

# THE WINGFOOT CLAN

ATOMIC EDITION

**Review of Labor Relations**

The annual election of officers for Local 10-689, OCAW, was held June 16. A total of 532 bargaining unit employees cast votes. The Union has a total membership of 1206.

The following officers will be installed July 7, for the coming year.

G. W. Coffendaffer, president, department 731; J. F. Wettstein, vice president, department 711; B. D. Hurley, financial secretary-treasurer, department 814; H. R. Sanson, recording secretary, department 732; J. R. Diamond, trustee (3 years), department 812; A. W. Reynolds, sergeant at arms, department 732; and J. D. Alkire, guide, department 724.

V. Beasley, committeeman, (Maintenance Division), department 732.

*Stewards* — J. K. Stevenson, "A" Shift, department 732; T. A. Paszkiewicz, "B" Shift, department 732; A. G. Willis, "C" Shift, department 731; M. Picklesimer, "D" Shift, department 732; R. Maroney, "R" Shift, department 731; F. B. Trainor, Utilities Maintenance, department 732; S. K. Davis, Electrical Maintenance, department 711; J. I. Newman, Instrument Maintenance, department 712; C. E. Adkins, Seal, Valve & Scale Shop, department 724; R. A. Smith, Jr., Compressor Shop, department 724; A. W. Remy, Machine Shop, department 721; J. H. Beech, Welder Maintenance, department 732; H. W. Frey, Sheet Metal Shop, department 722; J. A. Ray, Jr., Converter Shop, department 724; J. F. Bullard, Barrier Assembly, department 724; A. E. Lee, Utilities Maintenance (Buildings & Grounds), department 732; and O. O. Hill, Motor Pool & Garage, department 733.

J. N. Sanson, Committeeman (Operations Division), department 814.

*Stewards* — W. J. Pinkerton, "A" Shift Cascade Operations, department 815; L. M. Haas, "B" Shift Cascade Operations, department 811; T. D. Manley, "C" Shift Cascade Operations, department 813; J. Ferguson, "D" Shift Cascade Operations, department 812; W. W. Walters, "A" Shift Power, Utilities & Steam Plant, department 851; C. F. Tallman, "B" Shift Power, Utilities & Steam Plant, department 852; To Be Decided, "C" Shift Power, Utilities & Steam Plant, department xxx; W. H. Corns, "D" Shift Power, Utilities & Steam Plant, department 851; W. L. Kincaid, "A" Shift Chemical & Development Operations, department 823; J. A. Rouse, "B" Shift Chemical & Development Operations, department 823; G. L. Russell, "C" Shift Chemical & Development Operations, department 823; and R. L. Jamison, "D" Shift Chemical & Development Operations, department 823.

C. C. Day, committeeman, (Service Division), department 424.

*Stewards* — T. F. Hammond, SS Material Handling, department 512; W. R. Ellis, Materials Man, department 422; J. H. Bennett, Janitor Service (days), department 426; To Be Decided, Janitor Service (afternoon), department xxx; W. J. Pennington, Laundry, department 827; E. C. Vanderhoof, Jr., "A" Shift Fire Department & Materials Man, department 256; C. R. Seagraves, "B" Shift Fire Department & Materials Man, department 256; J. D. Atkins, "C" Shift Fire Department & Materials Man, department 256; and D. E. Easter, "D" Shift Fire Department & Materials Man, department 256.

**Sixth Annual Picnic Attracts 8000 Plus**

Mark-up another very successful GAT Picnic. Approximately 8000 persons attended the Sixth Annual GAT Picnic held at Zoo Park, Columbus, on June 27.

Once again the weather man cooperated and the sunny day made the trip to the park most enjoyable. The drive along the river going north on Route 33 was beautiful.

The Columbus Zoo, adjacent to the park area, was a continuous attraction for youngsters and adults alike. The athletic events, under the supervision of Peg Ellsesser, plant engineering department, were run off with the greatest efficiency. Participation in all the events was very good. Approximately 300 individuals, including children and grown-ups, took part in the athletic contests.

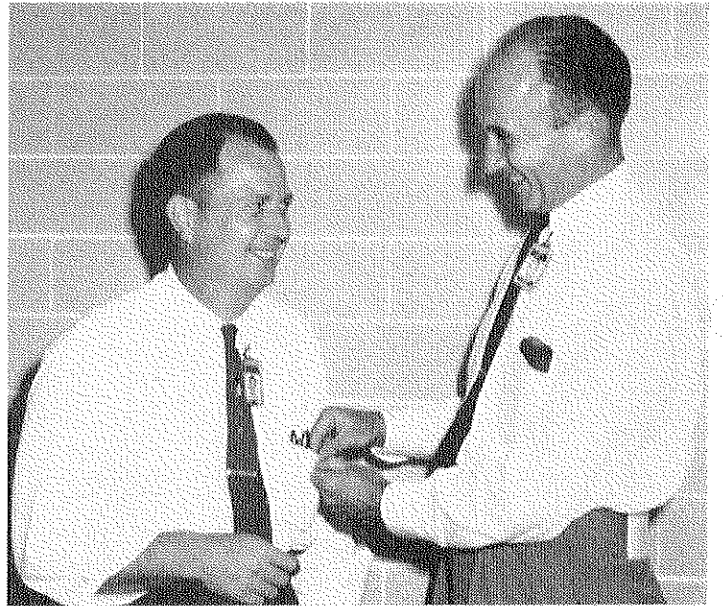

The grand drawing prize winner was Marvin Thompson, of the janitor service department. His prize was a Stereophonic, Automatic Hi-Fidelity Console.

Other winners were: Richard T. Shelton, operations analysis department, electric ice cream freezer; Jack V. Hayes, utilities operations department, electric blanket; Robert M. Clibourn, operations analysis department, clock-radio; Clarence F. Masie, mass spectrometry department, glider settee; Curtis C. Wiggins, converter shop, aluminum furniture; Harold Q. Cassell, fire department, aluminum folding table, James E. Shepherd, stores department, electric toaster; and Ralph A. Davis, process area I, electric razor.

Twenty-two men entered the horseshoe pitching contest. The winner was Buddy Christman, son of Bob Christman, utilities operations department.

The miniature golf prize was won by Bob Billups. This contest attracted 312 individuals. Margie Mutter won among the women participants.

"The success of this picnic is a credit to the employees who served on the various committees," said R. F. Jones, supervisor of recreation. "As general chairman, I wish to thank all members of the committee for the fine spirit of cooperation. It takes all of us working as a team to make an employee activity a success."

**TWENTY YEARS OF SERVICE WITH GOODYEAR.** D. H. Francis (left), general manager, Goodyear Atomic Corporation, is congratulated by Sam DuPree, vice president, in charge of production, for the Goodyear Tire and Rubber Company, upon completing twenty years of continuous service with the Goodyear organization. —Photograph by Frank Gorman

**Twenty Years Of Service With Goodyear Celebrated By D. H. Francis**

On June 26, D. H. Francis, general manager, celebrated twenty years of continuous service with the Goodyear organization. Mr. Francis received his twenty year pin at a luncheon given by GAT's Operating Committee. Presenting the pin was Sam DuPree, vice president, Goodyear Tire and Rubber Company.

**Next Bloodmobile Visit Scheduled July 29-30**

All employees are urged to make a mental note of these dates — July 29 and 30. These dates are reserved for the 12th semi-annual visit of the Huntington Regional Bloodmobile.

The community relations department will, as in the past, schedule donors from among those employees who have signed pledge cards. The bloodmobile will be set up in the fire station. Anyone not scheduled but wishing to donate may do so anytime during the two day period.

Recently, the Pike County Chapter of the American Red Cross received the WSAZ-TV sponsored bronze plaque from the Huntington Regional Blood Center. This plaque was for the largest percent increase in blood collected for fiscal year 1957-58. Pike County recorded a 370 percent increase. The excellent response of GAT employees to the in-plant bloodmobile visitation is largely responsible for the local chapter's ability to show such a large increase.

Although employees of this plant participate through the Pike County Chapter, and the visit of the bloodmobile is made possible by the local American Red Cross Chapter, the GAT Blood Bank is an independent unit. To keep eligibility continuous the Huntington Regional Blood Center requires approximately 10 percent of the total employment count to participate . . . which means collecting about 250 pints of blood. The response of the employees in the past has always been excellent.

The two day visit will begin at

Mr. Francis began his career with Goodyear on June 26, 1939, at the Goodyear plant in Gadsden, Alabama. He moved from there to the plants in Houston and Akron. When the Atomic Energy Commission selected Goodyear as the operating contractor for the Pike County gaseous diffusion plant, he was assigned as manager of the development engineering division. In January, 1956, he was promoted to general manager, Goodyear Atomic Corporation.

He received his degree in chemical engineering from Texas A & M College.

Mr. and Mrs. Francis are residents of Lake White. He is a member of the Waverly Board of Education; member, Board of Directors, Waverly State Bank; Past President of the Waverly Service Club; member of the Atomic Industrial Forum, and the American Institute of Chemical Engineers.

**Heim New President**

T. W. Heim, utilities operations department, is the new president of the Chillicothe Philatelic Society.

8:30 a. m. and run through 2:30 p. m. on July 29. On July 30, blood collections will begin at 8:00 a. m. and scheduling will conclude at 2:00 p. m.

When an employee is notified of his bloodmobile appointment, the community relations department anticipates that the appointment will be kept or, if the appointment cannot be kept, it is expected that the employee will telephone 2514 for a new appointment or postpone his donation. In this way a continuous flow of blood donors will be assured.

**BUY GOODYEAR — SELL GOODYEAR.** The scene above will be repeated each Monday morning at 8 a. m. through August 10. Ten lucky GAT employees will receive an all expense paid week-end trip to New York in the current BUY GOODYEAR—SELL GOODYEAR contest. Pictured from left are members of the contest drawing committee observing the first drawing on June 15. Dr. Paul Bliss, community relations department, chairman; Janet Forsyth, general manager's secretary; Charles Kough, police department (for Rawland Rickey, president, UPGWA); Joe Homan, internal audit department; and H. N. Stone, president, OCAW.

## FAMED DOCUMENT IS IN NATION'S CAPITAL

The Declaration of Independence, the original engrossed document bearing the signatures of the 56 brave patriots who signed it, is in the care of the Library of Congress in Washington, D. C., where thousands of visitors view it annually.

The document is a simple parchment sheet, approximately 29¾ by 24½ inches. Together with the Constitution of the United States, it is permanently on exhibition in a bronze and marble shrine, which is under constant guard.

Although the Declaration was adopted by the Continental Congress on July 4, 1776, it was not signed by all the members until months later. The embossing of the text on parchment was completed on August 2 of that year, and most of the signatures were affixed on that day. The remainder were added as late as November.

Our American Heritage . . .

## National Secretaries Elect Officers

At the June meeting of the Buckeye Chapter of the National Secretaries Association Genevieve Gundlah, safety and fire protection sub-division, was installed as Second Vice-President. JoAnn Fraley, safety department, was installed as the Recording Secretary.

Two other GAT employees became members of the NSA. The two new members are Barbara MacDonell, safety department, and Mary Mills, process engineering de-

partment. The two new members bring the total to eight GAT employees who are now members of the National Secretaries Association.

The installation ceremony was conducted at a dinner meeting held at the Elks' City Club in Portsmouth.

## OUR RED RIVALS

By Harold Mansfield

LAST OF A SERIES

PART VIII

There is ample evidence that Russia is pushing resolutely Khrushchev's program to "prove communism to the world" through peaceful competition.

What of his other contention, borrowed from earlier communist theorists, that meanwhile "the internal forces of capitalism are working toward its downfall?" Can you merely pooh-pooh this brash claim? Viewed from the distance of Soviet Russia, you can see the dangers inherent in America's success. The spoil of success is indulgence. You can't for the life of you see how America can long keep its world leadership in the "peaceful competition" if it indulges the luxury of waste, the luxury of half-hearted effort, the old-style luxury of paying tribute to any group which can exact it through power, the bitterly illusory luxury of inflation. Not when Russia is living and breathing cost control.

Between acts of the opera in Kiev you follow the crowd downstairs to the drawing room where refreshments are being served. You stand in line for a thirty-cent dish of ice cream. You watch with utter fascination the apron-clad girl who is dishing it out. Each dig goes on a little balance like the one at the pharmacist's. She dips up a scoop of ice cream and puts it on the balance. If the balance is high, she adds a trifle, lightning-like because of the waiting crowd. If it is low, with one deft twist of the wrist she flicks off the half reaspoon that will bring it into balance, and returns this to the container for the next serving.

This balance, you can't help thinking, is emblematic of Russian effort to make cost and output meet. You have seen it in the whole Russian economy, the fight to build without inflation. You might say it is emblematic, too, of the counter scale of a new, sharp dealer down the street of nations. He is in poor quarters now, but working and saving for the day when he can buy out the rich store on the main intersection. The big store owner with his Cadillac has "had it so good" that he has not much worried about the new competition. But lately he has begun to wonder; ever since the other storekeeper shot a sputnik into the sky and began to attract customers.

The little ice cream balance, you think further, betokens a balance of power in the world: The forces of communism against the forces of freedom. Two societies basically antagonistic, though simulating each other in surprising, unacknowledged ways. Between them, there is a balancing of military power and of advancement in military weaponry: atomic stalemate. The more frightful the weapon becomes, the deeper the stalemate, because of mutual fear not so much of the other country as of the weapon itself.

SIX MONTH SAFETY SLOGAN CONTEST WINNER. W. C. Justice (left), reproduction department, is congratulated by D. W. Doner, manager, industrial relations division, for winning the six month safety slogan award. Doner is holding the award winning prize — a 17 inch portable television set. Justice's winning slogan is "Safety By All Is Safety For All". This slogan will appear on all safety promotional material at GAT for the next six months. —Photograph by Harley Cantwell

You have seen, growing out of the stalemate, Mr. Khrushchev's new plan to sell communism to the world. The pharmacist's balancelooms larger, filling the frame of your thought. You see everything that the communist world does and everything that the free world does as adding to one side or the other of the balance. You see everything that either fails to do as subtracting from its side of the balance.

You realize, as never before, that your country is being weighed in the balance. It has no self-perpetuating heritage of superiority. It must prove itself, year to year. It stands challenged.

Is the system of freedom and equity answering the challenge? To do so, must it not cite for its people a goal of its own — to paraphrase Khrushchev: "the emergence of freedom and equity as a world system?" Must it not sacrifice selfishness and work for its goal, as Russia has taught her people to work for theirs?

You come back to America, land of the free, to find Americans taking riotous advantage of that freedom. You realize as never before that freedom requires self-discipline. Nothing less can match the discipline of a communist regime.

## Three Winners In July Contest

The Safety Slogan Contest Winners for the month of July are: S. Murray, police department, and co-winners D. B. Jackson, chemical operations, and A. P. Romero, process laboratory.

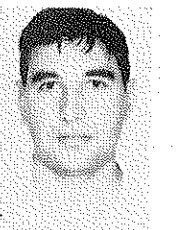

Murray submitted this winning slogan:

"For Sale  
Safety First  
Buy It Now  
Save Later"

Jackson and Romero presented the following safety slogan:

"Work and Play  
The  
Safety Way"

D. B. Jackson A. P. Romero

The Safety Slogan Committee considered 98 slogans which were submitted during the period May 22, through June 21, and entered in the July contest.

Murray will receive the customary \$10.00 cash award. Jackson and Romero will also receive jointly a \$10.00 cash award. Both July winners become eligible for the semi-annual award.

## SCIENCE NOTE

A timing device that measures intervals as short as a millionth of a second has been developed by an electronics company in California. This is the time it takes light to travel three feet . . . or the time it takes the guy in back of you at the stop light to blast his horn when the light turns green.

## Security Through The Ages

SEVENTH OF A SERIES

**PICNIC CONTEST WINNERS**

**AGES 6-7-8**

25 Yard Dash (Girls)	Winner	Susan Kensinger
	2nd	Donna Jane Hackworth
25 Yard Dash (Boys)	Winner	Randy Lilly
	2nd	Joe Skinner
Shoe Race (Girls)	Winner	Susan Kensinger
	2nd	Lois Ann Woltz
Shoe Race (Boys)	Winner	Joe Skinner
	2nd	John Kramer
Candy Kiss Hunt (Girls)	Winner	Donna Jane Hackworth
	2nd	Bonnie Burrell
Candy Kiss Hunt (Boys)	Winner	Joe Skinner
	2nd	Mike Brown

**AGES 9-10-11**

Bean Bag Throw (Girls)	Winner	Charlotte Chase
	2nd	Patty Donnally
Bean Bag Throw (Boys)	Winner	Gary Hauth
	2nd	Bill Hackworth & Stephen Carroll (Tie)
50 Yard Dash (Girls)	Winner	Charlotte Chase
	2nd	Margaret Scott
50 Yard Dash (Boys)	Winner	Jimmy Kensinger
	2nd	Dan Treece
Bubble Gum Scramble (Girls)	Winner	Patty Donnally
	2nd	Charlotte Chase, Patty Hale, Phyllis Donnally, Paula Cornett
Bubble Gum Scramble (Boys)	Winner	Greg Ramey
	2nd	Mike Carver

**AGES 12-13-14**

75 Yard Dash (Girls)	Winner	Judy Donnally
	2nd	Judy Rhea
75 Yard Dash (Boys)	Winner	Steve Way
	2nd	Scottie Beech
Balloon Toss	Winner	Darlene Crews & Steve Way
	2nd	Judy Donnally & Gary Hauth
Softball Roll (Girls)	Winner	Kathy Ramey & Judy Donnally (Tie)
Softball Roll (Boys)	Winner	Gene Martin
	2nd	Scottie Beech

**AGES 15 AND OVER**

Water Balloon Toss (Women)	Winner	Mrs. Bush McHenry & Mrs. Joe Carver
Egg Toss (Men)	Winner	C. D. Williams & R. E. Carroll
Balloon Race (Men)	Winner	Joe Carver
	2nd	Jack Devall
Shoe Kick (Women)	Winner	Mrs. Donald Sims
	2nd	Tootsie Donnally

**New Bowling Alley In Jackson**

Jackson area residents will have a new bowling alley for the 1959-60 season.

Mr. Art Stockmeisler, a local businessman, has announced that the alley will be ready for use about October 1. The new 12 lane establishment is to be located on Main Street, between Interlake Iron Company and the Shake Shop, on Route 75. The new lanes will have automatic pin setters and scoring machines.

Al Koehler, president of the GAT Bowling League of Jackson, has tentatively reserved the first shift on Monday night pending the approval of the Leagues Board of Directors.

Any GAT employee interested in bowling on these new lanes are invited to contact Al Koehler, special analysis department, telephone 2524; R. E. Troutman, chemical cleaning department, telephone 2106; or W. G. Farmer, office services department, telephone 2134.

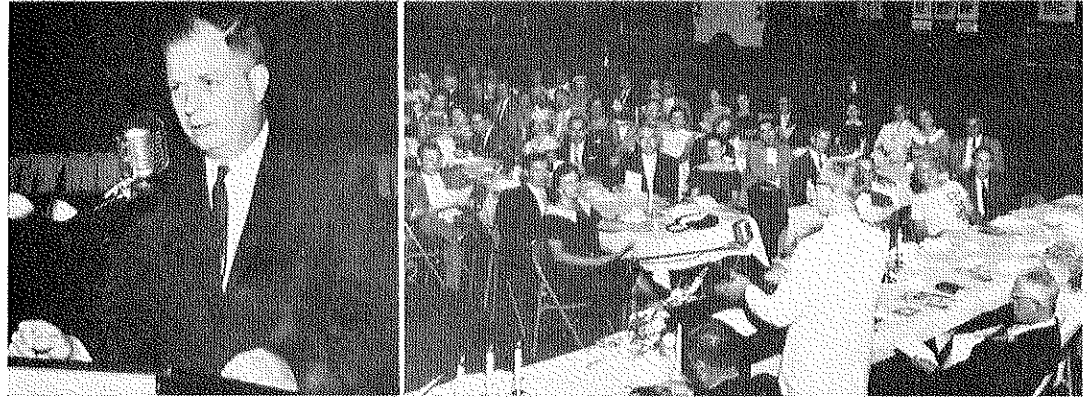

**IN MEMORIAM**

Mrs. Cora Dell McDonald, 77, died June 24, at the Pike County Hospital following a lingering illness.

Two daughters are employees at GAT — Virginia McDonald, purchasing and materials sub-division, and Muriel Rector, wage and salary standards department.

Deanna Renee and Randy Lamarr Spaeth, twins of Mr. and Mrs. R. L. Spaeth (materials sampling and testing department). The twins were born at Chillicothe City Hospital, June 25.

Deanna Renee died at 3 p. m., June 26, and Randy Lamarr died at 8:45 a. m., June 27.

**IN RECOGNITION OF A JOB WELL DONE.** A retirement party was held on June 19, for H. H. Kenny, former manager, finance division. Mr. Kenny retired June 30. In the picture top left is D. H. Francis, general manager, at the microphone as he opened the program. Mr. Francis acted as master of ceremonies. The picture top right shows D. W. Doner, manager, industrial

relations division, leading group singing. In the lower left photograph is W. L. Sams, who replaced Mr. Kenny July 1, as manager, finance division. In the lower right picture is H. H. Kenny showing his 35 mm camera, a gift from those in attendance at the party. Seated to the right of Mr. Kenny is Mrs. Kenny.

—Photographs by Harley Cantwell

**Mr. And Mrs. Kenny Honored At Party**

Mr. and Mrs. H. H. Kenny were guests of honor at a retirement party attended by 180 fellow Goodyearites and guests at the Elks Hall, Chillicothe, on June 19.

Employees receiving five year pins between July 1, and July 15, are as follows:

R. R. Welch

**GAT Archery League**

The GAT Archery League has completed first-half activity. Archery shoots began April 8 and were conducted weekly on the new range behind the Lake White Little Theater. The competition for the first half concluded June 10.

The team of Bob Shepherd, Jim Surack, Bert Gossage, and Carl Canfield compiled 632.7 points to lead the 7-team league. Bob Shepherd also had the highest individual raw score of 210. Noah Gillespie and Bill Pinkerton tied for high individual handicap score with 290.

On June 7, the GAT Pike Bowhunters was host and won the Ohio River Archery Association tournament. The ORAA consists of archery clubs from Pike, Scioto, Lawrence, and Jackson Counties in Ohio, and the Greenbow Archers from Ashland, Kentucky.

**Skin Divers**

Some interest has been expressed in organizing a skin diving club. If interested, please call the recreation office.

If a man could have half his wishes, he would double his troubles.
