his pocket and was spotted by an alert porter.

The second occasion was in the X-100 Building when he lost a \$20 bill. It was found by Jim Brooks, of GAT's safety department, and returned.

J. S. Dysart, Department 101, also had a lost bill returned.

Charles Brant, Department 426, found a \$5 bill lying on the floor in Dysart's office and returned it to him the next day.

Dysart and McClelland feel this is a good example of the type of personnel employed by GAT.

Cafeteria Has New Manager

Elmer Henricson, manager of GAT's cafeteria, has been transferred by Slater System, Inc., to the Edicott-Johnson Company, of Binghamton, New York.

Henricson has been manager of the local cafeteria since it opened nearly a year ago.

The new manager of GAT's cafeteria is Robert Dressner. He was transferred by Slater from Atlantic Refining Company, of Philadelphia.

Hospital Nets \$275 And Gifts From Dance

The Pike County Goodyear Atomic Women's Club raised \$275 from the dance the club sponsored for GAT employees in Portsmouth, July 30.

In addition to the \$275 there were three prizes awarded by drawing that will be turned over to the hospital. First prize, a wheel chair, was won by J. C. Franklin. Second prize, won by Wilma Redden, was a set of baby scales, and the third prize, two dozen Kleenex dispensers, was won by Cliff Williams.

Mrs. William Armstrong, president of the organization, praised the members who sold the tickets and helped in other matters.

GAT Trio Save Two Women From Lake

Two employees of Goodyear Atomic Corporation and the wife of another employee saved two women from drowning recently at Lake White.

The two employees were Bob Swick, Department 811, and Jayne Armstrong, Department 817. The third member of the rescue boat was Mrs. Robert Neff, whose husband is in Department 802.

The trio saved two women who were trapped beneath an overturned boat that flipped over when the pilot made a sharp turn.

Neither of the two women, whose names are unknown, could swim and neither of them wore a life preserver.

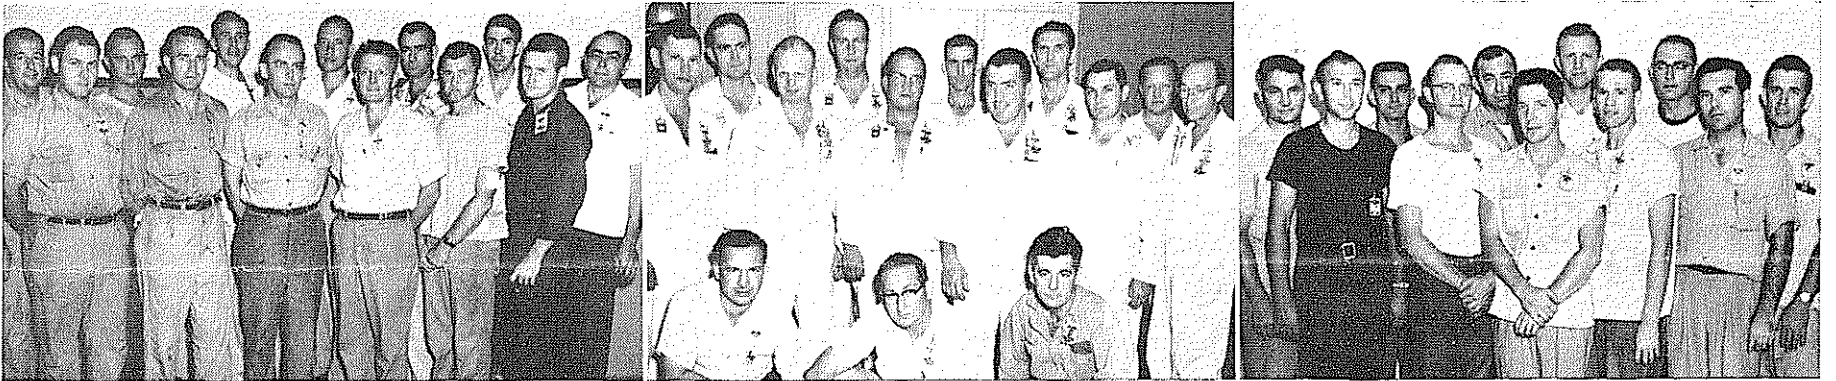

An Excellent Safety Record Was Established By These D Shift Men During Fiscal 1954

D SHIFT'S PROUD POSSESSION is the Annual Shift Safety Award plaque shown in the center of the above layout. In the top row, top picture left, are H. Martin, O. Cutlip, W. Donahoe, H. Knechtly, and G. Vollmer, Jr. Middle row, from left, are, G. Williams, H. Stockham, E. Brafford, and J. Leadingham, while in the bottom row, from left, are C. Caulley, C. Seagraves, and H. Cassell. In the picture lower left, are, from left, L. Snodgrass, J. Grow, E. Frazier, M.

Eubanks, L. Farmer, E. Shope, G. Dabinett, H. Ray, and A. Clark, Jr. Second picture left, top, are M. Cremeans, Jr., P. Marcum, R. Holcombe, L. Woodruff, W. Van Horn, Jr., C. McCann, and B. Patrick. In bottom picture are, left to right, L. Scaggs, P. McIntosh, C. Keen, R. Williamson, H. Bane, J. Lewis, M. Warnock, and H. Keller. In the first picture, top right of the safety plaque are, from left, C. Pauley, R. Pierre, R. Coleman, B. Dyer, C. Knauff, W. Smith,

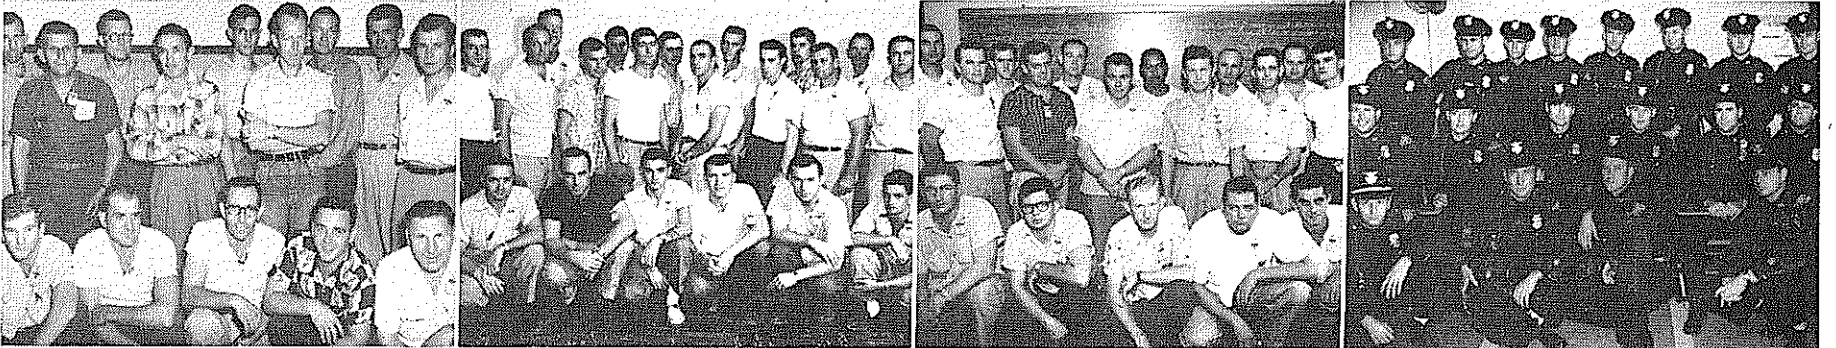

and R. Gibson. The five men in the lower picture, are, from left, P. Reiser, G. Galloway, R. Dick, E. Goodwin, and W. Smalley. In the upper picture, extreme upper right are, left to right, R. McGee, D. Woodruff, J. Potter, R. Zeek, R. Keates, L. Niner, R. Born, and H. Everett. Underneath are, kneeling left to right, W. Hundley, A. Hayes, and D. Hanshaw. Standing, from left, are C. Call, C. Egbert, C. Gabbert, I. Burrow, K. Johnson, R. W. Smith, W. Ellyson, and H. Lathey.

LEFT TO RIGHT are R. Gibbs, J. Graham, E. Fraley, H. Taylor, R. Loblein, L. Duzan, B. Lamb, C. Meadows, A. Boggs, J. Bluebaum, R. Vallery, F. Hornback, and H. Smoot. Kneeling from left to right in the center picture are J. Hamm,

G. Webb, and A. Rigby. Standing, from left, are J. Lilly, W. O. McDonie, D. Carrier, C. Riggerbach, W. B. McDonie, W. Hyland, A. Reynolds, E. Martin, S. King, K. Edwards, and

C. Smyth. In the third picture are, from left, E. Damron, W. Shepherd, R. Hamilton, J. Williams, R. Armstrong, L. Bickett, R. Williams, R. Shelton, W. Landrum, J. Bunton, and P. Morrison.

KNEELING FROM LEFT TO RIGHT, above left, are J. Merrill, L. H. Helmick, C. T. Vance, R. D. Owens, and A. W. Nehls. Left to right standing are S. G. Browning, Pat Ashley, W. F. Plunkett, Tom Stafford, J. A. Slice, Jr., R. C. Pritchett, E. H. Talbott, William Smith, and John Thweatt. Second picture kneeling from left are John Dearth, R. G. West, F. R. Perry, P. E. Riggle, C. C. Plumley, and D. R. Hamilton. Standing, left to right, are D. W. Murphy, L. K. Prario, P. Hammond,

Elwood Cook, R. A. Harrison, W. R. Arnold, R. L. Jamison, K. D. Jordan, J. Burton, F. D. Stevenson, D. H. Myers, N. R. Anderson, W. T. Allen, and B. D. Hurley. Third picture, left to right kneeling, are H. C. Price, Jr., H. E. Potts, F. D. Noland, G. O. Price, and R. Kohler. Standing, left to right, are A. W. Ondera, J. Ferguson, C. I. Chandler, George Pleasant, H. Johnson, N. J. Clifford, A. M. Jones, F. E. Caldwell, S. Wilson, W. L. West, A. V. Prario, and D. R. Williams. Fourth

picture, kneeling left to right, are J. Pieper, G. Hodgson, L. Yeley, and E. Bennett. Seated, from left, are A. McCoy, O. Greenwood, J. Grant, L. Chapman, E. Staten, and H. Aldridge. Standing from left are C. Abbott, B. Adams, E. Lucas, J. Sparks, E. Addis, C. Graves, W. Duncan, and F. McGhee. R. Flack and N. Kemberling were missing when picture was taken.

FIRST PICTURE, from left, are C. Howard, C. Williams, E. Evans, E. Thomas, J. Creech, E. Hall, E. Workman, K. Murray, and J. Sansom. Next picture, from left, are C. Hensley, E. Bolt, A. McWilliams, H. Tabor, C. Harrison, A. Jordan, J. Allen,

R. Meade, and D. Humphries. Third picture, left to right, are R. Weimer, V. Schupback, R. G. Tufts, H. Grimes, E. Mullins, R. Moore, J. Robinson, A. Hale, H. Tom, D. Scott, and J. Dalton. Fourth picture, from left, are J. Tacket, C. Worth-

ington, W. Hamilton, W. T. Webb, W. Wenning, R. Troutman, R. Weaver, W. May, P. Smith, J. Keesee, and H. Fannin. A few D Shift personnel are missing due to time off, vacations, etc. The Clan regrets being unable to get their pictures.

THE LABOR DAY WEEKEND

The death toll on the nation's highways for the Fourth of July weekend and the Memorial weekend have been recorded. Next to be listed is the Labor Day weekend which is sixteen days away.

Will a similar accident rate be patterned for Labor Day as the past two 3-day holiday weekends? This is the big question.

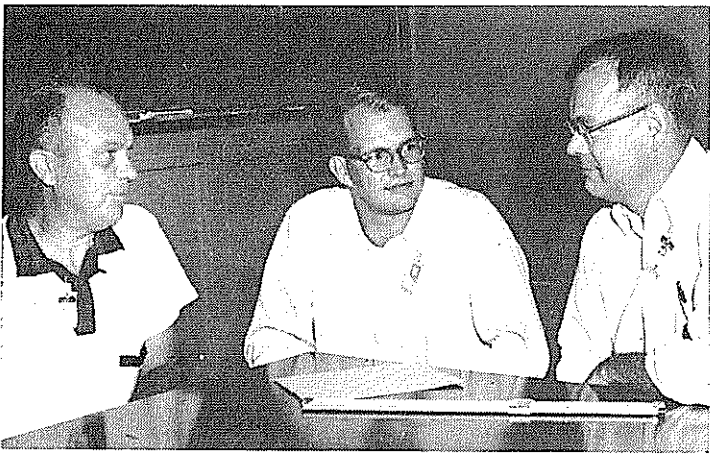

The Memorial Day weekend saw the highway traffic accident record shoot over the top again. Complete figures indicate that 369 deaths occurred on our highways during that first long holiday-weekend this year.

The Fourth of July accident killings numbered over 400. Now comes the third 3-day weekend holiday of the year. Many GAT employees are going to be on the highways at one time or another during this 3-day period.

We can help contribute to highway safety in two ways: first, be extremely careful in our driving habits and second, be extra cautious of the other motorist.

As we sit behind the automobile wheel during the coming holiday period think of the grim figures for the Memorial Day weekend and the July Fourth weekend.

Let's not contribute to a repeat performance of these two weekends.

BOB KEEFE, Department 531, center, has returned to GAT following nearly two years in the Army. He discusses his return with Dr. Frank Woltz, his supervisor, on the right, and R. C. Fleming, supervisor of technical trainee and military relations. Keefe was in training at Paducah at the time of his induction into military service.

Keefe First GAT Serviceman To Return

Bob Keefe has returned to Goodyear Atomic Corporation following a hitch in the United States Army. Keefe resumed his duties in Department 531 after nearly two years in service. He reports he is glad to be back.

The ex-soldier, who attained the rank of corporal, was stationed at Aberdeen Proving Grounds, Maryland, where he was in the section that was connected with design and evaluation of anti-aircraft equipment.

He is the first GAT man to return to the company after having been called to military duty.

Keefe holds a BS degree in physics from the University of Richmond. He came to Goodyear Atomic Corporation when the company was in

its infancy and was sent to Paducah, Kentucky, as a staff trainee. He was in training at Paducah at the time of his induction into the Armed Services.

Keefe and his wife make their home in Waverly.

Service Pin Lost

Harold Jenkins, Department 614, lost a ten year Western Union service pin at Camden Park. The pin was left on a picnic table.

If anyone has seen the pin he is asked to get in touch with Jenkins on telephone extension 2261.

Wisdom is in knowing what to do next, skill is in knowing how to do it, and virtue is in doing it.

Frederick-Ratcliff

Norma Ann Frederick, daughter of Wilbur Frederick, and David Ratcliff, Jr., were married July 15. The wedding was held at St. Marys Church in Portsmouth. Ratcliff is in Department 411.

Torrence-Shelton

Miss Etta Jean Torrence, of Department 617, recently became the bride of Thomas Earl Shelton in the Central Baptist Church in Oak Ridge, Tennessee. Mr. and Mrs. Shelton are currently making their home in Portsmouth.

Taylor-Vita

Miss Mima Taylor, daughter of Mr. and Mrs. Norman Taylor, of West Portsmouth, became the bride of O. A. Vita, July 30, in St. Marys Church.

Vita is in Department 612. The newlyweds live in Portsmouth.

Miller-Tenant

Miss Joan Miller and Oscar Tenant were married this month. The wedding was held June 4, at Richmond, Indiana. Tenant is in Department 743. The newlyweds are making their home in Jackson, Route 3.

Luther-Riepenhoff

Mr. and Mrs. H. A. Luther, of Canton, announce the engagement and forthcoming marriage of their daughter, Beverly, to Roger Riepenhoff, son of Mr. and Mrs. Leo Riepenhoff, of Wheelersburg. Beverly is in Department 232.

Johns-Downing

Miss Martha Johns became the bride of Homer Dale Downing at the Waverly Presbyterian Church, June 4. Mrs. Downing is in Department 361 and her husband is in Department 617.

Bobst-Skaggs

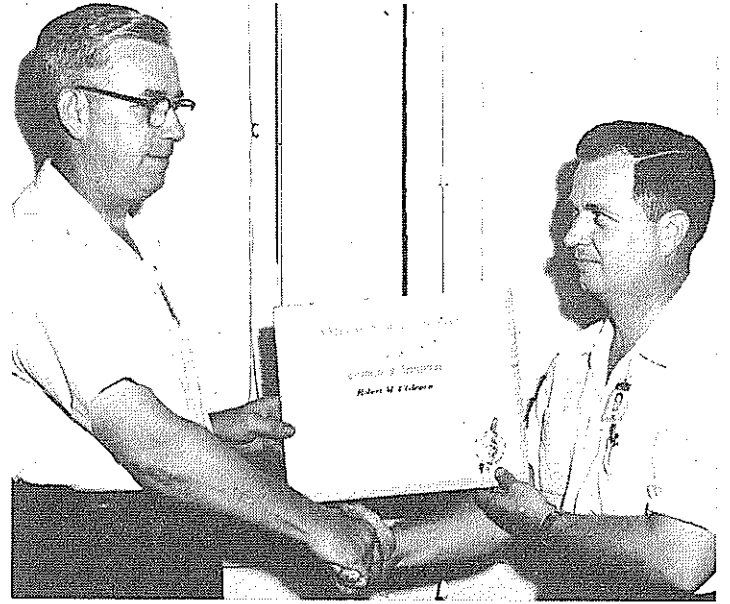

Mary Lou Bobst, Department 425, and Robert R. Skaggs, Department 742, were married June 1, at Russell, Kentucky. They are making their home in Eden Park.

Named To Board

Howard L. Caterson, superintendent of inspection and safety, has been elected to the board of directors of the American Red Cross in Portsmouth. He was elected to the board at the annual meeting of the Portsmouth chapter held last month.

Trust men and they will be true to you; treat them greatly and they will show themselves great.

— Emerson

BOB CLIBOURN, left, receives congratulations from D. H. Francis, upon Clibourn's certificate of appreciation award for his role in the government's synthetic rubber program. Clibourn is in Department 531.

Clibourn Receives Citation For His Role In Government Rubber Program

An employee of Goodyear Atomic Corporation has received a citation for the roll he played in the transfer of the Government Synthetic Rubber Industry to private industry.

The certificate of appreciation was presented to Robert M. Clibourn, who is now in GAT's analysis and design department.

In a letter to Clibourn, E. D. Kelly, director of the government's synthetic rubber program wrote:

"It is my privilege to present the enclosed certificate in appreciation of the very fine contribution you made to the work of the Government Synthetic Rubber program."

Citation

The citation reads: "Robert M. Clibourn participated in the Government Synthetic Rubber Program, and may take pride in having played a part in its successful operation and orderly transfer to industry. This program, operated as a partnership venture by Government and Industry, was launched in 1940 under the direction of Reconstruction Finance Corporation, made an inalienable contribution to Allied victory during World War II and developed into a major industry of the United States. The Congress signified its approval of the sale and transfer of the Government Synthetic Rubber plants to industry on March 25, 1955.

"In Witness Whereof and in recognition and appreciation of the service rendered, this certificate is issued and the Seal of this Corporation affixed this 30th day of June, 1955, in the City of Washington, District of Columbia."

With Goodyear 11 Years

Clibourn has been with Goodyear for eleven years, and with Goodyear Atomic since March 15, 1955. He came to GAT from Washington, D. C. after the transfer of the synthetic rubber industry to private concerns was assured.

Goodyear purchased two of the synthetic rubber plants—one in Akron and one in Houston.

Clibourn had gone to Washington on loan from the Goodyear Houston plant where he, at that time, worked for D. H. Francis, who is now GAT's manager of development engineering. Francis was manager of the Houston plant.

Mr. and Mrs. C. W. Harrison, (Department 731), daughter, Katherine Ann.

Mr. and Mrs. G. R. Stone, (Department 522), son, David Franklin.

Mr. and Mrs. Eugene Ritter, (Department 533), daughter, Beverly Ann.

Mr. and Mrs. Walter G. Planet, (Department 622), son, Michael David.

Mr. and Mrs. Robert Bell, (Department 624), daughter, Elizabeth Ann.

Mr. and Mrs. Dave James, (Department 514), son, Stephen Edward.

Mr. and Mrs. Robert Spaeth, (Department 613), son, Eric Rudolph.

Mr. and Mrs. John Fitzgerald, (Department 221), son, Michael Boynton.

Mr. and Mrs. Frank Voss, (Department 612), son, Frank Douglas.

Mr. and Mrs. William F. Byers, (Department 243), daughter, Becky Ann.

Mr. and Mrs. Richard Schneider, (Department 641), son, Christopher Lee.

Mr. and Mrs. Richard L. Diehl, (Department 222), son, Richard Hicks.

Mr. and Mrs. Max Weaver, (Department 761), son, Steven Eugene.

TAYLOR YOUTHS PRESENTED SCOUTINGS STAR AND SECOND CLASS RATINGS AT CAMP

Buddy and Royce, sons of Mr. and Mrs. Fred Taylor, of Chillicothe, received Star and Second Class ratings at a ceremony held at Camp Mingo, the first week in August.

Buddy received the following merit badges: first aid, swimming, camping, rowing, physical fitness, home repairs, firemanship, citizenship in the home, and citizenship in the community. He needed only five of the above merit badges to become a Star Scout. The remainder will be applied on his rating as a Life Scout.

His younger brother, Royce, received his rating as a Second Class Scout at the same ceremony.

Both boys are in Troop 8 of the E. U. B. Church of Chillicothe. Their mother is an employee of Goodyear Atomic in Department 341.

Bunker Bums Win Portsmouth Golf League With 169 Points

The Bunker Bums are the new champions of Goodyear Atomic Corporation's golf league conducted in Portsmouth.

The Bunker Bums, composed of members Chuck Trivisonno, Frank Voss, Dave Zelinski and Connie Herald, managed to stay in the number one spot during the closing weeks of league play. They had a total of 169 points when league play ended.

Nearest the Bunker Bums were the Handicappers with 160 points.

Other teams and their points were: Hosels, 139; Earthmovers, 137; Duffers, 132; Teed Offers, 124; Triple Bogies, 109; Long Shots, 102; Divot Diggers, 75; Slicers, 73; Hookers, 73; Four Hundred, 27.

Hard Hat Decals Available At Paint Shop; Plan On Two Days

Hard hat decals may now be obtained from the paint shop, Department 741. The paint shop will put the decal on the hat plus the individual's name and department number, if requested. The decals are charged to stores as a cost item.

The work will be done on the hard hats with a work order charged to the employee's department. This job takes from one to two days so plan accordingly.

Everman Named To Dean's List

The son of a GAT employee who was awarded a \$3000 scholarship to the University of Cincinnati last year made the Dean's honor list at the conclusion of his freshman year.

The school announced that Clyde (Bob) Everman, son of C. T. Everman, Department 712, was in the upper 10% of his class which is the school's requirement to make the Dean's honor roll list. Everman is majoring in business administration.

The scholarship was granted by the William's Manufacturing Company, of Portsmouth, in memory of A. Graves Williams.

BOWLING SEASON GETS STARTED IN SEPTEMBER

The 1955-56 bowling season gets underway the first week in September, the recreation department has announced.

The department expects that all leagues organized last season will function again this year. The presidents of the various leagues should organize their groups now.

Employees who did not bowl last year but would like to participate this season should notify the recreation department, extension 2158, immediately.

If there is sufficient interest and available space, new leagues will be organized.

Golf Playday Winners

Golf playday winners at Circleville: Ed Alexinas, low gross; Vince DeVito, low net; Bill Culp, fewest putts; Bud Milone, second fewest putts; Dick Schneider, Bert Urich and Don Barkett, longest drive; Don Jones and Don Morrison, tee shot nearest to pin; Jim Camp, most pars; Hugh Hilliard, most birdies; Dave Doner, best poker hand; Harry Horton, highest gross; Harley Mayberry, Harlie Cantwell and Fred Pickens, most sixes; Roy Gustavson, Dapper Dan; Miles Bruno, Paul Smith, and Bill Keyser, drawing prizes.

Playday winners at Portsmouth: Joe Hubbard, low gross; Charles Trivisonno, low net; Gordon Williams, fewest putts; Eldon Eckhart, second fewest putts; Bill Wiehle and Wayne Pollard, longest drive; Frank Voss, Dave Zelinski and Howard Galloway, tee shot nearest to pin; George Abraham, most pars; Al Nelson, most birdies; Don Bowman, best poker hand; Tom Taulbee, highest gross; Dick Fleming, most sixes; Lloyd Fuller, Dapper Dan; Charles Josvanger, Peg Ellsesser, and Charles Trivisonno, drawing prizes.

SERVICE AWARDS

(Continued from page 1)

he received the Litchfield Award in 1953 as top squadron graduate for the 1951-52 period.

Research Laboratory

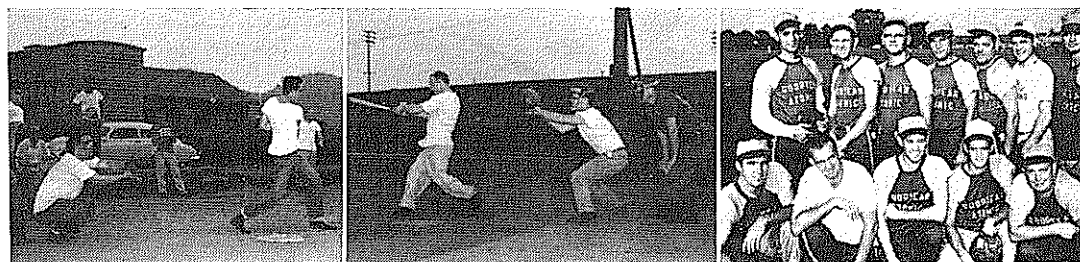

Bowman joined the Goodyear Tire & Rubber Co. in the research laboratory. About a year later he transferred to the purchasing department as a chemical buyer. Bowman has a BS degree in chemistry from Otterbein College. He is a veteran of the United States Navy. Bowman, his wife and son live in Portsmouth.

DeVito, who was in the Air Corps during World War II, is married and has five children. The family lives in Waverly.

GRID APPLICATIONS

The recreation department has football ticket applications for several schools in the area for this fall.

Tickets can be purchased from the following universities: University of Cincinnati, S. Xavier, Miami, Ohio University, Notre Dame, Ohio State University and Kentucky.

THERE WAS ACTION APLENTY, left and center, in GAT's softball league in Portsmouth. Jim Carpenter, of the Pirates, connected with the ball in the picture to the left. The catcher is Jim Bailey, of the Receiving and Stores team. Paul Milam, of the Padazzlers, took a hefty swing, center photo, but missed. The ball is secure in the mitt of catcher Fred Bennett, of the Process Operators. The sponsored team in Portsmouth's YMCA Slo-Pitch League is pictured above right. They are, standing left to right, Gordon Williams, Bill White, Jim True, Al Nelson, Walter Fain, G. Humphreys, and Bob Welch. Kneeling, from left, are Harold Everett, C. Chapman, Charlie Kinker, Sonny Ross, and Bill Beaumont. Pitchers Beaumont and Fain, right and left respectively in picture lower right, discuss strategy with Catcher Chapman. Picture lower left shows Sonny Ross, of the Inspectors, sliding safely

into third base as the ball is received by Finance third sacker Gene Gemperline. Tom Taulbee, of the Inspectors, is in left foreground of the picture and Finance Shortstop Bob Faris is in the background. The sponsored team, as of August 8, was tied for first place in second round competition. The Inspectors, with an 8-0-2 record led the softball league. They were followed by the Padazzlers, Finance, Process Operators, Receiving and Stores, Pirates, and Vacuum Testers.

EMPLOYEE RECREATION PROGRAM IS EXPLAINED

The GAT recreation department was organized to serve all GAT employees and their families by helping groups of employees plan and organize leisure time activities. Employees are invited to call upon the recreation department whenever they are in need of assistance.

Many recreational activities have been organized. Many more can be organized if there is sufficient employee interest. The principle requirement for organizing a new activity is that there be sufficient employee interest to warrant the formation, organization and maintenance of the activity.

Assists Group Or Division

The recreation department will assist an entire division or a group of individuals to organize recreational activities if there is a need for the new group. Tickets for baseball games, basketball games, shows, ice revues, etc., can be procured through the recreation department. Your group can even get assistance from the recreation department in planning a dinner-dance.

If you are interested in employee sports or recreation and in need of help in organizing a group, call Dick Jones, supervisor of recreation, or his assistant, Dick Hyland, on extension 2158.

Identical Twins Born

Identical twin sons were born to Mr. and Mrs. Harry N. Malone, Friday, August 5. Malone is in Department 530.

The boys, named Richard Henry and Thomas Mark, weighed, respectively, 7-pounds, 3-ounces and 7-pounds, 8-ounces.

Richard Henry arrived at 7:03 a. m. and his "younger" brother arrived at 7:13 a. m.
