## ATOMIC EDITION

THE BEST IS YET TO COME

VOLUME V

PIKE COUNTY, OHIO, WEDNESDAY, OCTOBER 16, 1957

NUMBER 2

## EDUCATIONAL ASSISTANCE PROGRAM IS POPULAR; GOODYEAR EMPLOYEES CONDUCTING THREE COURSES

### Review — OF — Labor Relations

In accordance with Article XIV of the OCAW Contract, the Union announced the names of the stewards who have been designated as Shift Safety Representatives. They are R. L. Dever, "O" Shift; W. W. Hyland, "D" Shift; C. E. Euton, "C" Shift; P. W. Wooten, "B" Shift; and R. E. Moore, "A" Shift.

As offered by the Company during the course of negotiations, these individuals were given a comprehensive training program covering all phases of the Company's safety program during the week of October 14-18. Representatives from the shift superintendent's staff also attended.

The union also named its representatives on the Apprenticeship Committee. C. A. Romine and E. L. Hill will meet with Company representatives to work out the conditions of the Apprenticeship Training Program as outlined in Article XIX of the Contract.

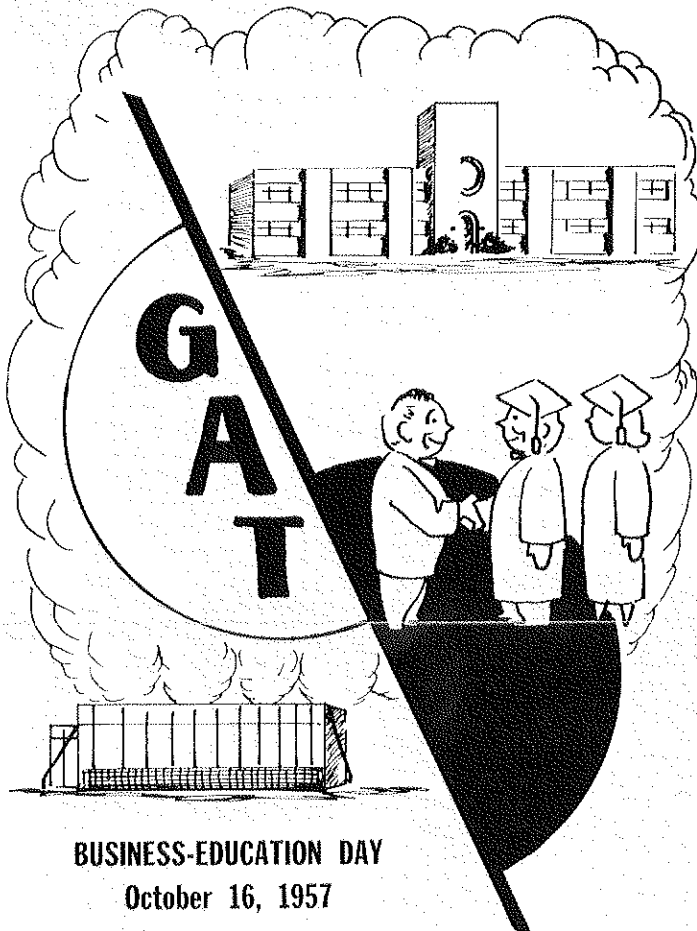

The two above-named individuals will be joined by H. N. Stone to form the permanent Union representatives from each classification which will function with Company representatives after the initial apprentice groups begin training.

### Church Laymen Hear Four GAT Employees

Four GAT employees conducted a Leadership Training Course in the School of Religion which was sponsored by the Ross County Council of Churches, October 7 through 11.

The four were L. E. Cormany, C. J. Ostergren, and H. E. Meacham, all of the training department, and A. L. Lowry, community relations department. Cormany's subject was "Conference Leadership", Ostergren spoke on "Leadership Through Problem Solving", Meacham's talk was devoted to "Teaching Adults", and Lowry's subject was related to "Creative Thinking".

Approximately 20 laymen from churches in Chillicothe and Ross County attended.

BUSINESS-EDUCATION DAY

October 16, 1957

GOODYEAR ATOMIC CORPORATION

### Chillicothe Teachers Are Guests Of Goodyear Atomic For B-E Day, Oct. 16

Goodyear Atomic served as host on October 16 to 26 high school teachers from the Chillicothe and Frankfort schools. The teachers' visit was part of Business-Education Day, and was sponsored by the Chillicothe Chamber of Commerce with assistance from GAT and other industrial and business firms in the Chillicothe area.

The teachers were brought to GAT from Chillicothe by chartered bus. They were welcomed by D. H. Francis, general manager. A short history of Goodyear Atomic and an outline of the training program was presented by L. E. Fuller, superintendent of personnel services.

Dr. C. R. Milone, manager, technical division, gave the teachers an unclassified description of the gaseous diffusion process, which was followed by a perimeter road tour of the plantsite.

After lunch, at which the teachers and other participants in the pro-

gram were guests of the operating committee, H. McClelland, training department, summarized GAT's Educational Assistance Program, and Dr. R. B. Stambaugh, development laboratory superintendent, talked on present and future applications of atomic energy.

A question period conducted by a panel composed of Francis, Fuller, Milone, McClelland, and Stambaugh completed the program.

Business-Education Day is designed to acquaint teachers with the activities, products, and processes of industrial, retail, and service establishments. By better understanding the operating principles of local firms, the teachers can help to furnish counsel and guidance to their students which will aid them in their choice of careers after they finish school.

Approximately 25 firms in the Chillicothe area participated in B-E Day.

### 1957 ALL-IN-ONE TOTALS \$37,000

The 1957 All-In-One Campaign, which was held October 7-11, resulted in an employee pledge of \$25,347.02 as of 8:00 a. m., Monday, October 14.

Eighty-five per cent of the employees had contributed to the campaign. The average donation per employee was \$9.25.

Goodyear Atomic Corporation's gift was \$12,000, resulting in a grand total of \$37,347.02. The employee contributions will probably increase in the final results as other pledges, collected over the weekend, were scheduled to be turned in Monday afternoon.

The figures for this campaign compare very favorably with the \$20,024.55 pledged by Goodyear Atomic employees in the 1956 campaign.

The All-In-One was a joint labor-management effort.

### Plowing Match Visitors Throng Goodyear Tent; Blimp Also Attraction

A Goodyear exhibit proved to be one of the most popular exhibits at the 1957 World's Conservation Exposition held at Peebles last month. An estimated 80,000 persons visited the 90-by-60 foot tent which contained exhibits of Goodyear farm tires, the one-man helicopter, plastic-hulled boat, the Carveyor, the Air-wheeled tractor, and Rolli-Tankers.

The Goodyear blimp "Ranger" made its home during the four-day event at the Scioto County Airport and cruised over the site of the plowing matches each day, taking newspaper photographers aloft for aerial photographs.

The appearance of the blimp over Portsmouth and nearby areas created widespread comment and on one occasion, when docking at the airport, attracted crowds so large that policemen had to be summoned to break up a traffic jam on the highway.

You can completely eliminate your enemies — by making them your friends.

### Fall Semester Begins For 149 Goodyearites Who Continue Studies

When classes began approximately three weeks ago at colleges and universities across the country, Goodyear Atomic employees must have caught the spirit, because 149 Goodyearites, both hourly and salaried, have registered for college courses this fall under the Educational Assistance Program.

Goodyearites are not only taking courses for college credits, but, in the case of 38 of these employees, are being instructed by other Goodyearites. The 38 employees are registered for three courses on plantsite being taught by Miss Delores Landreman, technical review department, Dr. Franklin E. Massoth, chemistry department, and Frank L. Kurtz, employment department.

Delores Landreman

Delores is instructing 11 of her fellow employees in Research and Technical Writing, listed in Ohio U.'s catalog as English 291. Her assignment combines past and present experience admirably, since she taught English composition and literature at the Appleton (Wisconsin) High School before joining GAT as a writer and editor of technical reports.

She received a BA degree in English from Lawrence College in Appleton and her MA in the same subject at the University of Minnesota. Miss Landreman was also a member of the WAVE during World War II.

(Continued on page 2)

**FIREMAN D. E. EASTER**, looking like a spaceman in his asbestos fire-fighting suit, wades into a fire of burning oil with a hose line as part of a demonstration held during Fire Prevention Week. The fire department held a week-long series of demonstrations of fire fighting techniques to help make employees fire-conscious.

## Blessed Events

Mr. and Mrs. W. R. McKee, (cascade maintenance department), daughter, Paula Jayne.

Mr. and Mrs. Clarence Massie, (mass spectrometry department), son, Bruce Edward.

Mr. and Mrs. Leonard W. Mailiard, (process area 1), son, Jeffrey L.

Mr. and Mrs. Robert P. Holland, (records management department), son, Joseph Patrick.

Mr. and Mrs. Frank R. Hornback, (instrument maintenance department), son, Paul Franklin.

Mr. and Mrs. Ernest A. Pence, (cascade operations subdivision), daughter, Julia Janyell.

Mr. and Mrs. Donald L. Scott, (physical measurements department), son, Keith Bernard.

Mr. and Mrs. Reed H. Walters, (special and mechanical shops department), son, Clay Russell.

Mr. and Mrs. Robert E. Romanello, (safety engineering department), daughter, Elaine Sue.

Mr. and Mrs. Donald Ray Hunt, (tabulating service department), son, Kent Bryan.

Mr. and Mrs. John J. Gemperline, (mass spectrometry department), daughter, Nancy Jean.

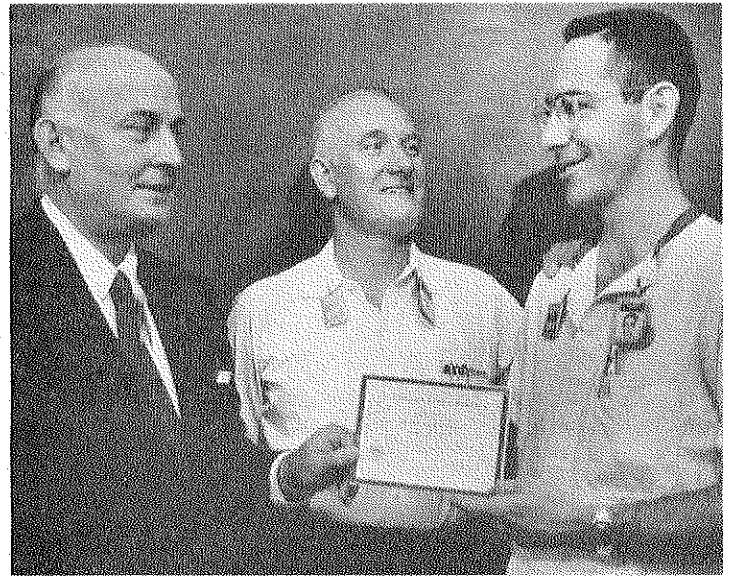

Mr. and Mrs. Floyd Chandler Cartron, (laundry department), son, Ronald Chandler.

Mr. and Mrs. Ferrell Tackett, (decontamination department), daughter, Tina Ruth.

Mr. and Mrs. Marvin E. Tester, (chemical engineering department), daughter, Lesi Ann.

Mr. and Mrs. Charles Edward Axthelm, (instrument and electrical engineering), daughter, Kathy Anne.

Mr. and Mrs. Dennis Howard Hall, (special and mechanical shops department), son, David Scott.

**GAT'S LATEST** Wise Owl Club member, Richard L. Ice, right, receives his certificate of membership from G. H. Reynolds, manager, production division, as Ice's foreman, D. W. Ellett, looks on. Ice escaped injury to his eyes when a wrench he was using slipped and struck his safety glasses.

## GAT Employee Receives Recognition For Wisely Wearing Eye Protection

### Columbus Engineer Will Address AIEE Chillicothe Meeting

The Chillicothe Subsection of the American Institute of Electrical Engineers, at its October 24 meeting, will hear W. Robert Melzer, district consulting engineer for the International Research and Development Corporation, speak on "A Successful Method of Troubleshooting Many Kinds of Machinery." The meeting will be held at 8:00 p. m. at the Columbus and Southern Power Company.

**W. Robert Melzer**

Melzer is a 1949 graduate of Ohio University, majoring in physics and mathematics. He is concerned with sales, service, and application of analyzing and balancing equipment for the International Research and Development Corporation, Columbus.

Visitors, regardless of whether or not they are AIEE members or engineers, are invited to attend. Educational institutions. Six people are required to register for a plantsite course before it will be taught, and anyone may join a plantsite course once it has been established if he has the required prerequisites.

"We're very pleased to have so many employees take advantage of this program," McClelland said.

The other plantsite courses being conducted this fall are Engineering 229 (Coaching for Professional Engineer's Examination), Physics 365 (Nuclear Reactor Theory and Practice), Mathematics 303 (Numerical Analysis), and Mathematics 207 (Applied Statistics).

Registrations have ended for classes for this fall semester. The second semester will begin in February.

Goodyear Atomic gained its tenth member of the Wise Owl Club on September 2, 1957, as Richard L. Ice, chemical operations department, was tightening a flange fitting.

Ice was using a wrench to hold a bolt fast while he turned the nut from the bolt. When he exerted pressure on the nut, the wrench slipped and struck him in the face.

The rim of his safety glasses absorbed much of the impact of the blow but the force was still sufficient to chip the lens of the glasses. There is no doubt but that he would have sustained an eye injury if he had been wearing ordinary glasses or had been without eye protection of any kind.

G. H. Reynolds, manager of the production division, in presenting the award to Ice, said, "It gives me more pleasure to present this award than any other. Congratulations on your wisdom in wearing eye protection."

J. B. Mitchelson and B. W. Penland, Ice's superintendent and supervisor, were also present for the ceremony.

**A friend is one who walks in when the rest of the world walks out.**

## Chorus Officers

The GAT Male Chorus has elected its permanent slate of officers to serve in 1957-58.

They are president, M. L. Hanson, electronics department; secretary, J. A. Pond, analysis and design department; treasurer, J. W. Wesner, wage and salary standards department; and librarian, Bastian Fagginger-Auer, technical library.

Marian Shawkey, stenographic pool, is accompanist for the group.

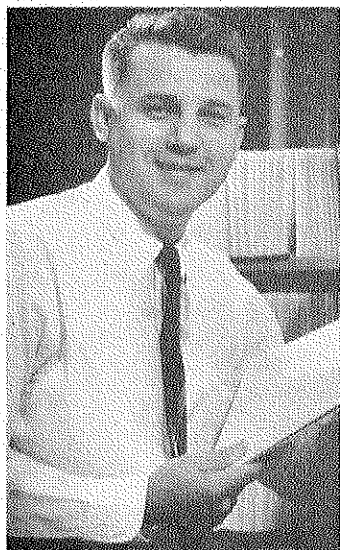

**They say that the best things in life are free. But you need imagination and good legs to find them.**

## EDUCATIONAL PROGRAM

(Continued from page 1)

Eighteen employees interested in the principles of personnel management are enrolled in Management 312, Administration of Personnel, which is being taught by Frank Kurtz. Frank, who is getting his first experience in instructing, has had approximately 10 years experience in various phases of personnel administration.

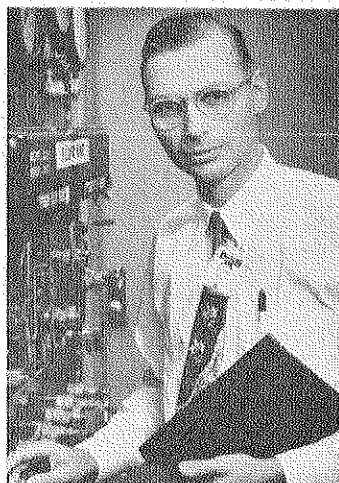

After serving as a marine in the Pacific Theater for three years, Frank enrolled in Baldwin-Wallace College from which he was graduated in 1948 with a BA degree. He majored in personnel psychology. Frank also had a year of graduate study in psychology and industrial management

**F. L. Kurtz**

at Bowling Green State University approximately four years before coming to GAT in February, 1953.

Dr. Massoth is conducting a course in Physical Chemistry, Chemistry 313, in which nine employees are

**Dr. F. E. Massoth**

enrolled. He received his BS degree from Queens College in 1948, his MS (1950) and PhD (1955) degrees from the University of Syracuse. His major in all three degrees was chemistry. Dr. Massoth joined Goodyear Atomic in 1955 as a physical chemist.

The educational background of GAT employees enrolled in these courses varies tremendously. Many are undergraduates working toward their bachelor's degree. The majority have a bachelor's and want credits toward their master's degree. Probably the outstanding example of a desire to learn is exhibited by the Goodyearite who has a PhD degree and who was formerly a college professor. He is enrolled in one of the plantsite courses this fall.

### Other Courses

In addition to the three plantsite courses being taught by GAT employees, Ohio University instructors are conducting four others. A total of 75 employees are registered for these four courses.

H. McClelland, training depart-

ment, who is charged with the responsibility for the administration of the program, said that an eighth course, Atomic Physics, was planned for this fall, but that it had to be dropped because not enough people registered for it.

"A survey conducted in August indicated that a sufficient number of employees wanted this course to warrant its being taught," said McClelland, "so we asked Ohio U. to provide an instructor for it. When they told us they couldn't, we got them to certify Karl Beu, physical measurements department, as the instructor. Karl was all set to handle the course, but there weren't enough registrations, so it was dropped. It was a big disappointment to both of us."

### 126 Employees

There haven't been many disappointments of this nature in the Educational Assistance Program, however, because the figures show that since it was started just one year ago, 126 employees successfully completed courses.

Fifty-two of these have received tuition refunds for courses taken off the plantsite and 74 have completed classes held on the plantsite. Courses are taught on plantsite only when they are not available at nearby edu-

## THE TRUE CHAMPION

"Without the losers there could be no winners, or champions."

This statement was made at the Banquet of Champions the other night by one of the speakers. As we listened, further implications of his remark dawned on us.

To be a true champion requires more than just being a winner. For the true champion must be sufficiently sensitive to the feelings of his competitors to show humility in victory and gentleness in triumph.

The true champion recognizes that a great many attributes — in the right combination — are necessary to bring him victory. Spirit, health, concentration, coordination, skill, the will to win — these he must have to win.

Some of these attributes are inherited, a gift from God and parent.

Spirit, health, coordination, and the will to win — to these attributes the winner must add his intense desire to play the game well, and the willingness to spend the necessary time and money to develop and perfect his "gifts".

As we said, these thoughts occurred to us as we sat among the company's champion athletes. But these attributes go far beyond the athletically-inclined.

All of us need them. And all of us would do well to cultivate them.

## Classifieds

All Wingfoot Clan ads must be typed or printed, and contain a "blind" address or telephone number to which initial contact can be made. The ad must be signed in ink and carry the employee's department number, badge number, and plant-site telephone number. This service is for employees who have items to buy, sell, or trade. No commercial ads can be accepted.

### FOR SALE

Trailer, 12½ feet long. Weight, 1250 pounds. All aluminum custom built. Ideal for traveling, camping, or vacation. Sleeps six. Complete galley with refrigeration and dinette. Bottle gas floor furnace. See at 406 Hillside Avenue, Waverly, Ohio.

Ten-foot duck boat. \$30.00. Inquire Davis Camps, Rt. 2 Lucasville.

### WANTED

Used boys 20" bike in good condition. Call: Chillicothe PR 3-3867.

## Company Dance

Tickets for the company dance which will be held on Friday, November 29, at the Eagles Hall in Portsmouth will be placed on sale Tuesday, October 22.

Tickets can be purchased at the recreation department office or from the shift superintendents. The cost will be \$1.00 per couple.

Music for the dance will be furnished by Bill Carpenter and his orchestra from Columbus, Ohio. The dance will run from 9:00 p. m. to 1:00 a. m.

### Colbrunn-Moore

Miss Gloria Colbrunn and Frederick L. Moore were married September 20, in Kittaning, Pennsylvania.

The wedding was performed by Reverend Buell at the First Methodist Church.

Mrs. Moore is in the receiving department.

### Pinkerman-Davies

Miss Shirley Pinkerman and Jerry Davies were married recently in West Portsmouth by Reverend Frazer.

Mrs. Davies is in the stores department and Davies works in process area 2.

### Dickey-Smith

Miss Jeanne Dickey, Copperhill, Tennessee, and Billy G. Smith were married September 14, at the First Baptist Church, in Copperhill, by the Reverend Duncan.

Smith is in the technical review department.

### Fulkerson-Short

Miss Cynthia Kay Fulkerson and Newton E. Short, technical squadron trainee, were married September 7, at the Franklin Avenue Methodist Church by the Reverend Nichols.

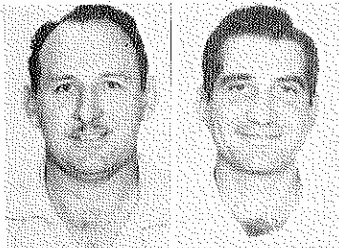

**MODERN DAY ROBIN HOODS** — These Goodyear Atomic employees competed in the September 28 tournament which was sponsored by the Pike Bow Hunters Club at the Pike County Fish and Game Club. Kneeling, left to right, are Bill Chambers, decontamination department; Paul Slaughter, laboratory services subdivision; Jack Mathena, electrical maintenance department; Ben Fenton, accounts payable and cashier's department, and John Boggs, machine shop. Standing,

from left, are Ray Newell, analysis and design department; Bill Plunkett, electrical maintenance department; Jock Hortel, cascade maintenance department; Chuck Norman, technical squadron; Charlie Bolt, laboratory services subdivision; Bill Fraley, utilities maintenance department; Bob Shepherd, plant engineering subdivision; E. V. Clarke, process area 2, and Mrs. Ben Fenton. A total of five area clubs took part in the tournament.

## October's Slogan Winners Are From Same Department

The October Safety Slogan Contest became the exclusive property of laboratory services subdivision when the slogan judging committee decided that Charles K. Miller and G. G. Galles of the building operations section had submitted the best entries.

C. K. Miller G. G. Galles

Miller's slogan was, "It's Up To You To Do Your Part, Prevent Fires Before They Start."

Galles' safety thought, which will be posted on the Safety Signboard for the remainder of this month, read, "Routine Inspection and Correction, Provides Sound Fire Protection". Galles also submitted a winning slogan in July.

Slogans for the month of October were devoted to fire safety to help promote Fire Prevention Week, which was October 6-12. There was a total of 39 slogans entered in the contest.

## IN MEMORIAM

Nathan J. Salyers, 42, of the electrical maintenance department, died October 2, at the Veterans Hospital, in Dayton. He had been ill for 16 months.

Clyde D. Booth, 47, died September 28, at Mercy Hospital, in Portsmouth. His widow, Madge, works in the uranium analysis department.

## Pike Bow Hunters Win Area Meet

The Pike Bow Hunters Club, 90 percent of whose members are GAT employees, took first place in the area tournament which they hosted at the Pike County Fish and Game Club on September 28.

The Pike Club's winning total was 205 points.

Billy R. Chambers, decontamination department, was the high scorer among the 50 shooters taking part in the tournament. He was awarded a bow and arrow rack as a prize.

Clubs from Lucasville, Hillsboro, Jackson, and two clubs from Iron-ton furnished the opposition for the local "nimrods".

Bow-shooting tournaments are divided into two phases. One phase is the "field course" which consists of 14 targets similar to rifle targets. The center, or "bull's-eye" section carries a five-point score, and an arrow in the area outside the center scores three points. Each bowman is allowed to shoot four arrows at each target. The targets are placed at distances varying from 30 feet to 80 yards from the shooter.

### Broadhead Course

The second phase of the tournament is a "broadhead target" course. Broadhead targets are profiles of animals. Contestants are allowed a maximum of three shots at each of the 14 profiles. If the first arrow strikes the broadhead, no more are allowed. Points are graduated on the target, with the vital areas carrying the highest mark. More points are awarded for a strike on the first arrow than are given if the bowman has to shoot a second time after missing with the first. Likewise, a hit on the second shot scores more than a third-shot strike.

The Pike Bow Hunters Club, organized last May, has 38 members. Meetings are held monthly at the Pike County Fish and Game club. Employees interested in joining the group can contact the president, Jack

Hortel, cascade maintenance department, or Ray Newell, analysis and design department, who is secretary-treasurer.

## Bowling Tournaments, Trophies Announced

The bowling program for the 1957-58 season will feature five tournaments. Two will be held in Waverly, two in Chillicothe, and one in Portsmouth. The recreation department also has determined the categories in which bowling trophies will be awarded at the 1958 Banquet of Champions.

Tournaments will be conducted as follows: January 11, Mixed Doubles Tournament at the 20th Century Lanes, Chillicothe; February 8 and 15, Men's Handicap Tournament at the Classic Lanes, Portsmouth; February 22, Women's Handicap Tournament at Weiss Recreation, Waverly; March 1, Men's Scratch Singles Championship Tournament at 20th Century Lanes, Chillicothe; March 5 and 6, Men's Shift Handicap Tournament at Weiss Recreation, Waverly.

The following will receive trophies: (1) league champions; (2) 1st and 2nd teams — mixed doubles tournament; (3) 1st, 2nd, and 3rd teams — men's handicap tournament; (4) 1st and 2nd teams — women's handicap tournament; (5) 1st, 2nd, and 3rd individuals — men's scratch singles tournament; (6) 1st and 2nd teams — men's shift handicap tournament.

He that brings sunshine into the lives of others cannot keep it from himself.

# ATHLETES HONORED AT THIRD ANNUAL BANQUET OF CHAMPIONS AT LAKE WHITE

## Individual Trophies Given To 150 Athletes For Winning Efforts

Approximately 150 champions in bowling, golf, softball, basketball, and touch football were honored on October 7, at GAT's 1957 Annual Banquet of Champions.

R. F. Jones, recreation department, acted as master of ceremonies, introducing the members of the operating committee who presented trophies to the captains of the winning teams and to the company champions and runners-up in bowling and golf. Champions on "C" Shift, who were scheduled to work, were announced and applauded.

The company champions were told that the recreation program is still on the upswing. F. D. Hyland, of the recreation department, said that there were 15 more bowling teams, 16 more golf teams, two additional employee clubs, and one more company dance held in 1957 than in 1956. Attendance at the annual picnic, Christmas party, and golf play-days also showed increases.

The names of individuals who received trophies follow:

### Shift Handicap Bowling Tournament

- Company Champion—E. Huels.
- 2nd Place—H. Kallaher.
- 3rd Place—V. Spires.
- 1st Place Team—Waverly—H. Painter, D. Jessee, T. Quinlan, R. Overly and D. Vondrell.
- 2nd Place Team—Portsmouth—G. Ashley, R. Blaine, W. Bloss, H. White and M. Whiteside.

### Women's Handicap Bowling Tournament

- 1st Place Singles—Ruth Clark.
- 2nd Place Singles—Alberta Sparks.
- 1st Place Doubles—Dean Clements and Kathryn Davis.
- 2nd Place Doubles—Ruth Clark and Margaret Markley.
- 1st Place Team—Faye McPherson, Mary Allen, Elaine Weimer, Kathryn Davis and Dean Clements.
- 2nd Place Team—Peg Henry, Edith Ferguson, Kaye Piatt, Ruth Clark and Winnie Chase.

### Company Handicap Bowling Tournament

- 1st Place Singles—J. Richardson.
- 2nd Place Singles, J. Webb.
- 3rd Place Singles, L. Talbert.
- 1st Place Doubles, R. Adams and J. Webb.
- 2nd Place Doubles—W. Burke and W. Fain.
- 3rd Place Doubles—C. Daniels and D. Jessee.
- Bloopers—A. Nelson, J. Webb, R. Adams, R. Pray and W. Hammond.

Production—W. Burke, W. Fain, H. Rase, J. Greene and J. Russell.  
Rookies—J. Crawford, L. Bickett, A. Prario, R. Kohler and P. Cassell.

### Women's Bowling League Winners

- Purchasing—Phyllis Bowling, Pat Hankins, Anita Pflug and Melvie Henry.
- Hookers—Helen George and Gladys Gearhart.
- Fireballs—Phyllis Lallow, Sue Doyle, Una Kincaid and Ruth Haney.
- Maple Leaves—Cynthia Schrier, Joan Crawford, Jean Keiser, Pat Dixon and Virginia Dirmeyer.

ONE HUNDRED FIFTY EMPLOYEES received trophies at GAT's Annual Banquet of Champions held October 7, at the Lake White Club. In top row, at left, Jack Wilkerson, plant engineering subdivision, receives his team's trophy from I. S. Gharky, manager, purchasing and materials division. Center, Dr. C. B. Milone, manager, technical division, presents Faye McPherson, whose husband is in the special and mechanical shops department, the trophy won by her team. Right, Bill Kouns, cascade coordination department, receives his individual trophy as others wait in line. At left, center row, are Esther Speck, Dick Hyland, and Dick Jones, all of the recreation department, with the individual trophies presented to bowling, softball, basketball, golf, and touch football winning team members. Center, P. H. Benner, purchasing department, leads the gathering in group singing. Accompaniment was provided by Marian Shawkey.

### League Winners

- "A" Shift Waverly—R. West, W. Harbert, J. Bonds, W. Pinkerton, R. Moore, R. Schultz and R. Pierre.
- "B" Shift Waverly—P. Cravens, L. Johnson, H. Byrd, G. McGee, A. Ondera and A. Gill.
- "C" Shift Waverly—W. Horne, C. Spencer, W. Crownover, J. Wolford and J. Simpkins.
- "D" Shift Waverly—R. Jamison, L. Talbert, D. Faigley, G. McIntosh, G. Williams and L. Curtis.
- "A" Shift Portsmouth—C. Allen, T. Burke, H. Colcord, C. Givens and R. Nance.
- "B" Shift Portsmouth—W. Kouns, J. Fearing, P. Phipps, G. Gastalle, R. Backus and P. Wooten.
- "C" Shift Portsmouth—L. Shockey, P. Thompson, C. Davis, L. Brant and W. Walters.
- "D" Shift—Portsmouth, B. Dyer, K. Johnson, P. Briggs, J. Burton and R. Martin.
- Chillicothe League—L. Parker, S. George, P. Rodecap, W. Sams, L. Fisher and R. Schultz.
- Waverly Monday League—O. Tussey, H. McClelland, R. Bowers, G. Newman, J. Crawford and A. Wetnecke.
- Waverly Wednesday League—D. Wright, H. McClelland, W. Pearson,

- M. Geneva, L. Wise and R. Holthaus.
  - Jackson League—W. Farmer, R. Gillespie, L. Crow, E. Wuerch, P. Davis and R. Thompson.
  - Portsmouth League—A. Nelson, J. Webb, R. Adams, R. Pray and W. Hammond.
- ### Golf
- Company Champion—R. Gustavson; Runner-up, W. Pollard.
  - Chillicothe Tuesday League: J. Wilkerson, H. Kallaher, L. Schum and B. Boyle.
  - Chillicothe Thursday League: R. Gustavson, B. Ulrich, J. Homan and E. Alexinas.
  - Waverly Tuesday League: W. Farmer, P. Kimes, P. Harris and G. Towler.
  - Shift League: C. Allen, H. Colcord and J. Camp.
  - Women's League: Virginia McDonald, Muriel Rector, Anita Pflug, Irene Ingall, Alberta Sparks, and Margaret McNaughton.
- ### Touch Football
- Inspectors—J. Dressler, E. Elliott, C. Kinker, J. Massey, B. Masters, A. Nelson, S. Ross, J. Scott, T. Taulbee and B. Welch.
- ### Basketball
- "D" Shift—L. Bradford, N.

stenographic pool, in foreground. At right, D. H. Francis, general manager, presents the company golf champion, Roy Gustavson, process engineering department, with his trophy. Bottom row, at left, are Muriel Rector, wage and salary standards department; Margaret McNaughton, whose husband is in the cashiers department; Virginia McDonald, purchasing division; Irene Ingall, finance division; Anita Pflug, security subdivision; Mary Swick, training department, and Edith Ferguson, computing department. They were winners in golf and bowling. Center is Frank Caldwell, special and mechanical shops department, at left, shown with his softball trophy, and Jim Gedra, plant engineering subdivision, with his basketball trophy. At right, are Ora Tussey, fire department, a bowling champion, and Wayne Pollard, carpenter shop, right, runner-up in the company golf championship.

- Christopher, M. Cremeans, H. Everett, J. Gedra, R. Gill, C. McCann, G. Neal, F. Noland, D. Scott, E. Staten, F. Stevenson and E. Workman. "A" Shift—J. Mason, D. Gilmore, W. Harbert, R. West, J. Bond, V. Kelley, R. Winebrenner, P. Emch, R. Webb, C. Secrest and H. Johnson.
- ### Softball
- Inspectors—C. Armstrong, J.

- Baer, F. Caldwell, H. Everett, J. Gedra, R. Holland, B. Inn, C. Kinker, A. Nelson, C. Pyle, S. Ross, J. Scott, T. Taulbee, J. Thompson and M. Williams. Reserves—B. Adkins, L. Curtis, A. Edens, R. Jamison, B. Lamb, E. Litteral, P. Neff, J. Oates, K. Petrey, M. Price, B. Smith, D. Sparks, V. Spires and L. Woods.
