THE BEST IS YET TO COME

VOLUME V PIKE COUNTY, OHIO, WEDNESDAY, JUNE 4, 1958 NUMBER 17

ENCYCLOPEDIA AMERICANA SELECTED BY COMMITTEE AS GRAND DRAWING PRIZE; OTHER PRIZES LISTED

Review —OF— Labor Relations

C. A. Romine, President of Local 10-689, OCAW, has announced that he will not be a candidate to succeed himself in the June 19, Union elections. He said that he was reluctantly withdrawing as a possible candidate for several reasons. He has served the Local as President for four terms; he was recently elected a Vice-President of the Ohio AFL-CIO; he has served as Vice-President of District 10 Council AFL-CIO, and he is a member of the Waverly City Council.

Romine stated, "My association with the Union has been an enjoyable experience and the treatment accorded me by members of the GAT management negotiating team has been very satisfactory. Any experience I may have gained in my four terms of office will be available to both the incoming officers and members of supervision."

Following are the first nominations submitted for Union officers which have been released by Romine:

- | | |
|--|----------------|
| President | |
| H. N. Stone | Department 712 |
| J. F. Wettstein | Department 711 |
| H. R. Sanson | Department 732 |
| J. R. Diamond | Department 810 |
| Vice-President | |
| G. E. French | Department 823 |
| C. E. Snyder | Department 824 |
| T. F. Hammond | Department 512 |
| H. L. Smith | Department 824 |
| J. R. Diamond | Department 810 |
| Financial Secretary-Treasurer | |
| B. D. Hurley | Department 814 |
| W. E. Collins | Department 732 |
| H. M. Perry | Department 814 |
| G. J. Bierbower | Department 711 |
| Recording Secretary | |
| C. A. Romine | Department 711 |
| W. J. Pinkerton | Department 815 |
| Trustee (three-year term)
(One to be elected) | |
| R. E. Casey | Department 711 |
| J. Bower | Department 731 |
| C. C. Gabbert | Department 724 |
| L. Ramey | Department 512 |
| M. Migyanko | Department 711 |
| Roy Walters | Department 732 |
| Guide | |
| R. E. Moore | Department 815 |
| L. K. Prario | Department 813 |
| W. J. Pinkerton | Department 815 |

(Continued on page 3)

THESE WERE SCENES outside portal gates the evening out a disabling injury between March 2, 1957, and out of May 15. Employees are shown with their safety January 15, 1958. To qualify for the award 3,000,000 awards earned for working 4,607,800 manhours with manhours were required.

Fleshman, Gill Repeat As Slogan Winners

Two repeat performers were declared winners of the June safety slogan contest.

M. V. Gill W. S. Fleshman

The safety slogan committee announced that M. V. Gill, police department, and W. S. Fleshman, process laboratory department, were the June winners selected from the 80 slogans submitted during the period.

Gill submitted this entry:
"Barricade the Road to
Accidents with Safety".

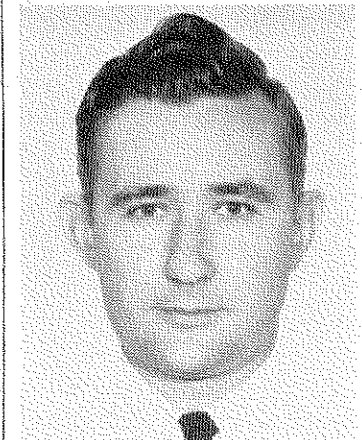

Fleshman's winning entry was:
"The Best Safety Rule
Is Useless if Ignored".

The winners will receive the customary \$10 cash award and are eligible for the semi-annual safety slogan award.

Employees are again reminded that members of their immediate families are also eligible to participate in the safety slogan award program.

Wuerch Is Appointed As Production Superintendent At New Apple Grove Plant

G. H. Reynolds, manager, production division, has announced several changes within the production division. The changes are a result of the promotional transfer of Eldon O. Wuerch to the parent company as production superintendent of the Videne Plant at Apple Grove, West Virginia.

E. O. Wuerch

W. B. Thompson has been appointed supervisor of cascade coordination replacing Wuerch. R. M. Zeek has assumed the responsibility of supervising the X-326 building, consisting of process areas 4, 5, and 6.

Wuerch joined the Goodyear Tire & Rubber Company June 28, 1948. Prior to coming to GAT he served

on the squadron and as a compounder at the St. Mary's plant. At the time of his transfer from GAT, he was cascade coordinator. He holds a bachelor of science degree in chemical engineering from the University of Wisconsin.

R. M. Zeek W. B. Thompson

Zeek joined GAT July 16, 1953. He is a graduate of Ohio State University with a bachelor of science degree in bacteriology. He also has done graduate work in chemical engineering. He is a member of the First Christian Church in Portsmouth and is currently serving as superintendent of the Sunday School. He is a member of the Masons, Lucasville Civic Service Club, and the Lucasville High School Booster's Club. Zeek, his wife and two children reside on Cook Road, Lucasville.

W. B. Thompson began his service with GAT March 2, 1953. He holds a bachelor's degree in chemical engineering from North Carolina State University. He has five and one-half years service previously with the Goodyear Tire & Rubber Company in the synthetic rubber program. He is a member of the American Radio Relay League and the Elks Club. Thompson, his wife and four children live in Chillicothe.

Most Picnic Details Completed For Outing At Camden On June 21

The GAT picnic committee, which is responsible for the smooth operation of the Fifth Annual Picnic, has announced that most of the detail work has been completed.

Only a few minor items remain to be done to complete the plans for the big event. The picnic will be held June 21, at Camden Amusement Park, a few miles west of Huntington, West Virginia.

R. F. Jones, general chairman, said the committee has selected the Encyclopedia Americana as the grand drawing prize.

The drawing for the prizes will be held between the hours of 3 p. m. and 3:30 p. m.

Other worthwhile prizes to be drawn out of the big hopper are a Bates Bedspread, a Deep Fry Cooker, Portable Mixer, Pair of Binoculars, Waring 2-Speed Blender, Electric Coffee Maker, Automatic Sandwich Grill and Waffle Baker, Set of 12—5th Avenue Dinnerware, and a Portable Typewriter with Carrying Case.

Those employees who have been laid off by the company since January 1, 1958, are invited to attend the Picnic. Tickets will be forwarded by the GAT Recreation Department upon receipt of written request. All employees must be in attendance at the Picnic to win a prize.

Co-committeemen G. H. Reynolds and Max Warnock, in charge of the grand drawing, urge all employees to sign the attendance sheet which will be at the information booth should they have to leave prior to the drawing.

To be eligible for a prize an employee must be in attendance at the picnic or working at the plant between the hours of 8 a. m. and midnight on June 21, 1958. An employee who "rolls out" on this date must be in attendance to be eligible. Any employee who is on vacation must be in attendance the day of the picnic to qualify for a prize.

F. E. Pickens, chairman of the identification and ticket committee, states that tickets will be distributed to employees through division secretaries. "Every attempt," says Pickens, "will be made to have the tickets in the hands of the employee by June 7."

(Continued on page 2)

Five Year Pins

Employees who will receive five year pins between June 1 and June 18 are as follows:

- | | |
|-------------------|------------------|
| R. F. Channel | P. I. Davis |
| F. A. Crum | M. W. Powell |
| V. A. Mustard | E. A. Smith |
| W. M. Bright | N. F. Reiter |
| J. W. Wesner | M. V. Tucker |
| W. C. Broce | F. Davis, Jr. |
| C. L. Kinker | J. M. Knisley |
| D. F. Freshour | M. C. Williams |
| T. C. Taulbee | R. W. Beabout |
| C. L. Cottle | M. H. Whiteside |
| G. R. Stone | A. A. Paris |
| R. E. McNaughton | C. R. Ball |
| R. B. Sommer | F. J. Lallow |
| M. B. Herold, Jr. | O. G. McClain |
| E. L. Hardman | R. L. Swick |
| W. C. Underwood | W. T. Allen |
| E. Mutter | W. M. Reffit |
| R. T. Glass | N. B. Potts |
| C. E. Phillips | W. L. Kouns, Jr. |
| J. R. Daily | E. F. Marsh |
| E. B. Lowe | M. Collier, Jr. |
| K. A. Kinker | A. F. Wilson |
| G. J. Williams | R. A. Born |
| R. F. Roe | R. D. Christman |
| C. L. Thomas | |

Credit Union Closed Tuesdays

The Credit Union will be closed after 8:30 a. m. each Tuesday to allow their employees to perform increased routine duties. GAT employees are requested to cooperate by not conducting Credit Union business on this day.

PICNIC

(Continued from page 1)

In addition to the drawing ticket everyone attending will have two refreshment tickets good for ice cream, soft drinks, snow cones, cotton candy, and pop corn.

All rides at the park will be free between the hours of 11:30 a. m. and 3 p. m. and 3:30 p. m. to 5 p. m. The rides will be shut down during the half hour (3:00-3:30 p. m.) grand drawing. An additional ride has been added to the park this year, the "Turnpike Cruiser", which is a form of car-ride, enjoyable for all ages.

Recreational and athletic events will be under the supervision of co-committeemen W. E. Ellsesser and J. T. Rhea. (See columns 1 and 2 on this page.)

R. H. Seaman, of the police department, chairman of the traffic and parking committee, will again contact the various law enforcement agencies along the routes to the park.

"We feel," Seaman said, "by letting these communities know they can expect increased traffic the morning and evening of the Picnic that traffic congestion will be held to a minimum. The State Patrol and local police will attempt to synchronize traffic lights to coincide with the flow of traffic."

Plan now to attend the picnic. Last year over 6,000 employees and members of their families were in attendance. The park will be open at 10 a. m. See you at Camden Amusement Park on June 21.

"GOOD OLD SCHOOL DAYS" END FOR THESE GRADS; ALL SONS AND DAUGHTERS OF GAT EMPLOYEES

These young men and women have realized that which they have been dreaming about for some time — high school graduation.

The students shown on this page, sons and daughters of Goodyear Atomic Employees, have written the final chapter to their high school days.

These graduates have heard commencement speakers, along with their parents and teachers, give them sound advice concerning the next venture of their young years.

For many of them it is a time of uncertainty — the boys especially. They have to decide whether to go to work — go to college — or meet their obligation to the military. For the young ladies — some plan marriage, while others will go on to college.

Whatever field of endeavor these young people choose to pursue, all of their friends join to wish them Godspeed.

John Daniel Wilkerson, Jr., son of Mr. and Mrs. J. D. Wilkerson, graduated from Chillicothe High School. His father is in the plant engineering department.

David Parrish, son of Mr. and Mrs. Paul R. Parrish, graduated from Piketon High School. His father is in the instrument maintenance department.

Judith Ann Chafin, daughter of Mrs. Eula S. Chafin, graduated from Portsmouth High School. Her mother is in the power operations department.

Derrell L. Pate, son of Mr. and Mrs. D. C. Pate, graduated from Chillicothe High School. His father is in the instrument maintenance department.

Errol L. Wells, son of Mr. and Mrs. D. L. Wells, graduated from Waverly High School. His father is in utilities maintenance.

Patricia McAllister, daughter of Mr. and Mrs. E. R. Newman, graduated from Waverly High School. Her step-father is in the utilities department.

Joanne Wiggins, daughter of Mr. and Mrs. Curtis C. Wiggins, graduated from Jackson High School. Her father is in the converter shop.

Frances Kay Piatt, daughter of Mrs. Mary Frances Swick, graduated from Waverly High School. Her mother is in the training department.

John Shawkey, Jr., son of Mr. and Mrs. John Shawkey, graduated from Waverly High School. His mother is in the personnel records department.

Barbara Ellen Johnson, daughter of Mr. and Mrs. Hubert O. Johnson, graduated from Keyser High School, Keyser, West Virginia. Her father is in the tool repair shop.

William D. Treece, son of Mr. and Mrs. Robert W. Treece, graduated from Piketon High School. His father is in cascade maintenance.

Cora Mae Tinker, daughter of Mr. and Mrs. John Tinker, graduated from Centralia High School. Her father is in utilities maintenance.

William T. Poole, son of Mr. and Mrs. George Poole, graduated from Chillicothe High School. His father is in the purchasing department.

Judith Osborne, daughter of Mr. and Mrs. Irvine E. Osborne, graduated from Wheelersburg High School. Her father is in the valve shop.

Jerry Brandt, son of Mr. and Mrs. Charles Brandt, graduated from Piketon High School. His mother is employed in the GAT cafeteria and his father is in the laundry department.

James B. Nelson, son of Mr. and Mrs. John H. Nelson, graduated from Waverly High School. His father is in the uranium analysis department.

Carol Jean Puckett, daughter of Mr. and Mrs. F. E. Puckett, graduated from Waverly High School. Her father is in the materials handling department.

Regina Kohut, daughter of Mr. and Mrs. S. A. Kohut, graduated from Waverly High School. Her father is in the electrical maintenance department.

Vernon Tucker, Jr., son of Mr. and Mrs. M. V. Tucker, graduated from Chillicothe High School. His father is in the instrument maintenance department.

Doris Webb, daughter of Mr. and Mrs. Austin Webb, graduated from Portsmouth West High School. Her father is in the janitor service department.

Office: X-100 Building, Second Floor, South Wing
Telephone 2165

WHAT IS SUCCESS?

What is Success — that strange, mysterious, illusive and often fleeting phenomenon that everyone seems to be seeking in one form or another? Can you define it? Do you know the correct standards by which it is determined or on what manner of scales it is weighed?

In order for an athletic coach to be considered a success must his team win all or most of the games? Is there such a thing as victory in defeat? Is a father considered a failure, if, in the process of clothing, feeding and educating his family he is forced to live in extremely modest circumstances?

You know of men who have obtained prominence and notoriety and were looked upon as highly successful even though they received their high offices through trickery or misrepresentation. On the other hand you know of capable and honest statesmen and public officials who have suffered defeat primarily because of their integrity and forthrightness. In the eyes of many, this honorable defeat changed their status from success to failure.

Success has many variations, different meanings, conflicting interpretations and varied concepts. The most unfortunate interpretation of success in today's society is that just about everyone has a tendency to think that success and money are synonymous. That success is wholly dependent upon financial standing. Too often an individual's success is judged by the kind of automobile he drives, the number of acres of land he owns, the size of his home, and the type of office to which he gets appointed or elected.

A leading churchman has written: "Every man's success in life depends chiefly on how much, how deeply, and how intimately he believes in God and how much power he yields to Him to guide and control his thoughts and feelings."

What is your definition for successful living? Can you explain your definition to a child? Would you say that the Biblical character Methuselah, who lived to the advanced age of 969 years, was a success on the basis of his longevity? As far as we know his sole accomplishment or claim to fame was that he lived nearly a thousand years.

Regardless of a man's station in life, true success means — Living Up To The Best That Is In Him At All Times. It means doing well, not only in your own work, but doing your best in every activity and endeavor in which you elect to participate. The man who enjoys the greatest success is the man who knows that he has given the best of his ability to everything he does. This man will have earned many friends. He will have developed his mind and learned consideration for those with whom he has come in contact. He will be known as a conscientious worker, a faithful husband and father, a forgiving foe, a just critic, and a wise counselor. A man true to his vows and true to himself.

H. Hinchman	Department 421

Other nominations will be submitted according to Romine.

"Regardless of your choice of candidate," said Romine, "I would like to remind every member of the bargaining unit of his responsibility to vote in the June 19 election."

SUN'S FUN BUT TAKE IT EASY!

A healthy tan is fine — but a sun burn can be fatal. Physicians advise — "take it easy!"

They also suggest: Short periods of exposure — 10 to 20 minutes at a time until the skin is tanned to resist the actinic rays. Mid-morning and late afternoon are safest.

At the seashore, remember that salt water drying on the skin adds to the burning property of the sun's rays; don't stay in too long.

Some skin specialists suggest oils, lotions and creams as protection, as well as no shower 15 minutes after sun bathing.

Non-irritating salves or lotions, such as vaseline or boric acid, are indicated for sun burn.

Mr. and Mrs. Lonnie D. Kriebel, (utilities maintenance department), daughter, Dwana Lee.

Mr. and Mrs. Paul Hammond, (cascade operations subdivision), daughter, Connie Sue.

Mr. and Mrs. Joseph W. Augustin, son, David William. Mrs. Augustin (Wilma) is on leave of absence from the process engineering department.

Mr. and Mrs. Thomas S. Roth, (mechanical development department), son, Daniel Roger.

Mr. and Mrs. T. A. Renshaw, (physical measurements department), daughter, Nina Marie.

Mr. and Mrs. Austin Webb, (janitor service department), son, Keith Otto.

Mr. and Mrs. W. J. Donahoe, (fire department), son, Gregory Lane.

Mr. and Mrs. Ivan Brown, (instrument maintenance department), son, Rex Lee.

Mr. and Mrs. Harold Spradlin, (special and mechanical shops), son, Mark Steven.

Mr. and Mrs. E. R. Weakland, (police department), daughter, Joy Lynn.

Mr. and Mrs. Charles K. Williams, (janitor service department), daughter, Mondel.

Mr. and Mrs. James R. Preston, (cascade maintenance department), son, James Guy.

Mr. and Mrs. D. W. Blackburn, (janitor service department), daughter, Wanda Mae.

Mr. and Mrs. Talmadge E. Buckle, (janitor service department), son, Brian Douglas.

Mr. and Mrs. Frank R. Conkel, (decontamination department), son, Ricky Dean.

Mr. and Mrs. Clyde F. Haley, (stores, tools & safety equipment department), daughter, Beverly Ann.

Mr. and Mrs. Malcolm L. Caudill, (machine shop), son, Russell Keith.

Mr. and Mrs. Howard E. Potts, (cascade operations), son, Bernard Alan.

Mr. and Mrs. David W. Blackburn, (janitor service department), daughter, Wanda Mae.

Mr. and Mrs. Roland F. Bohrer, (materials recovery), daughter, Terri Mae.

Walter-Marcum

Robert A. Walter and Wilma Jean Marcum were married May 17 in Saint Peter's Church, Wheelersburg, by the Reverend Edmund McCormick. Mr. Walter is in the instrument maintenance department.

Brown-Englebrecht

James E. Brown and Dorothy Ann Englebrecht were married May 17 in Holy Redeemer Church, Portsmouth, by the Reverend Richard Engle. Mr. Brown is in cascade coordination. The new Mrs. Brown is a daughter of Clarence Englebrecht, janitor service department.

Atomic Energy Story To Be Displayed Here June 9 Thru June 13

Employees of Goodyear Atomic Corporation will have an opportunity to see one of the latest circulating package exhibits of the United States Atomic Energy Commission. The exhibit, entitled "Summary of Atomic Energy", will be presented in the GAT Cafeteria from June 9 to June 13 through the courtesy of The American Museum of Atomic Energy.

The "Summary of Atomic Energy" is an exhibit of 18 panels which simply illustrates, both geographically and in words, the story of atomic energy. Recently designed especially for the general public, the exhibit contains information about atomic structure, fission, radioisotopes, and some of the peaceful applications of atomic energy in the fields of industry, power production, agriculture, and medicine. One panel illustrates the use of an atomic reactor in producing electrical power. Another shows how radioisotopes are used in medicines to diagnose and treat diseases. Still another explains how industry is benefiting from atomic energy.

The exhibit is one of several Atomic Energy Commission exhibits available from the American Museum of Atomic Energy which is operated by the Oak Ridge Institute of Nuclear Studies.

Vacation Booklets Are Still Available

With vacation time at hand and the warm weather ideal for picnics and week-end drives, employees are again reminded that the booklet "Fun for Everyone" is still available to employees. The booklet outlines various types of day trips or week-end trips throughout the area and includes notes on points of interest along the way.

Employee's Daughter Wins First Scholarship Award To Enter Ohio University

Barbara Ann Weimer has been selected as the winner of the newly established \$500 scholarship which is awarded under the trusteeship of the Pike County Scholarship Assistance Fund. Miss Weimer was selected from a list of 25 applicants from Pike County's five high schools.

Barbara is a native of Cumberland, Maryland. She came to Pike County when her father, Ray C. Weimer, Sr., accepted employment with Goodyear Atomic Corporation in the machine shop.

She graduated this year as valedictorian of Piketon High School. Besides carrying a very heavy scholastic load she has found time to participate in many varied extra-curricular activities — Future Teachers of America, Tri-Hi-Y, Library Club, 4-H Club, among others.

This fall she plans to enroll in the College of Education at Ohio University. Her majors will be home economics and dietetics.

The new scholarship was made possible through the combined efforts of the Waverly Service Club, the Pike County AAUW Chapter, the Piketon Sorosis Club, the Piketon and Beaver Lions Clubs, Sigma Phi Gamma Sorority, Goodyear Women's Club of Pike County, Eagles Lodge, and Beaver Rural Home Demonstration Club.

The award will be made annually to a graduate from one of the five high schools in Pike County. It is the hope of the committee that additional sponsors can be obtained to make possible the awarding of more than one scholarship each year.

Barbara lives with her parents, Mr. and Mrs. Ray C. Weimer, Sr., in Scioto Knolls, Piketon. She has two brothers, Ray, Jr., and John.

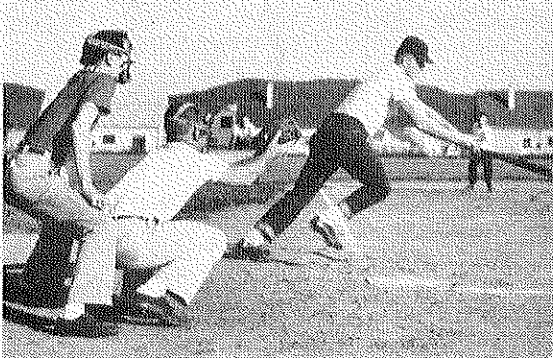

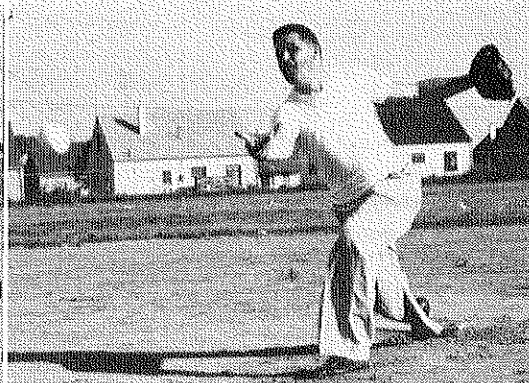

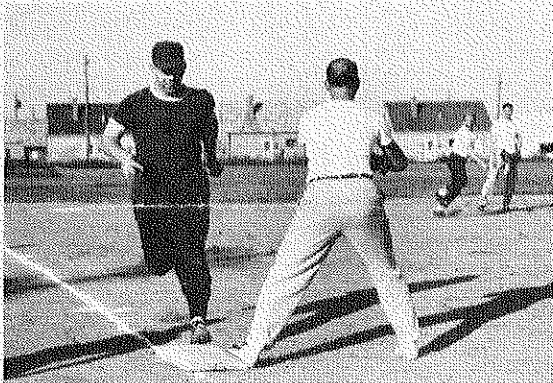

BARBARA ANN WEIMER AND HER FATHER Ray Weimer, Sr., proudly look at the scholarship she has just received from the Pike County Scholarship Assistance Fund.

THESE WERE SCENES AT THE FIRST GOLF PLAYDAY HELD AT THE Portsmouth Elks Country Club, May 17. At top left Chuck Mentges registers as Virg Emler and Vern Squires wait their turns. Top right, Frank Voss sends the ball down the fairway. John Nelson looks on hoping he can do as well. Bottom pictures, from left,

Hubbard Stone is having a rough time getting the ball to do what he wants. Ralph McGibney makes a successful attempt to get out of the sand trap. Marty Reddin prepares to tee off. Jim Spriggs just "putters" around while waiting for his foursome to form. Ninety-four GAT area golfers attended this first golf playday.

THE GAT SOFTBALL PROGRAM GETS UNDERWAY. These pictures show part of the action in the first ballgame of the season between "A" Shift and the Blue Devils (won by "A" Shift) that compete in the Waverly league. Top left, Bill Harbert, "A" Shift first baseman, crosses first base after getting the first hit of the ballgame. C. C. Gabbert is playing first base. In the back-

ground is Bob Elliott, the Blue Devils' catcher, attempting to throw the runner out. Standing by is Reed Walters, Blue Devils' pitcher. Top right, Reed Walters tosses the first pitch of the year. Bottom left, Jim Massie, "A" Shift third baseman, misses an attempted bunt. The catcher is Bill Burbin, Blue Devils. Umpire is Belmont Legg. Bottom right, Jack Harbert, "A" Shift pitcher, warms up before the game.

First Golf Play Day Well Attended By GAT Golfers At Elks Course

Ninety-four GAT employees representing all area golf leagues attended the golf playday held at the Portsmouth Elks Country Club Saturday, May 17. The event was the first of several playdays planned for the summer by the GAT Golf Committee. Date and place of future playdays will be announced later.

The winners of the various categories were: most pars — Dick Entler; most fives — Lee Cormany; most sixes — Dean Miller; most sevens — Mike Stoops; high gross — R. T. Shelton; low gross — Roy Gustavson; second low gross — Charlie Trivisonno; low net — Harley Mayberry; second low net — Charles Yeley; fewest putts — Dick Pray; second fewest putts — Fred Pickens and Art Sutton; high first nine — Joe Graham; and low first nine — Dave Zelinski.

Winners who have not received their prizes may pick them up at the recreation office.

Another Reminder

Employees are reminded that tickets for the summer dance featuring Lee Castle and his orchestra will go on sale Monday, June 16, at 7:30 a. m. Tickets may be purchased from the shift superintendents or at the recreation office. Tickets will be \$3.00 per couple.

Classifieds

All Wingsfoot Clan ads must be typed or printed, and contain a "blind" address or telephone number to which initial contact can be made. The ad must be signed in ink and carry the employee's department number, badge number, and plant-site telephone number. This service is for employees who have items to buy, sell, or trade. No commercial ads can be accepted.

FOR SALE

1954 Ford Mainline, tudor, standard shift, V-8. Two new tires. Can be seen at 502 Broadway Street, Portsmouth, before 3:00 p. m.

One gaited saddle horse — \$125. Phone: Beaver 4457.

1940 4-door Ford, 4 new tires, new battery. Will sell for \$50. Phone: Beaver 4457.

Goodyear Atomic Corporation
P. O. Box 628
Portsmouth, Ohio

WISE OWL CLUB

These employees have been recommended for membership in the Wise Owl Club of America. Shown at top is Edward Howard, chemical operator, and in the lower picture is J. P. Suddreth, maintenance mechanic.

Howard was cleaning with a dilute nitric acid solution when some hot water hit his face causing him to jump. When he jumped the air from the hose he held struck a bucket of acid solution blowing the solution into his face. The liquid covered both lens of his glasses. His eyes were unharmed because he was wearing safety glasses.

Suddreth was assisting a welder who was cutting with arc-air scarfing equipment. He was attaching a "C" clamp to a flange. A piece of molten slag struck the right lens of his safety glasses. The lens cracked but remained intact. The use of safety glasses saved Suddreth from possible loss of sight in his right eye.

If you want a place in the sun, you must expect blisters.
