THE BEST IS YET TO COME

VOLUME VI

PIKE COUNTY, OHIO, WEDNESDAY, SEPTEMBER 16, 1959

NUMBER 24

### U-F ORGANIZATIONAL MEETING TO BE HELD SEPT. 21

#### Review of Labor Relations

The Executive Board of Local 10-689, OCAW, has accepted the resignation of G. W. Coffindaffer as President.

Nominations for the office of President of the Local were accepted at a special meeting yesterday at 2:30 p. m., and at the regular meeting at 7:30 p. m.

A special secret ballot election has been announced by the Executive Board, Local 10-689. The election will be held Tuesday, September 29, at the Union Hall. Voting will be from 6:00 a. m. until 6:00 p. m.

The Executive Board of Local 10-689 urges all members to participate in the election of a member to fill the office of President.

J. E. Wettstein, current Vice President, has assumed the duties of the office of President until a new President has been elected and installed.

#### GAT Hosts Scioto County Ministers

Thirty-five members of the Scioto County Ministerial Association were guests of Goodyear Atomic Corporation, September 14.

The group was welcomed on plant-site by D. H. Francis, general manager, who gave a brief outline of GAT's relationship to the Goodyear Tire and Rubber Company. He then reviewed the organizational set-up at GAT, and concluded his remarks with an unclassified description of the gaseous diffusion process.

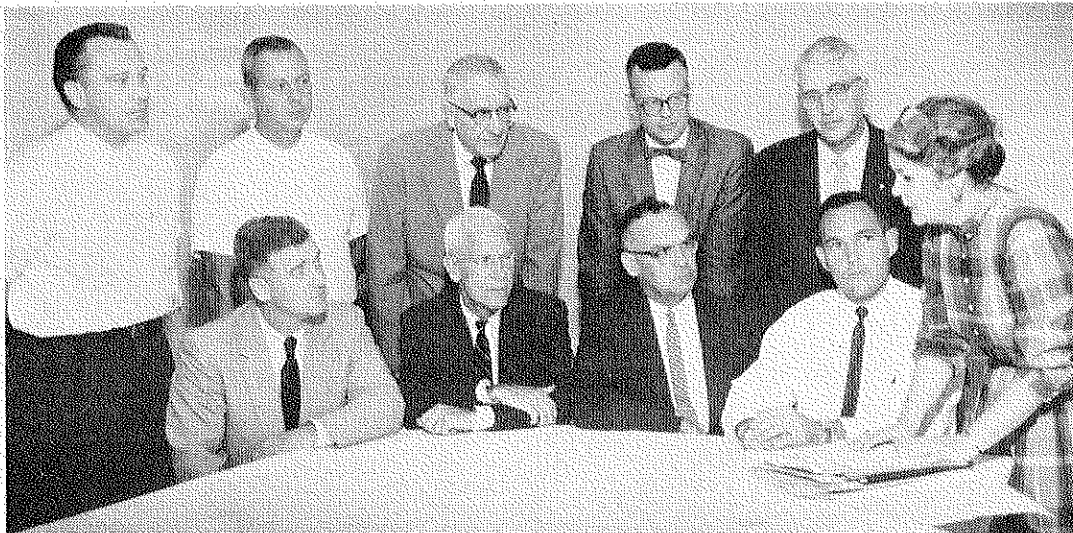

D. W. Doner, manager, industrial relations division, welcomed the ministers on behalf of his division.

The film, "The Portsmouth Story", was shown followed by a discussion of Goodyear Atomic's community concepts given by Dr. P. F. Bliss, community relations coordinator.

GAT's Operating Committee, which consists of division managers and the general manager, were hosts to the ministers at a luncheon in the cafeteria.

Following the luncheon Dr. C. R. Milone, manager, technical division, spoke on the "Present and Future Applications of Atomic Energy".

Concluding the day's program a panel, composed of Mr. Francis, Dr. Milone, and Mr. Doner, answered questions from the group.

UNITED FUND REPRESENTATIVES meet to share ideas relative to forthcoming campaigns. Seated from left are Lincoln Lenzi, Ross County; H. E. Baughman, Scioto County; H. A. McClelland, Pike County; and Dan Washam, Jackson County. Standing from left are John Herlihy, Ross County; William Fleck, Pike County; Dick Clark, Ross County; Dave Vetter, Scioto County; M. L. Dysert, Scioto County; and Mrs. Janet Wells, Jackson County.

#### Kick-Off Meeting For Solicitors Set For Sept. 28

Goodyear Atomic Corporation was host earlier this month to representatives of local United Fund/Community Chest Organizations.

Attending a luncheon September 4, in the GAT cafeteria were: H. E. Baughman, Dave Vetter, and M. L. Dysert from the Scioto County Community Chest; Dick Clark, Lincoln Lenzi, and John Herlihy, representing the United Fund of Ross County; William Fleck and H. A. McClelland, responsible for promoting the Pike County United Fund; and Dan Washam and Mrs. Janet Wells, representing the Jackson County United Fund.

#### STATEMENT BY GENERAL MANAGER

"Our company again joins forces with the area United Fund Community Chest campaigns to meet the needs of health and welfare agencies in the communities where our employees reside."

"GAT employees have given a splendid account of themselves in past All-In-One Campaigns and are again being given an opportunity to make a 'fair share' contribution to the health, welfare, and recreation services available through your United Fund agencies."

"Our company continues to give its unreserved endorsement to the United Fund concept and expects to again make a substantial contribution."

"During the period from October 5, through October 9, each GAT employee will be contacted and given the opportunity to participate in this campaign. I am confident that your response will be immediate and generous."

D. H. Francis  
General Manager

D. W. Doner, manager, industrial relations division, welcomed the group on behalf of the Company. Dr. Paul F. Bliss, community relations coordinator, then outlined the procedure to be used in GAT's campaign.

The 1960 All-In-One Campaign will be conducted October 5-9, 1959. Final reports are to be complete by October 12. Dr. Bliss will act as co-chairman again this year. The Union

(Continued on page 2)

#### Safety Awards Selection

The Safety Awards Committee met September 10, and considered 38 possible prizes to be given employees for working 2,594,000 manhours without a disabling injury. Nine items have been tentatively selected for the employees' consideration. The value of the award is determined on the 1,500,000 manhour figure.

The nine awards are: Bait Casting Reel; Dazey Knife & Scissors Sharpener; Plastex Rainbow Plastic Tumbler Set with Coasters (set of 6); Shelton Socket Tool Kit; Bowling Shoe Bag; Keystone Combination Desk & Pin-Up Lamp; Cooking Instrument Set (Thermometers, etc.); Inside/Outside Thermometer; and a Hand Warmer.

Divisional representatives to the Safety Awards Committee are C. L. Stewart, non-voting chairman, Janet Forsyth, A. L. Williamson, R. J. Reed, D. E. Schumacher, S. D. Schneider, A. H. Clary, and J. R. Arndt. Representing the Oil, Chemical and Atomic Workers Local 10-689 are J. H. Beech, W. J. Pinkerton, and J. N. Sansom. S. Murray represented the United Plant Guard Workers, Local 66.

Pending the availability of the articles selected and the price at the time of purchase, the Committee believes employees will have seven or eight awards from which to make a selection.

A display of possible awards should be available some time next month.

#### Christmas Festival Chorus Sets Plans

Portions of Handel's "The Messiah" will be presented in the area again this year. The Christmas Festival Chorus, which gave the performances last year, recently held an organizational meeting to plan for this year's presentations.

Officers were elected and tentative plans were made for the season. The new officers are: Thomas Peters, Jackson, President; Jay Franklin, time-keeping and payroll department, Sec-

retary; Fred Keppler, mechanical development department, Treasurer; and Mrs. John Bruno, Waverly, Librarian. Karl Beu, physical measurements department, will again be the Chorus Director.

Four committees were appointed and chairmen selected. The committees and chairmen are: Wade McCluggage, operations analysis, business arrangements; Roy Brown, engineering development, publicity; Robert Hook, chemical analysis, properties; and Jeanne Keiser, accounting, contacts.

Performances of "The Messiah" will be given in Chillicothe, Waverly, Portsmouth, and Jackson. Tentative dates are December 5 and 12.

Mr. Beu reported that "rehearsals began last Monday at the Waverly High School and will continue each Monday at 7 p. m. We need additional members. Anyone who enjoys singing will also enjoy participating in the Chorus."

Interested GAT employees are invited to contact any of the following: Karl Beu, telephone 2759; Merlyn Hanson, electronics, telephone 2283; Alice Pitts, library, telephone 2177; A. J. Price, mechanical development, telephone 2180; Virginia Isaman, accounts payable and cashiers; telephone 2513; and W. G. Wilder, chemistry department, telephone 2528.

#### WHEN IT RAINS IT POURS ! ! ! !

Two temporary total disabling injuries occurring to employees approximately 24 hours apart have marred the safety record at Goodyear Atomic Corporation.

The first occurred at 1:25 p. m., September 1, and terminated the manhour record at approximately 2,504,217 manhours.

The second occurred at 1:16 p. m., September 2, and was classified a temporary total disabling injury.

#### Thomas To Address Safety Congress

E. J. Thomas, Chairman of the Board, Goodyear Tire & Rubber Company, will be the banquet speaker at the 47th National Safety Congress in Chicago on October 20.

#### Change Publication Date

The next issue of the *Clan* will be published on Friday, October 2. All copy must be in the *Clan* Office no later than September 29.

THIRTY YEARS OF CONTINUOUS SERVICE were recognized when Sam Dirmeyer, "B" shift superintendent, received his 30-year service pin September 2. Congratulating Dirmeyer is D. H. Francis, general manager, Goodyear Atomic Corporation.

**Production Squadron Graduate**

**Dirmeyer Completes Thirty Years Of Continuous Service**

Sam Dirmeyer, "B" Shift superintendent, was presented his thirty-year service pin September 2.

D. H. Francis, GAT's general manager, made the presentation at a luncheon in the GAT cafeteria following the weekly Operating Committee meeting.

Dirmeyer's continuous service dates from September 5, 1929. He began his career with Goodyear in Akron in the tire curing department. He became experienced in most phases of tire curing operations at Plants I and II. He was assigned to the production squadron January 16, 1936, graduating in the class of 1938.

From June, 1941, until March, 1947, he was assigned to the Rubber Reserve Corporation, the Government-owned Goodyear-operated synthetic rubber plant in Akron. He returned to supervision at Plant II tire curing in March, 1947. In October, 1950, he was again transferred to the Rubber Reserve Corporation. He was a general foreman at the time of his assignment to Goodyear Atomic Corporation. He came to GAT as assistant shift superintendent, production division, February 9, 1953. He was promoted to shift superintendent and assigned to "B" shift in November, 1953.

Dirmeyer resides in Waverly with his wife, Virginia, and two children, John and Janet.

He is a member of the Masonic Lodge in Akron and Scottish Rite in Columbus.

**Former Employees Assigned Overseas**

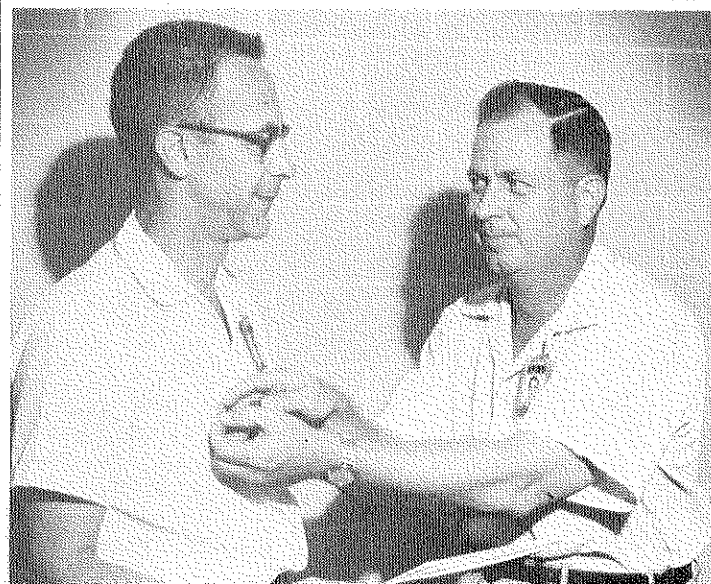

The August-September issue of Goodyear Overseas News mentions two former GAT employees.

C. W. Humphreys has been appointed Technical Superintendent at Goodyear—Argentina. Humphreys was formerly supervisor, utilities maintenance. He returned to the parent company in 1957 as Technical Service Man and the following year became Designer, serving in that capacity until his most recent assign-

Employees receiving five year pins between September 15, and October 1, are as follows:

- |                  |                  |
|------------------|------------------|
| H. W. Keller     | W. H. Grooms     |

AWARDED TWENTY YEAR SERVICE PIN. Dr. C. R. Milone, manager, technical division, is congratulated by D. H. Francis, general manager, Goodyear Atomic Corporation, upon the completion of twenty years of continuous service with Goodyear.

**Technical Division Manager Awarded Twenty Year Service Pin**

Dr. C. R. Milone, manager, technical division, was awarded his twenty-year service pin September 2, by D. H. Francis, GAT general manager.

The service pin was presented at the conclusion of an Operating Committee luncheon.

Dr. Milone joined Goodyear direct from college. He attended Ohio University for two years. He then enroll-

ed at the Massachusetts Institute of Technology where he received the BS and PhD degrees in organic chemistry. He was assigned to the Research Division of GT&R, September 1, 1939. As a member of this Division he advanced through the positions of Research Chemist, Senior Research Chemist, Sub-Section Head, and in March, 1947, he was promoted to Section Head of the Chemical Research Division.

He was assigned to Goodyear Atomic Corporation November 9, 1952, as superintendent of the chemical development laboratory. He was promoted to the position of manager, technical division, in April, 1957.

He is a member of the American Chemical Society; American Association for the Advancement of Science; and Alpha Chi Sigma.

Dr. Milone, his wife, Helen, and their two children, Lynn, and Robert, live in Brewer Heights, Chillicothe.

**ALL-IN-ONE**

(Continued from page 1)

has been invited to name a representative from Local 10-689, OCAW, to be co-chairman.

**KNIGHT ASKS AID FOR FUND DRIVES**

OCAW President O. A. Knight has written all local unions asking their "usual fine co-operation" in the United Fund and Community Chest drives which will be starting around the country this fall.

"We have long said in OCAW that our members are first and foremost good citizens of their communities," he said. "And our support of the annual United Fund and Community Chest drives is one very good evidence of that fact."

—August 10, 1959  
UNION NEWS, Oil, Chemical and Atomic

The organizational meeting of division managers, superintendents, campaign co-chairmen and union representatives will be held in the Top Secret Conference Room, second floor of the X-100 Building, on September 21, at 10 a. m. At this meeting one representative from the four major areas surrounding plantsite will be given an allotted time to outline the needs of their local drive to the group.

A kick-off meeting, attended by all solicitors, will be held in the X-710 Building, Room 310, at 9 a. m., on Monday, September 28.

Dan Stryk, formerly headed the technical staff and was general power coordinator in the power operations department at GAT. He began at GAT in 1953 as a technical trainee.

He recently was assigned to the Engineering Staff in Java.

**THE ATOMIC EMPLOYEES CREDIT UNION**

Assets as of August 31, 1959 — \$796,736.10

Last month you were introduced to the official family of the Credit Union. This article will introduce you to the full time employees.

Laura Mitchell is the senior member in length of service. She is a former employee of GAT, and became associated with the Credit Union the day it opened for business, March 1, 1956. Her husband, James, is in cascade maintenance.

Janet Eckhart was hired by the Credit Union on June 3, 1957. She was formerly employed by General Telephone Company of Ohio.

The Credit Union's Board of Directors decided to hire a full time manager late in 1958. On January 1, 1959, J. E. Jones assumed the responsibilities as manager. Mr. Jones has had many years of banking experience throughout Ohio. The *Clan*

had an article previously on Mr. Jones.

A new service for members this month is a life insurance policy that equals the amount of shares in case of death, with certain limitations. First, up to \$2,000 in shares are matched with life insurance. Secondly, the insurance coverage is decreased if the shareholder is past 55 years of age when the money is deposited. The decrease is as follows: to 75% if 55 and less than 60; to

(Continued on page 3)

CREDIT UNION EMPLOYEES. Pictured above are the three ladies who are full time employees of the Credit Union. From left are Laura Mitchell, Janet Eckhart, and Nellie Ferrante. Chuck Kegley, mail and document accounting, is seated with back to camera. Seated at Miss Eckhart's desk is Burren Lamb, electrical maintenance.

**Company Revises Educational Aid**

The recent issue of a revised Standard Practice Procedure announced two significant changes in the Company's Educational Assistance Program.

An eligibility change now permits all employees who have completed high school to participate in the program.

Approved courses now include those which the Company considers:

1. Is directly related to an employee's current assignment; or
2. Will prepare an employee for a position of greater responsibility; or
3. Will lead to a technical or engineering degree.

No change has been made in the \$100 maximum refund in a 12-month period or in the method of application for such assistance.

ATOMIC EDITION

THE BEST IS YET TO COME

Published semi-monthly in the interest of employees of the Goodyear Atomic Corporation.

Office: X-100 Building, Second Floor, South Wing  
Telephone 2165

Editor . . . . . F. D. Hyland

Community Relations Coordinator . . . Paul F. Bliss

Member Association of Nuclear Editors and affiliated with International Council of Industrial Editors.

## RESOLVED THAT WE . . .

Resolutions are usually made on one day and forgotten the next day. We would like to suggest a resolution for year-round consideration.

This month Goodyear Atomic Corporation completes its seventh year. On September 18, 1952, it was announced that The Goodyear Tire and Rubber Company would operate the Atomic Energy Commission's newest gaseous diffusion plant "somewhere in Pike County." In December of the same year, the first construction equipment moved onto the plantsite area.

At the beginning of 1955, process operation had begun. During the year additional process units were put into production as the construction of the buildings was completed.

Nineteen hundred and fifty-six was a full and active year. Many items of significance occurred at Goodyear Atomic Corporation . . . the most notable, perhaps, was the estimated construction savings of \$400,000,000 of the taxpayers money as a result of good labor relations, good weather, and excellent coordination and cooperation of all contractors.

The operating contract between the Atomic Energy Commission and Goodyear Atomic was renewed during 1957. The renewal was announced a year in advance of the expiration of the first contract. The new five-year contract became effective January 21, 1957, with an expiration date of June 30, 1961.

Goodyear Atomic has continued to cooperate, wherever possible, with all of the health, welfare, and educational organizations within the counties surrounding the plantsite. The Company has, within the limits of security, told the story of the Portsmouth Area gaseous diffusion to thousands of its neighbors and, in accord with good management, put the special skills of specialized personnel at the disposal of worthwhile community efforts.

Goodyear Atomic Corporation, as a source of supply for fissionable materials, has contributed significantly to the Atoms for Peace Program.

These are but a few of the accomplishments in the past seven years. Now, a look to the future.

Resolved that WE . . . the employees of this plant . . . put forth an even greater effort in the coming year to maintain the concept that . . . "Goodyear is a good company to have as a neighbor — and a good place to work."

ter, Mary Regina.

Mr. and Mrs. Ralph Troutman, (laundry department), daughter, Christina.

Mr. and Mrs. Gene Owen, (stores records), son, Mark Edward.

Mr. and Mrs. J. W. Rice, (computing department), son, Joseph William, Jr.

Mr. and Mrs. W. M. Bright, (police department), daughter, Ruth Ellen.

### Leggett Receives Top Award

Mort Leggett, Editor, Wingfoot Clan, Akron Edition, received the first place award for the "This Is My Best" contest at the Ohio Industrial Editors Conference September 11.

The award was won for a series of articles on company benefits.

Mr. and Mrs. Gola Waters, (industrial relations division staff), daughter, Ann Marie.

Mr. and Mrs. R. J. Kelley, (mail and document accounting department), daughter, Susan Elizabeth.

Mr. and Mrs. H. K. Spivey, (utilities maintenance department), daughter, Katy Frances.

Mr. and Mrs. Albert W. Remy, (machine shop), son, Guy Gerald.

Mr. and Mrs. Carl Willis, (works laboratory), son, Bryan David.

Mr. and Mrs. Durward Whittsit, (plant engineering), son, Robert William.

Mr. and Mrs. Ralph Sommer, (timekeeping and payroll), daugh-

### Cisco-Bailey

P. G. Cisco and Marilyn Bailey were married September 6, in the Lucasville Evangelical United Brethren Church by the Reverend John Morgan.

Mr. Cisco is in the mass spectrometry department.

### Rase-Stroman

Howard W. Rase and Mary Carolyn Stroman were married August 29, in the New Boston Methodist Church, by the Reverend Franklin Cooley.

Mr. Rase is in the decontamination department.

### Thompson-Risner

John Thompson and Joyce Ann Risner were married September 12, in the Christian Baptist Church, Portsmouth, by the Reverend Calvin C. Smith.

Mr. Thompson is in plant engineering.

### Bowling-Douglas

Gerald Dale Bowling and Carolyn Douglas were married September 4, in the New Boston Nazarene Church, by the Reverend W. R. Moore.

Mr. Bowling is in the miscellaneous personnel services department.

### CREDIT UNION

(Continued from page 2)

50% if 60 and less than 65; to 25% if 65 and less than 70; and to nothing if 70 or over. These percentages also apply to anyone 55 or over on September 1, 1959, when the policy became effective. This would double the savings up to \$2,000 for the beneficiary in case of a shareholder's death.

Individuals having savings accounts in excess of \$2,000, it is recommended that the account be divided with other members of the family. This will allow full advantage of the life insurance feature.

Further information is available at the Credit Union Office, telephone 2551 or 2512.

Nellie Ferrante is the most recent employee to be hired. She was formerly employed at GAT.

The office hours are 7:30 a. m. to 4:00 p. m., Monday through Friday, except Tuesday, when the office closes at 8:30 a. m. Tuesday is scheduled for posting, bookkeeping, and other routine duties, without interruptions.

The office is located adjacent to the Employment Department, in the un-cleared area of the south wing of the X-100 building. The office space, as well as most furniture and equipment, is supplied by Goodyear Atomic Corporation without charge to the Credit Union.

"What do we live for if it is not to make life less difficult for each other?"

AIEE OFFICERS. L. Ruegsegger, Chairman, Chillicothe Subsection, discusses plans for the joint meeting between the Scioto Valley Subsection and the Chillicothe Subsection to be held at the Scioto Motel, September 24. Other officers are from left: Gordon Johnson, power and utilities; John Nahorniak, electrical maintenance; C. J. Gilmer, instrument maintenance; S. B. Rogers, OVEC; and Bill Linville, process engineering, Chairman, Scioto Valley Subsection.

## Employees Active In Chillicothe And Scioto Valley Sub Sections Of AIEE

Four Goodyear Atomic employees and two from the Ohio Valley Electric Corporation are serving as administrative officers of the Chillicothe and Scioto Valley Subsections of the American Institute of Electrical Engineers.

### You Are Responsible

Miss Kathleen Ramey, personnel records section, employment department, is pictured above. One of Kathleen's duties as personnel records clerk is making sure that correct, up-to-date addresses of employees are on file in the personnel records section.

If you have moved recently, have a new telephone number, or have added a new dependent, make sure you notify Kathleen right away.

Officers of the Chillicothe Subsection are: L. Ruegsegger, Chairman, OVEC; J. Nahorniak, Vice Chairman, electrical maintenance; and H. G. Johnson, Secretary-Treasurer, electric power area.

Officers of the Scioto Valley Subsection are: W. E. Linville, Chairman, process engineering; S. B. Rogers, Vice Chairman, OVEC; and C. J. Gilmer, Secretary-Treasurer, instrument maintenance.

Today the AIEE represents the widespread interests of engineers in the whole field of electrical engineering, defining their contributions, and unifying their efforts in professional work.

The Institute has contributed largely toward the remarkable progress that has taken place in the electrical field the past two-thirds of a century; it has been an important factor in advancing the interests of its members and the entire engineering profession.

All branches of electrical engineering are represented in the membership of the Institute. The fields of power, communication, electronics, aeronautics, radiology and industrial apparatus are represented in large numbers. The membership includes engineers in research, design, and development as well as production, operation, maintenance, and sales.

The next meeting will be a joint meeting of the two groups and will be the first meeting for the new officers.

The meeting will be held at the Scioto Motel, September 24, at 5:30 p. m. The featured speakers will be Mr. W. H. Chase, Vice-President, District 14, AIEE, and Mr. A. W. Roth, Vice-President, District II, AIEE. The speakers will discuss AIEE plans for the 1959-60 year.

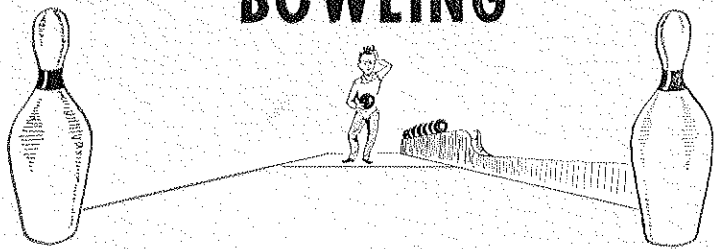

## Merrill & Ake Selected For Advanced Study

Two former employees of Goodyear Atomic Corporation have been selected for advanced management study at Harvard and the Massachusetts Institute of Technology.

J. A. Merrill, formerly manager, technical division, will be spending the fall at Harvard, participating in Harvard Case Study courses. J. H. Ake, formerly assistant manager, finance division, will attend MIT from October 4, to December 12. He will study advanced management theory.

Mr. Merrill is now associate director, research and development, GT&R. Mr. Ake is administrative assistant to the comptroller, GT&R.

# BOWLING

(Editor's Note: The Clan has requested each League President to appoint a reporter. It is hoped to publish unusual items of interest that happen during league play. Team captains should know who the reporter is for their league so they might notify them of unusual high scores, tripartite scores, picking up splits, etc.)

The GAT Men's Bowling League of Chillicothe started the season with a "bang". Don Jones rolled his first 600 series. Don, you will recall, is the Company Bowling Champion. Eleven bowlers had a 500 or better series. Nine bowlers recorded games of 200 or better. Eighteen thousand thirty-seven pins fell for an average of 474 per man. As a result of this fine showing, seven bowlers entered the second night of bowling with a zero handicap. This is excellent bowling in any league.

William Shepherd, rolling in the "B" Shift League of Waverly, picked up the 3-7-10 split on September 2.

On September 3, Gus Deitel converted the 4-9-10 split. He rolls with the Maple Stir-Ups in the Thursday Night League.

## Two-Ball Foursomes

Thirty couples participated in the first mixed two-ball foursome tournament held at the Portsmouth Elks Country Club September 4. First place winners were Joe Hale, chemical operations, and his wife, Helen, with a net score of 34. Gene Hardman and Virginia McDonald, purchasing and materials division, had a net score of 39 to tie for second with Marty Redden, SS accounting, and his wife, Wilma, cascade operations. These winners will receive trophies at the annual Banquet of Champions next month.

## Volleyball

Some interest has been expressed in organizing a volleyball league in Waverly. Last year four teams participated in the league.

Interested employees should notify the recreation department, telephone extension 2158.

## Clean Up Your Garden Lot

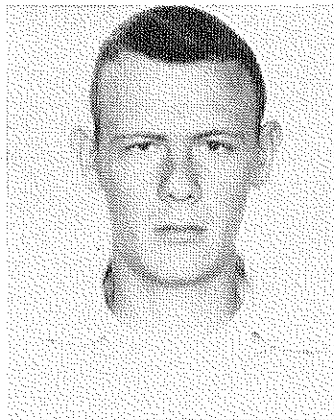

Employees who had a garden lot assigned to them this year are reminded that all bean, tomato stakes, etc., should be removed.

Corn stalks should be left standing.

## Entler Honored By Area Golfers

Dick Entler, laboratory services, is the new president of the Tri-State Golf Association which includes golfers from Portsmouth, Ironton, Huntington, West Virginia, and Paintsville, Kentucky.

His election came following the annual tournament, August 27, conducted at the Iron City Country Club, Ironton.

Dick Entler

The tournament had 64 participants, the top 16 golfers from each of the four Country Clubs. Nickie Van Hoose, from the Spring Valley Club, Huntington, won with a 73. Entler finisher second with a 74, setting a course record with 22 putts. He 1-putted eleven greens.

In the Southcentral Ohio Elks Tournament, conducted at the Elks Country Club, Portsmouth, August 26, Entler finished second with a 73. Howard Saunders, former Ohio State University golf team captain was first.

Considering that Entler has been playing golf for only three years, his accomplishments, to date, are highly commendable.

# Classifieds

All Wingfoot Clan ads must be typed or printed, and contain a "blind" address or telephone number to which initial contact can be made. The ad must be signed in ink and carry the employee's department number, badge number, and plant-site telephone number. This service is for employees who have items to buy, sell, or trade. No commercial ads can be accepted.

### FOR SALE

One bowling ball. Used two seasons. Telephone: Portsmouth BLackburn 9-5404.

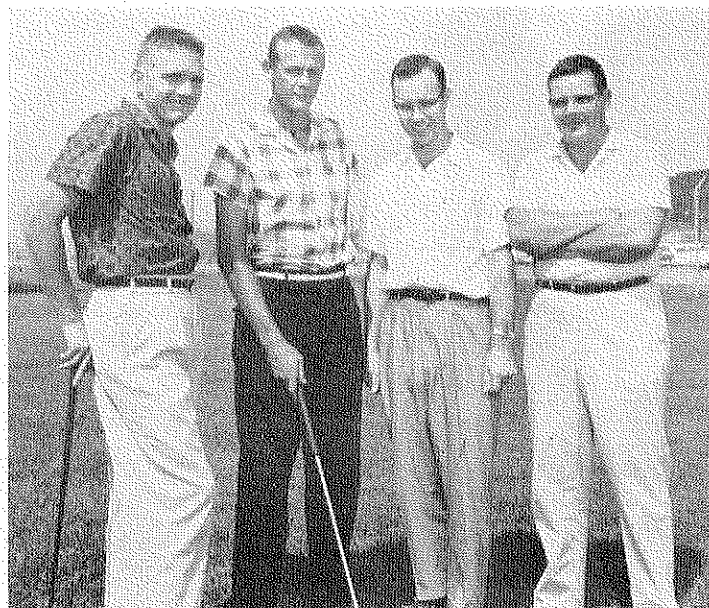

35' Spartanette House Trailer—1951 model. Excellent condition. Two lots at Zohns Corner, 4 miles east of Piketon. Ideal for trailer living. All modern with wash house. Inquire at 510 Marple Ave., Piketon.

AKC Registered Male Boxer. Eleven months. Dog has received necessary inoculations. Telephone: Portsmouth ULster 8-3861.

Four 6.70 x 15 Goodyear Captive Air Tires. White sidewalls. Used less than 1500 miles. Will sell for \$90.00. Telephone Jackson 691-M.

### NEED A BABY SITTER?

Will baby-sit for pre-school children while mother works. Telephone Waverly 329-L or contact individual at 712 Crestwood Drive, Waverly.

GOLF CHAMPIONS OF THE PORTSMOUTH ELKS LEAGUE. Pictured above are members of the Link Lunatics team which won the Goodyear Golf League in Portsmouth. From left to right are: Mike Williams, Dick Entler, Charlie McCann, and Captain Jim Spriggs. The team won 188 points over a 15 week period. The second place team totaled 170 points.

## Learn To Dance

Employees interested in learning western style square dancing now have the opportunity. An invitation has been extended to all GAT employees by the Do-Si-Do Club of Portsmouth to participate.

The Do-Si-Do Club of Portsmouth is offering lessons each Tuesday from 8 p. m. to 10 p. m., at 609½ West Second Street, Portsmouth. The cost per couple is \$1.50.

A. O. Clausing, tabulating service, is president of the club. A. L. Goudie, steam plant, is the caller for the club.

## Who Am I?

What has killed more people and destroyed more property than all the wars among nations?

I spare no one, for I find many victims everywhere.

I find them among the rich and poor, the young and the old, the strong and the weak, the educated and the ignorant.

I have cast my shadows over every field of human endeavor.

Pedestrians and auto drivers, housewives, and laborers and executives are numbered among my victims.

I do most of my work silently.

I bring sickness, poverty, broken bodies and deaths, yet people do not shun me.

I am your constant and your worst enemy.

I am CARELESSNESS!

## Ohio State Field Tournament

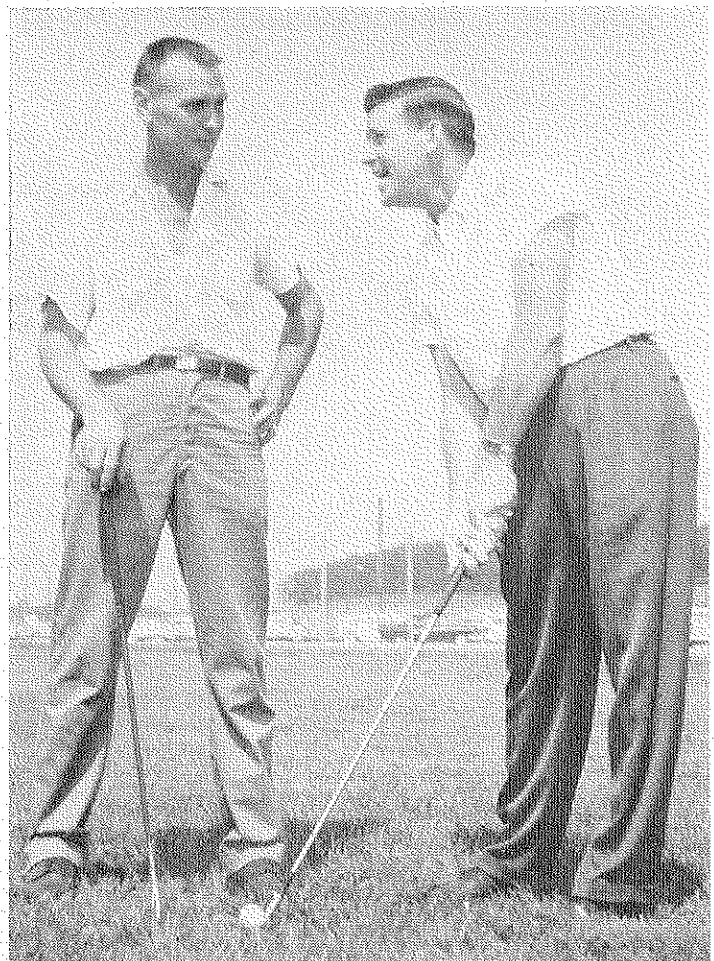

Four-hundred and seven archers participated in the Ohio State Field Archery Tournament held at Bucyrus, Ohio on September 5 and 6. Included among the participants were four GAT employees . . . Jack Horte, utilities maintenance; Bob Shepherd, plant engineering; Bill Pinkerton, process area 5; and Jim Surack, process engineering.

Bob Shepherd placed fifteenth in the instinctive division (bare bow). Jim Surack placed first in the free style division. The free style division permits the use of a bowsight, and is the class below the championship (400) class. There are four other classes — 325, 250, 175, and 100.

Besides ranking first in his division, Surack won a National Field Archery Association "20 pin" for shooting a perfect score on a 65 yard target. Shepherd won two pins for shooting perfect scores on 35 and 40 yard targets.

## Banquet Of Champions Set For Lake White Club Oct. 27

The annual Banquet of Champions honoring winners of the various athletic and recreational leagues in GAT's employee activity program has been scheduled for October 27, at the Lake White Club.

GOLF CHAMPIONS OF THE CHILICOTHE WINGFOOT LEAGUE. Jim Sellars (left) and Harry Reed (right) edged the team of Bernie Haas and Bill Underwood by one-half point to take first place in the Wingfoot Golf League. The League played a 14-week schedule. Sellars and Reed finished with 61 points. Haas and Underwood marked up 60½ points.
