A Christmas Message

NEARLY two thousand years ago a star shone over Bethlehem, diffusing its spiritual light in the hearts of men and giving them renewed hope in the promise, "On earth peace, good will toward men."

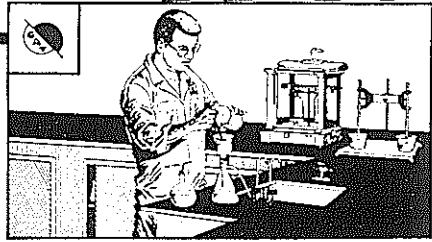

In a world sadly torn by strife, suspicion, hate and war—men of Good Will are exemplifying in their lives and deeds the true spirit of the Nativity, based upon love and universal brotherhood. Therein, we believe, lies the real solution to the burdensome problems of mankind.

At this Christmas season of 1956, may we all zealously seek this spiritual light and let it guide our lives each day. As we celebrate the birthday of the Prince of Peace, may the Christmas Star be our star.

With the fervent hope that today's troubled peace may become a firmly established peace throughout the world, we extend to Goodyear employes and their families our sincere wishes for a Merry Christmas and a happy and prosperous New Year.

NUMBER 3

SANTA CLAUS HAS 3500 TOYS FOR DISTRIBUTION AT FOURTH ANNUAL CHRISTMAS PARTY DECEMBER 15

Tommy Barker
... Eagle Scout

Tommy Barker Is Awarded Highest Boy Scout Honor

Fifteen-year-old Tommy Barker, son of Mr. and Mrs. Thomas Barker, has been presented his Eagle Badge — the highest honor a Boy Scout can achieve.

Young Barker, whose father is in Department 732, is a member of Troop 23 at Lucasville. He received his Eagle Award at the Scioto Area Council's Annual Boy Scout Banquet held last month in Portsmouth.

Earned 21 Merits

It was necessary for Barker to earn 21 merits in order to receive the Eagle Scout Badge.

One of them involved canoeing. He and a friend placed a canoe in the Scioto River at Chillicothe and made the 45-mile trip south to Portsmouth.

Hobbies of young Barker, a sophomore at Lucasville High School, include leather work, roller skating, and hunting.

A native of Moulton, Alabama, young Barker lived with his family in Oak Ridge Tennessee, prior to coming to this area.

GAT Employees

As of December 10, 1956
Have Worked 704,343 Manhours
Without A Disabling Injury

Employees Are Enjoying Excellent Health; Report H & A Insurance Dividend

Goodyear Atomic employees are enjoying excellent health.

This is established by the fact that an insurance dividend will be paid employees who carry the sickness and accident insurance at GAT. The program is underwritten by the Provident Life and Accident Insurance Company of Chattanooga, Tennessee.

The dividend for salary personnel will accompany the paycheck employees will receive December 14. Hourly employees will receive their dividend with the December 19 pay.

Dividend Period

The dividend is for the period from October 1, 1955, through September 30, 1956.

The amount of the dividend check is based upon the length of time the employee participated in the sickness and accident program, and upon the amount of premium contributed.

Under the program, the company pays 40 percent of the premium and the employee 60 percent.

Even though the premium was reduced last year, this is the third consecutive year employees have received a dividend from the sickness and accident insurance program.

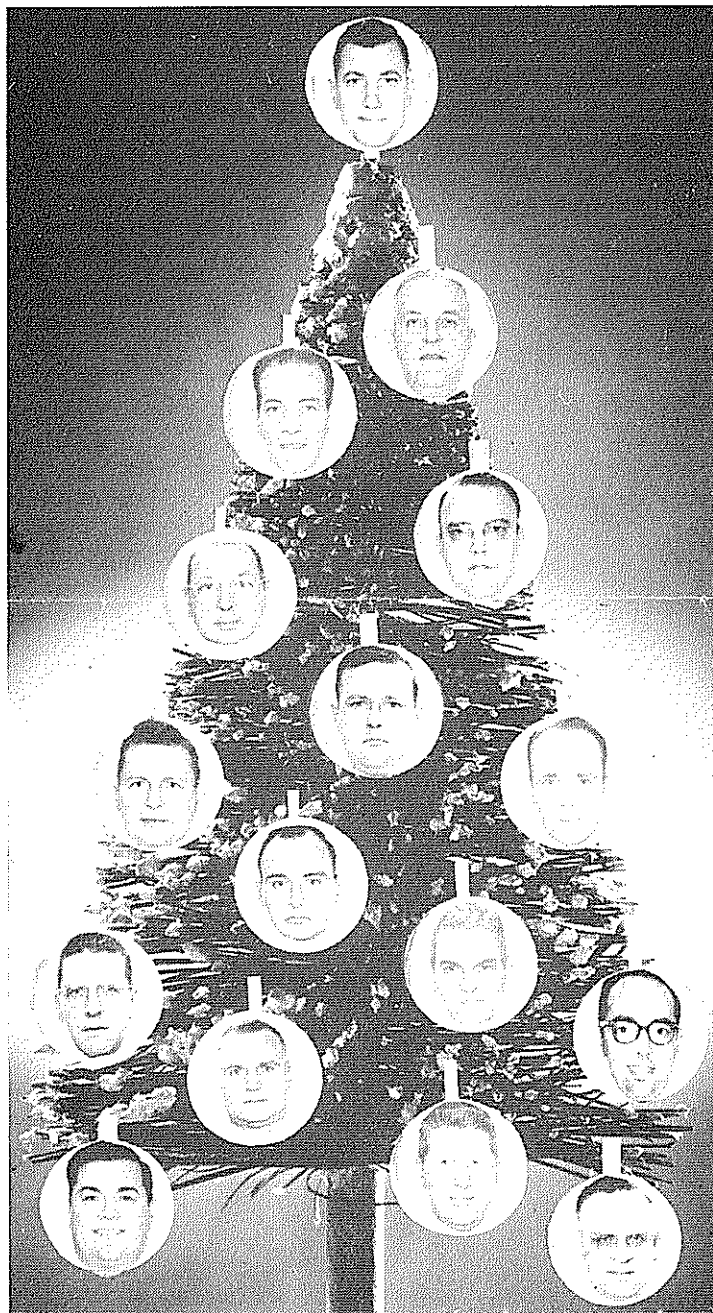

A Shift Personnel Aiming For Annual Shift Safety Honor

Members of A Shift have served notice on D Shift that they will provide keen competition in the shift safety contest.

Last fiscal year A and D Shifts worked the year without a disabling injury. This necessitated returning to the preceding year to determine a winner. A recent re-check of the records shows that A Shift was charged with an accident that didn't occur on its shift, thus causing it to lose the shift safety honor.

The error has been corrected and the safety plaque is being changed to show that both A Shift and D Shift share the honor for the Annual Shift Safety Award.

COMMITTEE CHAIRMEN for the Fourth Annual Christmas Party report everything ready for the big event Saturday. The committee, shown above, invites all employees and their families to attend this Christmas Party. Committee Chairmen are: R. F. Jones, Department 203; J. R. Arndt, Department 801; T. M. Arnold, Department 823; H. McClelland, Department 226; H. F. Porter, Department 710; R. A. Holthaus, Department 823; W. M. Oberle, Department 711; G. A. Poole, Department 411; C. A. Johnson, Department 210; C. L. Stewart, Department 252; F. P. Humston, Department 241; E. Stamper, Department 241; C. D. Mowrey, Department 202; R. W. Loring, Department 644; F. E. Pickens, Department 371, and W. M. Armstrong, Department 224.

KEMMEL PROMOTED TO SECOND LIEUTENANT

William A. Kemmel, Jr., formerly in the process engineering department, has been promoted to a Second Lieutenant in the Chemical Corps by means of a direct promo-

tion. Lieutenant Kemmel is stationed in Maryland.

He reports that he is attending night law school at the University of Maryland.

Old Kris Set To Arrive At 10 a.m., Exit 6 p.m.; Plan 8,000 To Attend

Goodyear Atomic employees on December 15, will be traveling the roads that lead to Waverly High School.

That is the day of the big Fourth Annual Company-wide Christmas Party for all employees and their children.

The company has ordered 3,500 toys from Santa Claus for GAT youngsters. Christmas Party Chairman R. F. Jones, GAT's supervisor of recreation, expects, in addition to the children, nearly 5,000 adults — making a total attendance in the neighborhood of 8,000.

"The attendance was over 8,000 last year," Chairman Jones said, "but we would like to see that figure surpassed this year."

The Waverly High School gymnasium will be the center of attraction with its colorful decorations and the usual enormous Christmas Tree. The toys will be on display in the gymnasium.

Toys will be presented to all GAT children, 12 years old or younger. The gifts have been broken into

Schedule Next Bloodmobile Visit January 2, 3; Collect Blood At Fire Station

The first visit of the Huntington Regional Bloodmobile Unit in 1957 will be held on January 2 and 3. The unit will be set up in the Fire Station.

Donors will be scheduled from employees who have signed pledge cards. First scheduling will be from those who did not give at the July visit of the Bloodmobile Unit.

Employees, who are not scheduled but who wish to donate, will be welcomed as "walk-in" donors anytime during the two-day visit. "Walk-in" donors receive the same credit for donating as scheduled donors.

Donors unable to keep their appointments are urged to contact community relations, telephone 2514, at the earliest possible moment. This will allow the department to schedule another donor.

A CHRISTMAS POEM

"Twas the night before Christmas
when all through the house
"Not a creature was stirring,
not even a mouse . . ."

This is the beginning of one of our happiest Yuletide poems. For well over 100 years this happy poem has been part of just about every American's Christmas — but the author never dreamed or intended it to be such. It was written by a modest professor.

The professor was shy, scholarly, Clement C. Moore, of New York City. He wrote the beloved lines in 1822 just to amuse his own children one Christmas Eve. They were delighted, and so was a family friend, who sent it to the editor of her home-town paper with no name signed to it.

In the years that followed, many newspapers reprinted the poem anonymously; it was not until 1837 that the author's name became known. In the 1850's the poem began appearing in school books. Professor Moore never sought or received royalties.

The poem has been printed in multi-million copies, translated into almost every language and into braille. The gentle presentation of its beloved theme will assure its continued popularity among the generations yet unborn.

EMPLOYEES' CHILDREN 12-years old and younger Christmas gift. The toys will be distributed during the probably will select one of the above 26 toys as their Fourth Annual Christmas Party December 15.

CHRISTMAS PARTY

(Continued from page 3)

the following age groups: 1 to 3, all persons attending the party.

Old Kris Kringle will make his grand debut at 10 a. m. and will visit with GAT youngsters and their families throughout the day. He will make his exit at 6 p. m. — the time set for terminating the Christmas Party.

Cartoon movies for the children and adults will be shown continuously throughout the day. The committee also has made arrangements to have continuous Christmas music played during the day over the public address system.

Refreshments will be available for all persons attending the party. The refreshments for children include: popcorn balls, soft drink, punch, a bag of candy and an

orange. Coffee and donuts will be served to adults.

Tickets

The ticket committee reports that all tickets and identification tags have been distributed. Employees are urged to attach the identification tags to their clothing.

The parking committee will be on hand to direct the parking of all vehicles. There is ample space available to handle all the vehicles.

Opela Co-Chairman, Others Help On Christmas Project

A Goodyear Atomic employee will serve as a co-chairman of the Annual Community Christmas Project sponsored by the Chillicothe Junior Chamber of Commerce.

He is Dale Opela, who is in Department 712.

He said several other GAT employees are active in the program.

Leo Peoples, Department 534, is co-chairman of the committeemen working on Santa Claus's arrival; Bert Ulrich, Department 411, is co-chairman of the Christmas Tree sales committee, and Bill Underwood, Department 411, and Len Fisher, Department 361, are co-chairmen of the party for the Ross County Home.

IN MEMORIAM

Oscar E. Grover, 49, of Jackson, Route 3, died at the home of a daughter, December 5, following a long illness. He was in Department 724.

Joseph M. Gilmer, 65, died at his home in Portsmouth, November 28. He was the father of Bob, Department 535, Bill, Department 761, and Charlie, Department 712.

William F. Lowe, 73, of Fullerton, Kentucky, died at his home November 18. A son, Elijah, is in Department 424.

A SHIFT

(Continued from page 3)

The shift safety award is a part of Goodyear Atomic's overall safety program. The winner is announced 20 days following the closing of the fiscal year.

The record shows that A Shift has not had a disabling injury since the shifts were organized in 1954.

Men love to wonder and that is the seed of science.—Emerson.

Dressner Promoted; New Manager Named

Robert L. Timmerman is the new manager of the plant cafeteria.

He succeeds Robert Dressner, who was promoted to a senior manager in the Slater Organization. Slater has the contract to operate Goodyear Atomic's cafeteria.

Dressner, who has been manager of the local cafeteria since August, 1955, will work with individual Slater operated cafeterias in Ohio, Indiana, and Illinois.

Dressner, his son, and wife will live in the Dayton area.

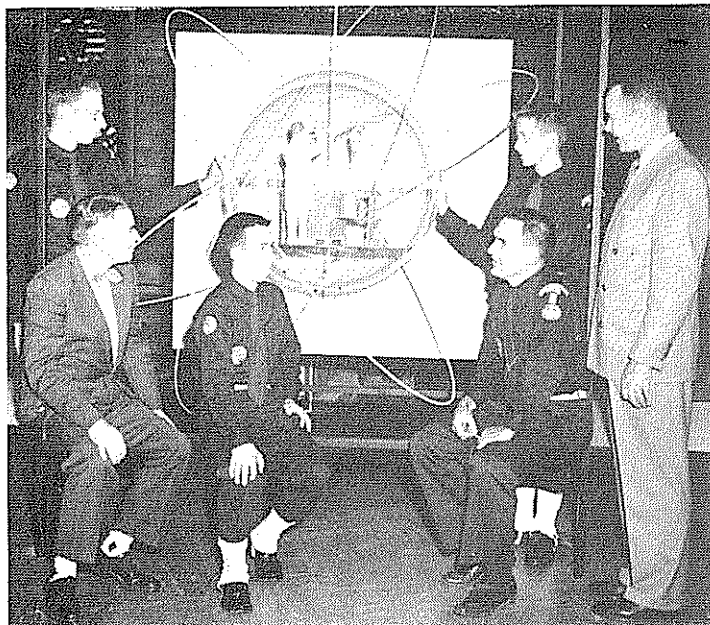

Timmerman joined the Slater Organization two months ago. Prior to this he operated his own restaurant in Lima, Ohio.

Mr. and Mrs. Timmerman and their two sons will move into this area in the near future.

Mrs. Bliss Elected

The Goodyear Atomic Women's Club of Chillicothe has elected new officers for 1957.

Mrs. Paul F. Bliss was elected president. Serving with her during the coming year are Mrs. J. H. Homan, vice president, Mrs. Vernon Tucker, secretary, and Mrs. Donald Hutchinson, treasurer.

EXPLORER SCOUT TROOP members of the First Presbyterian Church, Chillicothe, view the display on atomic energy at the Goodyear Tire & Rubber Company. They were escorted on a tour of the Akron plant by GAT employees. Scouts, from left to right, are John Coleman, Bill Fliqor, and Dick Rutherford. GAT employees, from left, are Dick Bulger, Department 101, committeeman; Bill Stringham, Department 611, post advisor, and Bob Rutherford, Department 850, president of the GAT Scouter's Club.

Atomic Credit Union Sets New Office Hours: 7:30 a. m. - 4 p. m.

New office hours for the Atomic Employees Credit Union are in effect.

The office is now open from 7:30 a. m. to 4 p. m., except Tuesdays, weekends, and holidays.

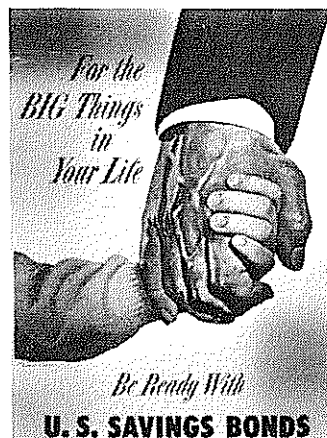

On Tuesday the office is open only from 7:30 a. m. to 8:30 a. m.

A. H. Clary, president of the cred-

it union, said the changes in hours were made in order to give better service to employees. The old hours were from 8 a. m. to 4:30 p. m.

President Clary said that closing the office from 8:30 a. m. to 4 p. m. on Tuesday was done in order that posting and other necessary office work could be accomplished.

Too often we judge ourselves by our motives; others by their actions.

THESE MEN WILL GUIDE the Goodyear Atomic Outdoorsmen's Association of Jackson for the coming year. They were elected to office last month. From left to right are L. M. Crow, C. I. Crawford, A. L. Baughman, and Roscoe Weimer, Jr.

New Officers Elected; GAT Outdoorsmen's Group Discusses Club's Future Program

Newly elected officers of the Goodyear Atomic Outdoorsmen's Association of Jackson will continue the ambitious program the club has established in its short two years of existence.

The newly elected officers are: A. L. Baughman, Department 814, president; L. M. Crow, Department 813, vice president; C. I. Crawford, Department 851, secretary, and Roscoe Weimer, Jr., Department 712, treasurer.

President Baughman said the purpose of the club is to promote good conservation practices.

"We feel," the new president said, "that our club, in connection with the Jackson Farmer-Sportsman Club, has accomplished many things toward that end."

To substantiate this, he cited just a few of the club accomplishments in the past year: establishment, in connection with the National Rifle Association, of a Hunter Safety Course for young boys and girls; having conservation officers address the group at the monthly meetings; sponsoring turkey shoots to raise money, and making a real effort to stock pheasants in the hills of Jackson County. The reeves pheasant, according to Ohio's Wildlife Council, is best suited for the club's area. Ringneck pheasants will not thrive and reproduce in the area.

The president explained that the money raised from the turkey shoot, along with the annual \$1 dues, goes for such things as renting films to show its members, sponsoring the Hunter Safety Course, to establish a fund which will enable the club to purchase its own property.

Program

In addition, the president listed the following as projects for the coming year:

To continue, on an enlarged scale, the National Rifle Association Hunter Safety Course.

To work with other conservation groups to secure a law making quail legal game in the State of Ohio.

To get Association members to assist conservation officers in netting and transporting fish.

To have a committee look into

the feasibility of buying property for the association.

To promote better understanding and cooperation between farmers and sportsmen.

To plan entertainment that will stimulate interest in the meetings. The officers report good attendance at the monthly meetings from their 150 members, but they would like to see more members participate.

The enlarged Hunter Safety Course is a must, according to Secretary Crawford.

"We plan to extend this course to schools and scout troops in the county," Crawford said. "Another class was started this month."

Safety Course

The NRA Hunter Safety Course is aimed at teaching young boys and girls the correct means in handling firearms. Crawford said interest from the schools indicates the number of students would be limited only by the instructors from the club who could donate their time to give instruction.

The campaign to get laws on Ohio's books to have quail legal game is being carried on with the Jackson Farmer-Sportsman Club and other conservation groups.

"We feel that Ohio hunters are anxious to have such a law," President Baughman said.

Discussing the netting and transporting of fish, the new president said he felt that the information club members gain from this would be of advantage to the whole group, especially the fishermen. It was pointed out that the conservation

Atomic Credit Union Shows Gain; Is Complimented

The Atomic Employees Credit Union, Inc., has shown steady growth since its beginning last February.

Notation of this was made last month in a complimentary letter from W. Patrick Green, supervisor of Credit Unions for the State of Ohio.

In his letter to A. H. Clary, president of the local credit union, Green said, "Our Examiner's report of the first examination of your credit union reveals a steady growth in both members and in assets. So far as could be determined your officials appear to have been conscientious and diligent in the management of your organization."

Expressing optimism for club growth, he also urged that the Board of Directors maintain close review of the growth and also for the board of directors to be constructive and progressive in its investment.

"The security of investment of your shareholders should never be jeopardized," Green said.

officers net the fish and transport them to other waters for stocking purposes and research work.

Club Facilities

One of the fondest hopes, not only of the officers but the club members, is to have their own property, on which they can build their own club house.

"We have imposed on the Jackson Farmer-Sportsman's Club since our club was organized," Baughman said, "and they have been very helpful and generous to us in lending us their facilities. Having our own facilities would eliminate the imposition on the Jackson Farmer-Sportsman Club."

The officers feel that promoting better understanding between sportsmen and farmers would be a real benefit to both groups and would enable the two to work together for good conservation practices.

Classifieds

All ads submitted to the Clan office must be typed, or printed, contain the employee's badge and department numbers, his home telephone number or address, and signed in ink. Deadline is last day of the month.

FOR SALE

Home for sale, by original owner, 4 years old, 3 or 4 bedroom, full basement, perimeter automatic heat, city water, air conditioned, Hogan Street (Rosemount Addition, Portsmouth), fifteenth house on right off Old Scioto Trail. Phone: ELMwood 3-5335.

REPRESENTATIVES OF GOODYEAR ATOMIC'S bowling leagues discuss the annual bowling tournament which will be held next spring. Standing, from left, are J. R. Shoemaker, Department 630, R. A. Holthaus, Department 820, and C. A. Johnson, Department 210. Seated, from left, are Howard Galloway, Department 612, F. D. Hyland, of the recreation department who will act as tournament secretary, and E. O. Wuerch, Department 815.

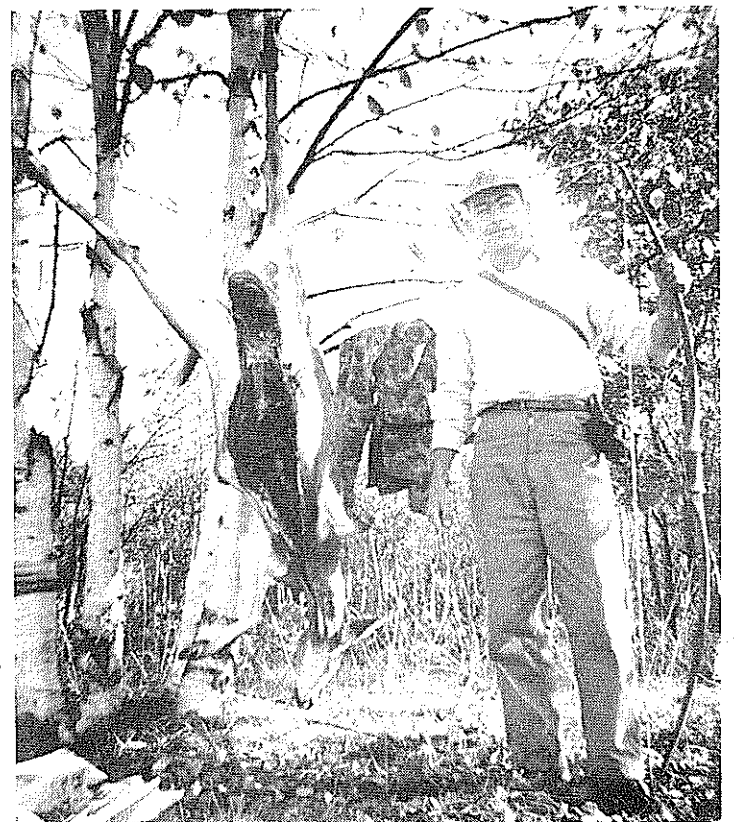

Discuss Plans For GAT Bowling Tourney

Preliminary plans are being prepared for the annual Goodyear Atomic Bowling Tournament to be conducted in February. The dates have been set tentatively for February 9 and 16, 1957, with a roll-off for the singles championship to be held February 23.

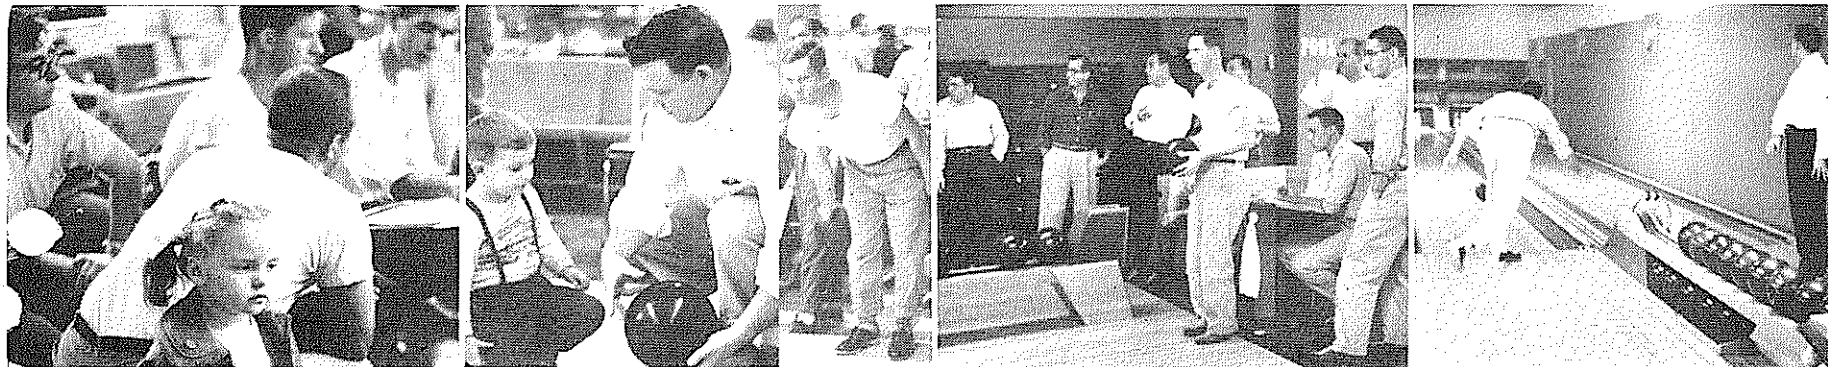

This year a steering committee consisting of representatives of five leagues, aided by F. D. Hyland, of the recreation department, will decide upon the place, time, manner of roll-off, etc. League representatives on the committee are J. R. Shoemaker, Portsmouth League; Howard Galloway, Waverly Monday Night League; R. A. Holthaus, Waverly Wednesday Night League; C. A. Johnson, Chillicothe League; and E.

O. Wuerch, Jackson League. Hyland is to act as secretary of the tournament.

Employees who are participating in the various leagues, are urged to make their suggestions known to their league presidents, who in turn can bring their ideas to this steering committee. In this way, the GAT Bowling Committee hopes to have an excellent tournament.

A BOW AND ARROW MAN. Jack Harrison, Department 814, is shown with the 130 pound deer he bagged on a recent hunting trip. Harrison and another GAT employee, John V. Boggs, Jr., Department 731, made the deer hunting trip to Higgins Lake, Michigan. Harrison used a 58-pound bow with a 28-inch steel tipped arrow. He was standing approximately 57 yards from his quarry when he released the arrow. The deer was running away from him.

SHIFT BOWLING has proved very popular this year. Leagues have been formed in Waverly and Portsmouth. The pictures on this page are of A Shift bowlers. In addition to A Shift, B, C, and D Shifts have leagues in Waverly. B, and C Shifts have bowling leagues in Portsmouth. Approximately 175 employees are bowling in shift leagues.

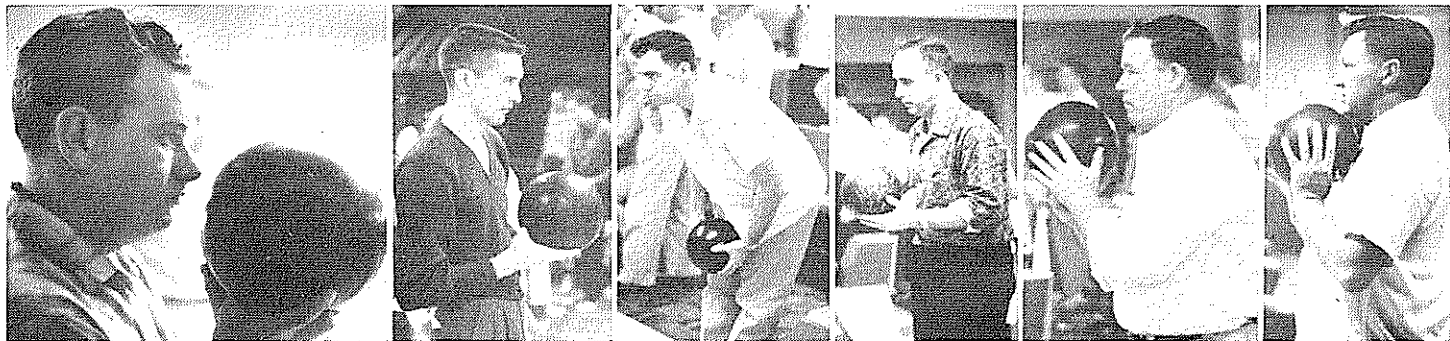

Employees Are Recognized For Boy Scout Activity

Several Goodyear Atomic Corporation employees were among participants receiving Scioto Area Council awards at the Annual Boy Scout Banquet held last month in the Second Presbyterian Church, Portsmouth.

The GAT employee's son received his Eagle Badge. He was Tommy Barker, son of Tom Barker, Department 732. The institutions sponsoring Pack No. 53 and Troop No. 53 of South Webster, received the Area Council President's Appreciation Award for outstanding service to Scouts in their local area. Dick Hyland, Department 203, is the neighborhood commissioner as well as institutional representative for Troop 53 and a committeeman for Pack No. 53.

Other employees active in Troop 53 are Charles Horner, Department 422, Scout Master, who presented to the banquet guests two Eagle Scouts from Troop No. 53; Bill Masters, Department 251, Chairman of the troop committee; Forrest Donley, Department 732, Merit Badge Counselor; and Virgil Ramsey, Department 424, Secretary, troop committee. Donley also is Cub Master of Pack No. 53.

Many other Goodyear Atomic employees active in Boy Scout work attended the banquet.

BOWLING IS SERIOUS BUSINESS. These candid shots, taken by Don Landstrom, Department 375, show the intense concentration of these bowlers.

DEPARTMENT 712 TEAM, above left, leads the A Shift Portsmouth Bowling League. On the team are, from left, C. Givens, Department 825, R. M. Nance, C. E. Lucas, and H. H. Colcord, all of Department 712. Seated is the team's top bowler, C. W. Allen, Department 712. Area 5 team, above right, leads the Waverly A Shift Bowling League. Front row,

left to right, are R. E. Moore, J. W. Bond, and R. G. West. Back row, left to right, are R. W. Pierre, R. W. Shultz, W. L. Harbert, and W. J. Pinkerton. All team members are in Department 815. West is the team's leading bowler. This is the first year the shifts have had bowling leagues.

BASKETBALL LEAGUES IN ACTION AT WAVERLY, PORTSMOUTH; PLAYERS LISTED

Two Goodyear Atomic basketball leagues began league play the first of this month.

Play is in the Ohio National Guard Armory, Portsmouth, and in the East Elementary School, Waverly. There are eight teams in the Waverly League and six teams in the Portsmouth League.

THE WAVERLY LEAGUE teams, managers, and players are:

ANALYZERS

Charles H.
